Crowded House Hears Defence Debate

GOVERNMENT JUSTIFIES ITS POLICY

No Safe Alternative

REPLY TO LABOUR AND LIBERAL MEMBERS' CRITICISMS

Faced with the withdrawal from the League of Nations of Germany and Japan, Britain had no alternative but to revise her own ideas on armaments.

This was the gist of the Government's reply to the Labour and Liberal defence motion which was debated in a crowded House of Commons on Monday afternoon.

Mr. Baldwin compared Britain's armaments with those of other nations in order to show that the increased expenditure contemplated by Government was more than justified.

Following a Peace Service in a nearby Church a crowd of people proceeded to the House of Commons with a view to influencing Members of Parliament against the enhanced defence programme.

A Peace Demonstration

(SPECIAL SERVICE'S REPORT.)

London, March 11.

The debate on defence armaments of the recently revised White Paper took place in the House of Commons this afternoon.

Both Labour and Liberal Members expressed their disapproval in the debate. Mr. Baldwin responded to their criticisms.

In addition to the debate, a mass meeting was held in the House of Commons to protest against the increased expenditure on armaments.

Mr. Baldwin's speech was the main feature of the debate.

He stated that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

distances. Status was at the root of the matter and we must be mindful of that fact in the discussions ahead.

Continuing the debate, Mr. Herbert Morrison (Labour) declared that Government was starting another armament competition to which there would be no limit but he hoped to win. He said that the Government was not prepared to accept any proposal for a general disarmament conference.

Mr. Morrison also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

THE BUDGET OUTLOOK

Revenue Prospects Good

Estimates Expected to be Realised

£45,000,000 REMAINS FOR COLLECTION

(SPECIAL SERVICE'S REPORT.) London, March 12

The Budget outlook is very good, but we need a revenue estimate which will be realistic.

Mr. Baldwin stated that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

He also stated that the Government was not prepared to accept any proposal for a general disarmament conference.

He concluded by stating that the Government's policy was to maintain a balance between the cost of armaments and the cost of social services.

BRITISH RAILWAYS

Passenger Traffic Increases

(SPECIAL SERVICE'S REPORT.) London, March 12

Passenger traffic on British railways has increased during the first three months of the year.

The increase was due to a combination of factors, including the opening of new lines and the improvement of existing services.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

The increase was particularly marked in the case of long-distance services.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

WORTH STAR LINE

An Incredible State of Affairs

(SPECIAL SERVICE'S REPORT.) London, March 12

The Worth Star Line has reported a state of affairs which is truly incredible.

The company has reported a loss of £100,000 for the first three months of the year.

This is due to a combination of factors, including the opening of new lines and the improvement of existing services.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

UNEMPLOYMENT

Improved Position in February

(SPECIAL SERVICE'S REPORT.) London, March 12

The unemployment situation in Great Britain has improved in February.

The number of unemployed persons has decreased by 100,000 since January.

This is due to a combination of factors, including the opening of new lines and the improvement of existing services.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

PRIVATE MANUFACTURE OF ARMS

Preliminary Meeting of Commission

(SPECIAL SERVICE'S REPORT.) London, March 12

A preliminary meeting of the Commission on the Private Manufacture of Arms has been held.

The meeting was attended by representatives of the Government and the industry.

The Commission will report to the Government in a few weeks.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

THE JUBILEE FUND

Duke of Gloucester Supports Scheme

(SPECIAL SERVICE'S REPORT.) London, March 12

The Duke of Gloucester has expressed his support for the Jubilee Fund.

The Duke stated that the fund was a noble and patriotic scheme.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

FIRST B.B.C. ORCHESTRA

The R.F.C. Orchestra

(SPECIAL SERVICE'S REPORT.) London, March 12

The R.F.C. Orchestra has given a concert at the R.F.C. Club.

The concert was a success and the orchestra was well received.

The Prince's Appeal

(SPECIAL SERVICE'S REPORT.) London, March 12

The Prince of Wales has issued an appeal for funds to support the Jubilee Fund.

The Prince stated that the fund was a noble and patriotic scheme.

The total passenger traffic for the first three months of the year was 1,200 million passenger miles.

This represents an increase of 10 per cent on the same period of the previous year.

REVOLUTION IN GREECE QUELLED

SWEEEPING VICTORIES FOR GOVERNMENT

Insurgents Retreating

REBEL GENERAL AND OFFICERS FLEE THE COUNTRY

The Greek Government forces have succeeded in capturing most of the rebel strongholds, almost without opposition, and it is stated that the revolution is virtually over. Over 2,000 insurgents have been captured.

General Kanellos, the leader of the rebellion, with 17 of his officers has fled into Bulgaria. The rebel emissaries "Helli" and "Avroff" have also surrendered.

M. Venizelos a Fugitive

(FROM OUR ATHENS ASSOCIATE.)

Alexandria, March 7. The first definite news received from Cairo shows the Greek rebellion started was brought to the Imperial Airways by the Imperial Airways' special permission from M. Venizelos to leave the island.

The Captain of the "Imperia" declared that the whole population of Crete sympathized with Venizelos and they are confident of victory. If the British and French intend to precipitate Crete against the island, M. Venizelos will appeal to the League of Nations which he would undoubtedly see far ahead of the death of two million of the entire "Avroff" who were killed by a bomb dropped from the "Imperia" which was sent to the "Avroff" brought down by the Government bombers.

More Islands Occupied

Athens, March 7. Rebel forces have occupied the islands of Chios and Samos. It is believed here that Turkey and Bulgaria have strengthened their frontier guards to prevent any further attempts at landing operations, but some Crete is still being attempted and it will be arrested and held.

All former wishing to leave Greece have to obtain a permit from the Health Officer. The Government has ordered that the lights of all lightships on the Greek coast be extinguished.

British Frigate

Malta, March 7. The British frigate "Plover" arrived at this island of Mytilene today and a pilot of troops completed the capture of the island.

British Frigate

Malta, March 7. The British frigate "Plover" arrived at this island of Mytilene today and a pilot of troops completed the capture of the island.

British Frigate

Malta, March 7. The British frigate "Plover" arrived at this island of Mytilene today and a pilot of troops completed the capture of the island.

In a statement he admitted that the point on the Greco-Bulgarian frontier are being strengthened but the demand is upon the Greek side. The relations of arms issued on Bulgaria by the Press Treaty presented him some ground from thinking of evading the solemn declaration that they would not seek any peace with the rebels who were not engaged in another country.

A Report Denied

Paris, March 7. The Greek legation denies that the Greek legation has been evacuated from Athens.

Air Attacks

Sofia, March 7. The Greek Government forces are reported to have succeeded in capturing most of the rebel strongholds, almost without opposition, and it is stated that the revolution is virtually over.

Government Forces are Reported to have Succeeded in Capturing Most of the Rebel Strongholds

Insurgents have been captured. General Kanellos, the leader of the rebellion, with 17 of his officers has fled into Bulgaria. The rebel emissaries "Helli" and "Avroff" have also surrendered.

M. Venizelos a Fugitive

Alexandria, March 7. The first definite news received from Cairo shows the Greek rebellion started was brought to the Imperial Airways by the Imperial Airways' special permission from M. Venizelos to leave the island.

Public Thanksgiving

The Mayor of Cairo has called a public thanksgiving for the Government's victory and the restoration of order in Greece.

He has said that Germany must have colonies to provide raw materials for her industry.

Irritability

Very often that irritable feeling is due to nothing else but a lack of certain minerals in the body. Start taking KALZANA, the mineral food, for a time.

Prof. C. A. Rossvalle, M.A. London, writes about his experience with KALZANA.

"I was just suffering from a nervous condition, after KALZANA was brought to my notice. I started taking KALZANA without delay and the results are before my eyes."

The Clove Industry of Zanzibar

CRITICISM OF THE GROWERS' ASSOCIATION

Question in Parliament

SECRETARY OF STATE NOT TO RECONSIDER THE POSITION

The Secretary of State for the Colonies has no intention of reconsidering the legislation which provided for the formation of the Clove Growers' Association of Zanzibar.

The situation was, however, being carefully watched, particularly in regard to the competition on the clove market by Madagascar.

Competition by Madagascar

Madagascar, the volume of exports from Madagascar was being closely watched by the Zanzibar Government after thoroughly reviewing Madagascar trade on the spot.

Discovery in House in North London

KEY FOUND WHICH FITTED STRONG ROOM

London, March 9

Three boxes of gold valued at £24,000 were stolen from a safe at Croydon Aerodrome between 10 o'clock last night when the safe was locked and opened at 6 o'clock this morning when it was opened.

Considerable mystery surrounds the theft. Although keys were missing the thief who made the discovery found the keys about the outside car door was locked at 10 o'clock.

London, March 8

Early developments are expected in connection with the theft of gold at Croydon.

Development of Italian Somaliland

IMPRESSIONS OF RECENT VISITOR TO THE COUNTRY

Industry and Enthusiasm

Although Italian Somaliland is adjacent to the Northern Frontier Province, and the Italian Colony, comparatively little is known in this country of the activities of Kenya's Italian neighbours...

The following impressions are compiled from information supplied by a recent visitor to Italian Somaliland and give some idea of the economic progress, social life and potentialities of one of Italy's most important Eastern African Colonies.

Well-Planned Towns

It is noteworthy that the exploitation and development of Italian Somaliland has been carried out with exceptional and characteristic enterprise under the Fascist régime...

An Island Town

From Mogadishu a motor bus, single line railway runs up to Villaggio Duca Abuzzi, some 220 kilometres (137 miles) approximately inland.

Farming Community

Another big settled area is centred some eleven miles from the port of Merka, in the Gensale district. Here a settlement of about one hundred and fifty Italian farmers are developing the country's resources.

Development of Italian Somaliland

IMPRESSIONS OF RECENT VISITOR TO THE COUNTRY

Industry and Enthusiasm

There is no deep water quay at the port and, owing to the heavy sea and the strong swell the construction of one would be a hazardous and expensive undertaking.

The following impressions are compiled from information supplied by a recent visitor to Italian Somaliland and give some idea of the economic progress, social life and potentialities of one of Italy's most important Eastern African Colonies.

Well-Planned Towns

It is noteworthy that the exploitation and development of Italian Somaliland has been carried out with exceptional and characteristic enterprise under the Fascist régime...

From Mogadishu a motor bus, single line railway runs up to Villaggio Duca Abuzzi, some 220 kilometres (137 miles) approximately inland.

Farming Community

Another big settled area is centred some eleven miles from the port of Merka, in the Gensale district. Here a settlement of about one hundred and fifty Italian farmers are developing the country's resources.

The Italian farmers live in the Continental fashion and have brought as much of their own consumer goods as possible with them. Their customary diet and routine of meals, for instance, is adhered to closely and it has been found, in the hot areas, that light early morning meals are more beneficial than the typical heavy and egg-saturated breakfast of the British Merka, which is mainly Arab in character.

With regard to Kismayu, which was explored by the capital of the territory, there has been little appreciable change since the country was ceded to Britain in 1912. The administrative and strategic position of this coast town was not much affected by the development into a place of the first importance of the territory, the port of Merka, in the Gensale district.

Another big settled area is centred some eleven miles from the port of Merka, in the Gensale district. Here a settlement of about one hundred and fifty Italian farmers are developing the country's resources.

ENCOUNTER IN A GULLY

Nyhalwa's Story of Nyhalwa Shooting

Did Not Lose His Head

CONFIDENT THAT HE WAS GOING TO BE ATTACKED

ing wounded in the gully. He had the impression that he was the only man to have been shot. He had heard the bullets whizzing round the man in the gully. He had heard the man shouting and crying. He had heard the man shouting and crying. He had heard the man shouting and crying.

STANDARD SPECIAL CORRESPONDENT'S

The hearing of the charge of murder against the young Zulu was held at the Nyhalwa station. The witness, Nyhalwa, was examined by the attorney general. He gave a detailed account of the events leading to the shooting.

was a very serious matter. It was a matter of life and death. The witness, Nyhalwa, was a young Zulu who had been accused of the murder of a white man. He was a brave and intelligent man, and his story was a very interesting one.

Nyhalwa's Story

The only witness for the defense was the accused himself. He had a very good alibi. He was in a different part of the country at the time of the shooting. His story was a very convincing one, and it was clear that he had not been involved in the crime.

The witness, Nyhalwa, was a young Zulu who had been accused of the murder of a white man. He was a brave and intelligent man, and his story was a very interesting one. He had a very good alibi, and it was clear that he had not been involved in the crime.

As the case proceeded in Court

the witness, Nyhalwa, was examined by the attorney general. He gave a detailed account of the events leading to the shooting. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

The witness, Nyhalwa, was a young Zulu who had been accused of the murder of a white man. He was a brave and intelligent man, and his story was a very interesting one. He had a very good alibi, and it was clear that he had not been involved in the crime.

Dumford's Evidence

The witness, Dumford, was examined by the attorney general. He gave a detailed account of the events leading to the shooting. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

The witness, Dumford, was a young Zulu who had been accused of the murder of a white man. He was a brave and intelligent man, and his story was a very interesting one. He had a very good alibi, and it was clear that he had not been involved in the crime.

ber of natives were lying on the ground. They were all dead. He had heard the bullets whizzing round the man in the gully. He had heard the man shouting and crying. He had heard the man shouting and crying.

In the Gully

He followed the Masi Dondo and at first hid his horns under a tree. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

Fired Two Shots

Nyhalwa said he drew his revolver and was fired upon. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

The accused said he fired

the shot which killed the white man. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

The Wrong Revolver

Nyhalwa said that he had used a revolver which was not the one which had been used to kill the white man. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

that the natives were Masi Dondo because one was carrying bow and arrow which Nyhalwa did not carry. He admitted seeing the natives in the gully at the time of the shooting. He was a very brave and intelligent man, and his story was a very convincing one.

Crown Contention

The Attorney General waived his right of reply and opened his defence. He said that if the jury believed the story of the accused, they should find him not guilty. He was a very brave and intelligent man, and his story was a very convincing one.

No Time to Decide

He replied to the Attorney General by saying that he had no time to decide. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

Mr. Hastings paid a tribute

to the Masi Dondo natives in regard to their brave and intelligent conduct. He was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

Mr. Swain

was a very brave and intelligent man, and his story was a very convincing one. It was clear that he had not been involved in the crime.

Lady Young's Own Story of Her Adventure

A FORCED LANDING IN WILD COUNTRY

Trek of Ninety Miles

SHIPWRECK TO COMPASS CAUSES MACHINE TO FLY IN WRONG DIRECTION

A mishap to the compass was the cause of the aeroplane, in which Lady Young and Dr. F. R. Kerby were travelling, taking a wrong course, resulting in a forced landing in a desolate part of the wild bush of Southern Rhodesia.

After leaving Livingstone with the intention of flying northwards to Lusaka, the machine drifted back over the Zambezi, which, in poor visibility, the occupants thought was the Kafue River, and eventually landed in a native cornfield, some ninety miles from Gokwe in Southern Rhodesia.

Safe Arrival at Lusaka

The full story of a flight which took place in a motor plane in the wildland parts of Southern Rhodesia, and of an arduous trek of 90 miles that followed, was told in an article in the Standard on the afternoon of Friday, March 5, in an advertisement of the Government, "Star" by Lady Young, wife of the Governor, who was on the flight.

Mislay to Kompas

On February 26 Lady Young and Dr. Kerby left Livingstone for Lusaka, but as the result of a mishap to the compass they found themselves over strange country and suddenly realised that instead of crossing the Kafue River they had drifted over the Zambezi into Southern Rhodesia.

Long March

Lady Young's words were only too aptly described. It was a very long and arduous trek, and it was clear that the women and children were in a very dangerous position. It was clear that they had not been involved in the crime.

Arriving at Gokwe

The morning through which they were on their way to Lusaka was a very hard one, and it was clear that they had not been involved in the crime.

Parliament Opened by Governor. Indian Woman Dies from Injuries. Railway accident occurred in Natal on Friday last week, resulting in the death of an Indian woman named Nihal Koor, wife of Lal Singh, a railway employee. It appears that the unfortunate woman was about to cross the railway line from the ladies' carriage in the direction of her own home when she slipped in the mud and fell across the line in front of a shunting engine which was propelling fuel trucks. It was impossible for the engine to pull up in time and it passed over the woman, severing both her legs and carrying her some distance along the track. She was still conscious when discovered but died in hospital a short time afterwards.

For a few minutes and then drove to the aerodrome, where a Westland Woodcock piloted by Captain Thorneby took off from Gokwe shortly before 4 p.m. and in the sky where Lady Young's plane had had a forced landing, seven days before they arrived at Lusaka at 4.5 p.m. and were welcomed by the Governor, Sir Herbert Young.

Lady Young's arduous experience, as it unfolded, will be disseminated and transported in sections, to Kwe Qu.

FREE Picture Stamps IN ALL THESE PACKINGS OF CABBYRY'S CHOCOLATE. After a while we came across an open space, but we were in a very dangerous position. It was clear that they had not been involved in the crime.

PORT TRAGEDY AT ZANZIBAR

of unworkability which could reasonably be presumed to have been caused by the boiler. With a doubt to the contrary, especially if it should be found that the pressure had been allowed to rise to 20 lb by the orders of Ahmed No. 1, then labourers would not have been allowed to get on the boat... The boiler was not in a satisfactory condition when it was started on a charge of steam.

BARODA FOSSIL A HOAX

Scientist Explodes a Theory What are Pygmies? Certainly Not Ancestral to Modern Man. [STANDARD'S CORRESPONDENT.] London, Feb. 19. (By Air Mail.) AN announcement made on the morning of Thursday, March 19, by the London Anthropological Institute, caused a sensation in this State when it was announced that the fossil remains of a pygmy race, which had been found in the vicinity of Baroda in the course of an expedition to the Deccan in 1913, had been found to be a hoax.

Incident Evidence

"It is very clear from the evidence that the evidence offered by the witness is not sufficient to convict Ahmed No. 2 for trial. And it appears to me that it is not possible to find any one guilty of the offence of which he was charged... The witness's evidence is not sufficient to convict Ahmed No. 2 for trial. And it appears to me that it is not possible to find any one guilty of the offence of which he was charged."

CHelsea BRIDGE

New Structure to Cost £311,000

[STANDARD'S CORRESPONDENT.] London, March 2. THE BRITISH STEEL works have announced that they are to build a new bridge over the Chelsea River, which will cost £311,000. The new bridge will be a cantilever bridge, and will be built in steel.

NAIVASHA POLO TOURNAMENT

To be Held on April 5, 6 & 7

Senior and Junior Trophies

Gynkhana Meeting on Sunday Afternoon

Naivasha Polo Club are organizing a polo tournament and gynkhana for April 5, 6 and 7. Two events will be played for the Hill Valley (senior competition) and the Naivasha Challenge (junior). The former is an open event, and the latter confined to teams of handicaps of eight and under. The gynkhana meeting will take place on the Sunday afternoon, and will consist of a polo match, and a gynkhana which will be a pony scurry. The same arena reported from Nairobi, while Naivasha are to enter one side for the open gynkhana and three for the junior event. Nairobi is expected to be strongly represented at the meeting.

On Saturday evening the Polo Club's dinner will take place in the ball room.

Scottish Second Division

St. Bernard Losing Ground

"Volunteers" Heading Strongly for Promotion

St. Bernard have gone down very heavily losing their chance of promotion to the senior division.

Both goal-keepers in the United Glasgow v. Rangers match on Tuesday evening were rather weak. Each committed goals which should never have been.

The Dundee success at Mansfield opened last weekend when the team won by the former.

In their one innings the Young Indians scored 38, only two players reaching double figures. E. B. Short (19), and Madhwaraj (21).

The Young Indians website were headed by Mr. D. Khimji (6 for 20), and H. S. Dandi (4 for 15).

The Aga Khan School scored 218 for 5 wickets down, the top scorer being M. Khimji with 114 and H. S. Dandi is the vice-captain of the school.

Major S. A. Rice, the former Kenya County cricketer, has died at the age of 50. He had a brilliant but brief cricket career.

He played for Indian College as a right batsman and right-hand batsman in the first appearance in the county. He was a right-hand batsman in the county. He was a right-hand batsman in the county.

Jack Hobbs, the famous England and Surrey cricketer, considers that the late Major Rice was one of the finest batsmen he had ever seen.

Sporting Brevities

Wisconsin Back! R. J. Milligan, the well-known Parklands cricketer, and Muthaiga Highley player has just returned from leave. He returned on for Parklands in their semi-final Craig Cup Hockey match on Tuesday evening.

North Kavirondo walked away with their Remington Cup match against Kilim on Tuesday evening. The former won by eight goals to nil.

In the other match between Muthaiga and Kilim, the latter won by three goals to two, after a goal by Muthaiga.

Muthaiga scored a goal which was disallowed on account of "banche".

Muthaiga scored a great deal for their defense. Their backs were very steady, particularly the right back, who time and again cleared awkward situations.

The Tanga Club the left half and outside left both performed very well, and gave a good display of combined play.

Miss Betty Blake, the Parklands hockey team player has returned from leave.

The Native Stadium The Native Stadium today is looking in its best light. There is a football ground in such wonderful condition, and the result is due to Mr. D. W. Young, the superintendent of the Native Stadium, who has taken a great deal of care over it.

The Central Kavirondo team can be considered as very probable winners of the Remington Cup. The display against North Kavirondo was one of the best seen in Nairobi for some time.

This "Body-Line" Bowling Bother

NEW ONUS PLACED UPON THE UMPIRES

Question of "Direct Attack"

PROVISIONAL INSTRUCTIONS TO OFFICIALS FOR 1935 SEASON

[REPRODUCED FROM THE "STANDARD" CRICKET SECTION.]

London, March 15. The question of "body-line bowling" is likely to prove a very contentious one during the coming season in England. Definite and binding instructions have been laid out, and your powers have been very considerably strengthened and increased. In the past, the "body-line" rule has brought some moans in its train, but now the umpires are being supplied with very many "tools" on their shouder. Admittedly, the new instruction is such that there is little give and take, but it is one that will not be lightly on the shoulders of the men who are there to decide contentious points.

Under 2 of the M.C.C.'s new instructions to umpires for season 1935, regarding "direct attack bowling" on the instant says: "If the umpire at the bowler's end thinks this type of bowling takes place, he shall adopt the following procedure:— (A). As soon as he decides that such bowling is becoming persistent he shall notify the batsman by a signal, and that the bowler.

(B). If the caution proves ineffective he shall inform the batsman by a signal, and the case of the umpire shall be considered. (C). Should either of these two

instructions prove ineffective, the umpire shall (1) after the first repetition call "dead-ball" over, which over shall then be regarded as completed;— (2) Report the bowler to the batsman by a signal, and the offending bowler shall be taken off the field forthwith; (3) shall report the occurrence to the captain of the batting side at the first interval during play; (4) That at the end of the day he shall make a report to the M.C.C., and the offending bowler's club; (5) The bowler will be immediately taken off, and shall not be allowed to bowl again during the remainder of that innings."

This clarity of the situation with regard to the duties and responsibilities of umpires may be said to follow upon a recent meeting of the Advisory Group Cricket Committee, who passed a resolution which was later confirmed by the M.C.C. Committee, that in view of the increased responsibility placed upon umpires, the M.C.C. Committee be asked to appoint a sub-committee of appeal to adjudicate on such adverse reports which have been submitted, and that their decision shall be final.

"No umpire to be suspended unless and until the adverse reports are confirmed by the board of appeal except in the case of a serious offence."

Muthaiga Win Semi-Final Encounter

Parklands beaten by 3 goals to 1

Parklands and Muthaiga met on the Ballway Ground on Tuesday afternoon in the semi-final of the Craig Cup hockey competition. The match resulted in a win for Muthaiga by 3 goals to 1.

There was a slight alteration in the Parklands team, Milligan, newly returned from leave, took Kennedy playing right half and Shide going to full back.

The game was very snappy at the beginning until Kelley took control and showing fine speed and ball control was the outstanding forward for Muthaiga line. Frequent Muthaiga goals were checked by Shirley in goal.

The first goal for Muthaiga was hit by Kelley with Fisher steering it in. Reagin came to the fore with a quick dash down the wing taking the ball in and shooting for Muthaiga. The third goal was scored by Kelley from a short corner. He stopped and shot the goal over the goalkeeper's head.

Parkland's goal was scored by Shide, who stopped the ball from a corner and shot before the Muthaiga team had time to gather themselves and clear.

Two players had the unfortunate to be sent on the bench when they bumped into one another. Shide and Reagin had to be sent off. Shirley was forced to retire.

Muthaiga—D. Tate; G. Hanney and F. Reagin; J. Block, I. B. Fisher and A. Noon; E. Fletcher, Reagin, B. Cooper and Kelley J. Fisher.

Parklands—Shirley, Shide, and Cooper; Kennedy, Glyde, Wilkin, Milligan, Rose-Murray, Colman, Chalmers and Wood. Umpires—Messrs. Boddy and Holden.

Mr. Clatterbuck's brilliant filly Bessie carries 35 stone to victory in the Scott's Nursery Handicap.

Mr. E. E. Water's Brandy following Mr. Jones by a neck in the Third Division Handicap.

Mr. S. A. Jones' Purple Sun leading by a neck in the March Handicap.

Nairobi March Race Meeting

WEATHER CONDITIONS KEEP CROWD AWAY

Mackrory's Four Winners

CLOSE FINISHES MARK SEVERAL OF THE RACES

Overcast conditions at Nairobi on Saturday did much to keep the attendance down. The going was soft, but not so heavy as might have been expected, although the course cut up badly towards the end of the afternoon. There were several really close finishes...

The favourites were well beaten in the Fourth Division Handicap, after leading up till a couple of furlongs from home...

E.A. PRODUCE IN LONDON. Greater Activity in Sisal. Coffee Steady. Moderate Business in Cotton.

The London market for Sisal is steady, and is generally good for better lots. The sisal market is steady, and is generally good for better lots. The sisal market is steady, and is generally good for better lots.

General. The future of the wool has been the marked weakness of sterling on the foreign exchanges and the consequent rise in the sterling price of gold. This fall in the value of sterling has caused a considerable increase in the price of foreign funds which were sent to London in very large amounts in 1932 and 1933 and so the market appears to be due to a variety of causes. The majority of the proceeds is shown by the sterling price of gold during the week which was, as follows: February 25, 145/10; February 26, 144/10; February 27, 144/10; March 1, 145/10; March 2, 146/10; March 4, 148/10. The total gold sent to March 4 at 147/10 compared with 141/0 a week ago.

Coffee. The market for coffee is steady, but anything which would cause a fall in the price of coffee would be likely to be followed by a rise in the price of coffee. The market for coffee is steady, but anything which would cause a fall in the price of coffee would be likely to be followed by a rise in the price of coffee.

Cotton. The market for cotton is steady, but anything which would cause a fall in the price of cotton would be likely to be followed by a rise in the price of cotton. The market for cotton is steady, but anything which would cause a fall in the price of cotton would be likely to be followed by a rise in the price of cotton.

The Berlin Visit. British Ministers to Start on March 25. [Previous news's account.] Sir John Simon and Mr. Anthony Eden will visit their respective visits to Berlin, Germany, on March 25 and 26 for the purpose of conferring with Herr Hitler and Mr. Brüning.

Points for Discussion. [at Warsaw]. The conversation which Sir John Simon and Mr. Anthony Eden will have with Herr Hitler and Mr. Brüning in Berlin on March 25 and 26 will be on the subject of the German situation.

Plant Wisely!

THE COCKSHUTT No. 8 GRAIN DRILL, is 10 ft. wide and therefore makes it possible to plant large areas rapidly at the correct time. The machine is exceptionally strong & runs on Hyatt Roller Bearings making it light in draught. Feed is Positive. We can also supply Cockshutt Grain Drill 7 ft. 7 ins. wide fitted with FERTILISER HOPPER.

THE COCKSHUTT FERTILISER DISTRIBUTOR will sow from 90 lbs. per acre upwards. It has a distributing width of 8 feet. Feed is positive and will handle damp fertiliser without clogging. Distribution is made close to the ground ensuring even distribution and no waste.

THE COCKSHUTT PREMIER MAIZE PLANTER. An even stand is made certain by using a Cockshutt Maize Planter. No misses in the field to reduce yield.

The plates are convex forcing all seed down to the planting edge. The best machine for using at high speed behind tractors as well as at low speed behind oxen.

Very strongly constructed on a steel frame.

GERMANY STARTLES EUROPE CONSCRIPTION IN GERMAN ARMY

(Continued from page 4.)

Herr Hitler's Latest Bombshell

CONSCRIPTION RE-INTRODUCED FOR ARMY

Thirty-six New Divisions

FLAGRANT BREACH OF THE TREATY OF VERSAILLES

The most sensational news of the week-end is Germany's official announcement of her intention to re-introduce conscription.

Herr Hitler in a proclamation justifies this grave breach of the Treaty of Versailles on the ground of the alleged failure of other Powers to carry out disarmament as laid down by the Treaty. He proposes to create a peace army of 12 Army corps.

Britain was taken completely by surprise and a serious view is taken of the announcement. It is pointed out that Germany has not only ridden through the Treaty of Versailles, but has materially departed from the basic of recent negotiations.

In the course of a note addressed to the German Government the Great Britain protest against the announcement of the adoption of conscription through the Reich and the increase in the peace strength of the German Army.

The note points out that following the recent inauguration of a German Air Force, this further accentuates the German intention to increase armaments in Europe. Britain also desires to be informed whether Germany wished the visit to Berlin of Sir John Simon and Mr. Anthony Eden to take place.

The Germans reply was conciliatory and emphasized that it was their desire that the negotiations should be held within the scope and for the purposes previously arranged.

Protest by Other Powers

[FRANCE'S ANSWER.] Paris, March 25.—The French Government has received the German proposal for the re-introduction of conscription for the German Army. The French Government has decided to re-introduce conscription for the French Army. The French Government has decided to re-introduce conscription for the French Army.

General Criticism

Dr. Goebbels told Reuter's representative that the declaration of general conscription would apply to the entire German force, including the Army, Navy and Air Force. He added that men could be drafted for service in the Navy and Air Force as well.

Origin of the War

The proclamation reads that Dr. Goebbels stated that Germany was not a nation that had been recovering from the ravages of the war. He added that Germany was not a nation that had been recovering from the ravages of the war.

THE FRENCH ARMY Period of Service to be Increased

Paris, March 25.—The Government announced in a statement that the period of military service would be increased.

increased from 18 to 24 months. The Government announced in a statement that the period of military service would be increased.

better situation has been clarified. The German Government has announced that it will re-introduce conscription for the German Army.

Protest Impetive

There is reason to believe that there is some official opinion in favour of bringing Germany's military situation before the League of Nations. It is pointed out that the League of Nations has a duty to see that the Treaty of Versailles is not violated.

GERMANY'S WAR DEAD Memorial Ceremony in Berlin

Berlin, March 25.—During the early morning of the day that will mark the first anniversary of the outbreak of the war, a memorial service will be held in Berlin.

Karachi March 19
Twenty people were killed and many were injured today as a result of the police firing on a turbulent Moslem crowd following the execution in the post office of Abdul Kader, a Moslem for murdering a Hindu who it is alleged wrote an article which was about the Prophet Mahomet.

The British troops saved the city from a terrible catastrophe— a general outbreak of rioting. Although the city is now out of danger, the police are still engaged in a strenuous task to prevent the rioting from breaking out again.

The fire was strictly confined and less than fifty results were caused by the explosion. The Duke and Duchess of Kent concluded their stay in Jamaica yesterday.

NONPAYERS' APPEAL FAILS

Absence of Essential Document

IMPORTANT RULING

An important principle, directly affecting the operations of the courts, is contained in the judgment given during the recent session in Nairobi of the Supreme Appeal Bench (Africa) by His Honour the Chief Justice, Sir James Douglas Smith, and Mr. Justice Wilson. The appeal was lodged by Mr. Justice Wilson and was against a judgment given by Mr. Justice Wilson in the Supreme Court, where they lost an action for the recovery of a certain sum of money from the borrower.

The appeal was lodged by Mr. Justice Wilson and was against a judgment given by Mr. Justice Wilson in the Supreme Court, where they lost an action for the recovery of a certain sum of money from the borrower.

The appeal was lodged by Mr. Justice Wilson and was against a judgment given by Mr. Justice Wilson in the Supreme Court, where they lost an action for the recovery of a certain sum of money from the borrower.

A Fatal Defect

"There is no valid memorandum in writing of the contract in the shape of a separate document."

PASSENGERS BY AIR

Imperial and Wilson Airways Lists

A Wilson Airways, D. H. Lothrop, V.P.A. (Pilot), arrived at Nairobi on Monday.

A Clear Intention

"What has to be looked at is the intention of the parties who entered into the contract."

IRISH SOCIETY'S MESSAGE TO THE KING

The Annual Dinner and Dance

BRIGHT SPEECHES

Yesterday last night Mr. Patrick's Eve was the occasion of the 11th annual dinner and dance of the Irish Society, Dublin.

The dinner was held at the Grosvenor Hotel, Dublin.

MR. G. F. SAYERS

Returning to Service in Tanganyika

Information has been received from the Secretary of State to the effect that Mr. F. Sayers, Assistant Chief Secretary, Nyaland, has been appointed for the post of Chief Secretary, Tanganyika Territory.

GLENEHAZEL OUT OF THE RACE

[FRANCIS SMITH'S AGENCY.]

London, March 20. According to the trainer of "Noblesse" it will not run in the Grand National.

"Glenshield" was scratched from the Aintree race this morning at 11.05 a.m.

REMINGTON CUP FOOTBALL

The Question of Medals

To the Sports Editor, "E.A. Standard."

Sir:—The answer to the query raised by "Boats" in your issue of yesterday is very simple.

The donors of the "Remington Trophy" Agency of Nairobi present medals annually to the winning team, and these were the medals received by the Central Kavirio team on Saturday last.

The competition is for National teams and it is the custom for many of the Local Native Councils and Committees responsible for entering such teams to award medals to the chosen players.

Yours etc. D. H. GROWDER, Secretary Arab and African Football Association.

Naandi, March 19, 1922. Mr. Eddie Wenzel, the Canadian member, whose father's name is that of the Prince of Wales in Alberta.

He has only been boxing for a year but already has accumulated in getting into the forefront of his profession. Of his twenty-six fights he has won 19 by way of K.O., three two, and one on points while he has lost four on points.

Handicap game... Handicap game... He played display against Schabinger in the world's stamming contest to find his challenger for the heavyweight title.

No fight in the history of German boxing has attracted such national wide interest as that at Hamburg, Tuesday, the thousand people are the contest.

When the referee stopped the fight the American was out on his feet, but he fought gamely, and while the crowd cheered for the victor the lioness was not forgotten.

For the whole of the day of the fight the streets of Hamburg were thronged with people, and among them it was the fight was the Crown Prince of Germany.

Lincoln Col. E. O. Eaton has been elected chairman of the Trustees of the "Carnegie Library" which contains his public subscription to the British Empire. The honor was conferred on him by the Hon. J. C. Eaton, Lord Kinross and Major F. P. Eaton.

RECIPES

THE VARIOUS USES OF ANCHOVIES

THE woman who keeps in her store cupboard a half, or two, of anchovies has an end the whole of her family. They are easy to prepare and simple to serve, and their health may be indicated in the liver-ovary course, of fish, in place of a stew for those who suffer from nervousness, or a special type of lettuce in order that the fish may be used in a variety of ways.

For a simple recipe, parboiled in the same pan, make a good gravy. With a little olive oil, and a dash of lemon juice, it is a most delicious and healthy dish.

Another simple, a variation of the above, is made from anchovies, with a little olive oil, and a dash of lemon juice, it is a most delicious and healthy dish.

THE DRY SEASON FEEDING OF DAIRY COWS

Maintaining Butter Fat Yields

A VARIETY OF SUITABLE FEEDER CROPS

THE CRIME OF GRASS BURNING

Mr. Colin Maher, B.A., A.I.C.T.A., the Agricultural Officer, Kitale, has kindly forwarded the following report of the lecture which he delivered at the Farmers' Day held at Kitale on February 19th.

In the Agricultural Section of March 2nd we ventured to criticise Mr. Maher's lecture on the grounds that it was scarcely equitable to feed native cows in so profuse a manner, and that the lecture apparently referred solely to the feeding of native cows. We added that Mr. Maher had advanced no policy whereby farmers in the Trans-Nzoia could eventually breed more profitable

Mr. Maher's lecture on the grounds that it was scarcely equitable to feed native cows in so profuse a manner, and that the lecture apparently referred solely to the feeding of native cows. We added that Mr. Maher had advanced no policy whereby farmers in the Trans-Nzoia could eventually breed more profitable

What is it evident that there was little force in our criticism in so far as Mr. Maher is personally concerned, we maintain that it is most advisable that greater attention be paid to the practical problems presented by the development of the dairy industry in a great farming district.

The fall off in butter fat yield during the dry season from levels of 20 to 25 per cent to 10 to 15 per cent is a matter of concern to all those engaged in the dairy industry.

Looking After Grazing The grazing is looked after in one of two ways, either by pasturing or by mowing the grass and feeding it to the cows.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

It is essential whether it be mowed or grazed that the grass should be of a high quality and that the cows should be of a high quality.

THE STRATHMORE AYRSHIRES—FOR PROFIT.

Strathmore Ayrshire is made early, it is very palatable and it is a great help for the farmer. This milk should be made every day for the best of the cow. The milk is of a high quality and is very profitable for the farmer.

Strathmore Cherry, produced during January 1933, 1,500 1/2 milk. Young pedigree bulls out of record cows, always for sale. INSPECTION CORDIALLY INVITED. H. St. J. B. AYRE, Strathmore, Limuru.

Karriara Omsky De Kol Fries, has recently arrived from America, and bull calves from the grand young bull will be available in due course. Visitors to Karriara, welcomed by appointment, are preferably Apply to—

East Africa Gold Mining

NEW REGULATIONS FOR A LETTER FROM London

Amended Method of Marking Claims

PEGGING COMPLAINTS

PROTECTION NOTICES AND EXPIRED CLAIMS

NEW Mining Regulations have been passed which will require careful study by those on the Goldfields.

It is noted that the new Regulations are aimed at the Mining Claims Regulations 1952 and are intended as a supplement to the Official Gazette.

Protection Notices. The new clause relating to protection notices reads: '3. The holder of a Prospecting Right may in any area open to prospecting, himself or by an agent, cause to be called a Protection Notice Book.'

It is noted that the new Regulations are aimed at the Mining Claims Regulations 1952 and are intended as a supplement to the Official Gazette.

The putting of such notices on the Goldfields is the evidence of any prospecting within an area of 200 acres marked hereinafter as a 'protection notice area'.

The 'Financial Weekly' refers also to Kenya shares. It says that the mining companies are being hit by the present market.

Development Certificate. Previously every application for removal of locations had to be accompanied by a Certificate of Development.

The 'Financial Weekly' refers also to Kenya shares. It says that the mining companies are being hit by the present market.

It will be seen that the word 'Notice' has been inserted which makes it clear that a 'Notice' is to be issued.

The 'Financial Weekly' refers also to Kenya shares. It says that the mining companies are being hit by the present market.
