Italian Aeroplanes For Spanish Rebels?

FORCED LANDING CAUSES TRAGEDY & REVEALS ARMS

French Uneasiness LEST SPAIN'S TROUBLES SHOULD HAVE FURTHER REPERCUSSIONS.

Three Italian aeroplanes have made forced landings in French territory in North Africa. One crashed and two of the three occupants were killed. There were five machine guns in the plane.

The aeroplanes were accompanied by three others and all were bound for a place in Morocco held by Spanish forces.

There is uneasiness in France at the continued reports that Italy and Germany are supplying arms to the Rebels.

Greater Confidence in Madrid

One of the crises of the third machine stated that they were on their way to Madrid, south of Melilla, Spanish Morocco, which is held by the Insurgents.

There was no talk of the Insurgents' number on the machine.

French Details

Reports of alleged deliveries of French arms to the Rebels were denied by the British Government.

CHEAPER PETROL THIS MONTH

Reduction in Force on August 15

Although the recently announced reduction in the railway rate on petrol taken effect today motorists will not enjoy any benefits from the reduction until Saturday, August 15, when wholesale and retail prices will be brought down at all points affected by the railway rate reduction.

In Nairobi it is expected, motorists will be able to buy their petrol from the retailers at ten cents per gallon cheaper.

At certain centres further up the line, where a huge advance will be derived from the railway rate reduction, motorists will enjoy more substantial decreases in retail prices than will be the case in Nairobi.

At certain centres further up the line, where a huge advance will be derived from the railway rate reduction, motorists will enjoy more substantial decreases in retail prices than will be the case in Nairobi.

Nairobi-Johannesburg Motor Race

To Be Held in Connexion With the Exhibition

First Prize £250

A local citizen has offered £500 as the nucleus of a prize fund for a spectacular motor road race from Nairobi to the Rand to finish here during the Empire Exhibition.

The event will be purely a race and the first car to complete the 3,000 miles round Africa will be the winner.

The entry will be £20 a car of which £10 will be refunded to all "bona fide" entrants lining up for the start in Nairobi.

Proposed Conditions

The East African Standard brought the proposed conditions of the race, and the various Governments of the countries through which the race will pass are being asked to give their consent.

The race is to be open to any make or model of car. Two competitors are to be allowed to each car, both of whom must be of European descent.

Applications have been made to the Royal Automobile Club of South Africa for the license to promote the race, and the various Governments of the countries through which the race will pass are being asked to give their consent.

DAWN ATTACK ON ADDIS ABABA

From Woods Near the City

Futile Effort

ETHIOPIANS RETIRE WITH HEAVY LOSSES

At Addis Ababa, July 31. An advance attempt on Addis Ababa described as a reconnaissance raid today, during the night of July 28-29, has not resulted in any of the surrounding walled-in suburbs.

Natives, however, helped to repulse the advance, which resulted with heavy losses.

Swedish troops, including a landing force, and a detachment of the Swedish Army, are another prominent force.

Advance of Kenya Education in 1935

COST CUT BUT NUMBER OF PUPILS INCREASED

It is a fact that the Government has spent less on education during the year 1935-36, but under eight per cent of the Colony's population, or under 40,000 below the amount of 1934-35.

From 1,121 pupils in Government European schools, the total cost of whose education was £229,129, per head—seven shilling less than 1934.

Indian schools the number of pupils was 3,173 at a total cost of £25,464 per head—less by Shs. 15s. than 1934.

Arab and African pupils in Government schools numbered 4,879 and were 92,555 Arab and African pupils in other African schools, aided and unaided.

A great need, it is stated, is for more efficient teachers for Africans, and the Director of Education states that African education progress cannot be maintained unless drastic steps are taken.

Problem of Careers for Girls

Government education in Kenya last year was £26,126, per head, but less than 1934. The total expenditure in the 1935 report of the Education Department was £26,126, per head, but less than 1934.

The total cost of Government education in 1935 was £26,126, per head, but less than 1934.

Thrilled Teachers

The number of girls in Government schools in Kenya last year was 14,000, but less than 1934. The total expenditure in the 1935 report of the Education Department was £26,126, per head, but less than 1934.

Native Orphan Schools

The number of pupils in Government European schools in Kenya last year was 1,121, but less than 1934. The total expenditure in the 1935 report of the Education Department was £229,129, per head, but less than 1934.

African Educational Progress

Thirteen institutions for African education in Kenya last year were 13, but less than 1934. The total expenditure in the 1935 report of the Education Department was £26,126, per head, but less than 1934.

N.I.E.D.

The N.I.E.D. was 300 and at the Kenya School there were 54 teachers, but less than 1934. The total expenditure in the 1935 report of the Education Department was £26,126, per head, but less than 1934.

ADVANCE OF KENYA EDUCATION IN 1935

(Continued from page 5).

The employment of ex-pupils, and an endeavour to being made to interest the Chamber of Commerce in the problem. At Nairobi it is reported that Cambridge examination results were disappointing. The new rule which makes English composition compulsory is a big handicap to Indian students. The Government is expected to be devoted to this subject. Examinations remained unchanged at the Coast Secondary School for Arua. The case with which ex-pupils obtained employment. Of the High School, Nairobi. The fact that the educational attainment advanced considerably. The Government is expected to be devoted to this subject. Examinations remained unchanged at the Coast Secondary School for Arua. The case with which ex-pupils obtained employment. Of the High School, Nairobi. The fact that the educational attainment advanced considerably.

Post Secondary

With regard to post-secondary education it is reported that the first European students under the overseas scholarships scheme were appointed in October, and the Rhodes Scholarship for Kenya will be awarded in the month of July. Local arrangements have been made for the training of European students who wish to become teachers.

Teacher Training

With regard to teacher training reference has already been made to the fact that the Government has decided to open a school for the training of Indian pupils. The general standard of African teachers, it is said, is unacceptably low. It is necessary, and the training of teachers should only be undertaken in institutions provided and staffed solely for this purpose. The Government is expected to be devoted to this subject. Examinations remained unchanged at the Coast Secondary School for Arua. The case with which ex-pupils obtained employment. Of the High School, Nairobi. The fact that the educational attainment advanced considerably.

Relations With Missions

Concluding Mr. Morrison states that the activities of the department were both regular and extensive, and that the Government is expected to be devoted to this subject. Examinations remained unchanged at the Coast Secondary School for Arua. The case with which ex-pupils obtained employment. Of the High School, Nairobi. The fact that the educational attainment advanced considerably.

Teens School Aims

There is a lengthy report from the principal of the James School, near the coast, which states that the boys of James' School work is being turned more and more towards the concentrated work in schools and technical communities. It is an endeavour to being made to interest the Chamber of Commerce in the problem. At Nairobi it is reported that Cambridge examination results were disappointing. The new rule which makes English composition compulsory is a big handicap to Indian students. The Government is expected to be devoted to this subject. Examinations remained unchanged at the Coast Secondary School for Arua. The case with which ex-pupils obtained employment. Of the High School, Nairobi. The fact that the educational attainment advanced considerably.

Kenya and Uganda Trade

Substantial increases in the domestic exports from Kenya and Uganda for the first five months of this year as compared with the same period of the previous year. The combined total for this year was 41,210, as compared with 37,671,000 for the year, while the respective amounts for Kenya and Uganda were 21,681,700 and 19,528,300 respectively in the corresponding month of the previous year. During May the 1936 exports of Kenya produce were valued at 231,792, and Uganda produce at 400,007, against 192,165 and 253,558 respectively in the corresponding month of the previous year. In the five months period the chief exportable items were cotton, sisal and soy, maize, wheat, coffee, tea, hides and wool. The total value of exports from Kenya to Uganda for the first five months of this year was 71,650 for the same period.

Kenya's Radio Telephone

Extension of Service Being Considered
I have been making enquiries of the Postmaster General as to how the telephone service from Great Britain to Kenya, which was started on March 7, 1935, was working. Sir Walter Womersley, the Postmaster General, tells me that the traffic on this service is low at present, which of course is only to be expected on a new service of this kind. The Department have recently been engaged in tests with a view to the extension of the scope of the service at both ends, and it is hoped that, as the result of the tests, the service might more extensively and more widely known, the amount of traffic is steadily increasing.

NO SPLIT IN THE BRITISH CABINET

Emphatic Denial by the Chancellor

COST OF REARMAMENT

London, July 25

Mr. Neville Chamberlain's emphatic denial that there were any differences of opinion in the Cabinet...

A Gently Process

Mr. Chamberlain said that they had undertaken upon what probably none could be the largest programme of defence ever undertaken by this country in terms of years and cost...

These defences in our armaments have accumulated over a number of years and we have decided to make them good in the shortest time...

"We may contemplate corrections in the national finances but we have been inspired so much in the past by the same old-fashioned tradition...

"Hateful Alternative"

Mr. Chamberlain said that the jangling of armaments was at best a wasteful and harmful alternative to that state of national confidence and good will among nations which he could not imagine...

Mr. Chamberlain said that the jangling of armaments was at best a wasteful and harmful alternative to that state of national confidence and good will among nations...

STONE-LAYING CEREMONY AT KAMPALA

Governor on Importance of Handsome Buildings

By the Hon. Mr. J. J. ...

The Governor, who presided at the ceremony, said that the buildings were of great importance to the progress of the country...

Although the Governor did not say that the buildings were of great importance to the progress of the country...

The Governor, who presided at the ceremony, said that the buildings were of great importance to the progress of the country...

Mr. Haxell Kassin then thanked the Hon. Governor for consenting to be the foundation stone of the new Jamshilahi buildings...

His Excellency replied that the importance of erecting hand some and imposing buildings was a well-known fact...

CUSTOMS RETURN

Week's Figures for Kenya and Uganda

WAR FIGHTING EXPECTED ON THE OUTSKIRTS

Barcelona Blood Bath

COMMUNISTS SAID TO BE MURDERING FASCIST SYMPATHISERS

Latest reports from Spain seem to suggest that the Rebels are meeting with considerable success and it is stated that part of their army is within eleven miles of Madrid. There is a reign of terror in Barcelona, at present held by the Government, where it is alleged that people suspected of Fascist sympathies are being murdered in cold blood.

Trainloads of Wounded

Right a heavy military reinforcement was again applied against the Rebels in a battle in an offensive position. The Rebels in the East.

Madrid News. The Government has received a report that the Rebels in the East are being repulsed in a battle near the town of Madrid. The Rebels are being repulsed in a battle near the town of Madrid.

DEATH OF FAMOUS FRENCH AIRMAN

First Man to Cross Channel

MR LOUIS BLERIOT

Story of Epoch-Making Achievement

Paris, August 2. The death occurred today of the famous pioneer aviator, M. Louis Blériot.

M. Louis Blériot was the first man to fly across the English Channel. He accomplished this feat on August 8, 1909, flying from Calais to Dover in a Blériot Type XI which was supposed to fly 25 h.p. though it probably gave over 30 h.p.

Blériot started at 4.55 a.m. from a field adjacent to the town of Calais. He flew for 37 minutes before he landed on the beach at Dover. He had a total flying time of 1 hour and 12 minutes. He was 25 years of age at the time of his flight.

Blériot was born in Montigny, France, on October 1, 1873. He was a pioneer aviator and inventor. He was the first to fly across the English Channel.

International Aspect of Spanish Civil War RECEIVING URGENT ATTENTION OF BRITISH GOVERNMENT

French Fears

SOVIET DEMONSTRATION AGAINST GERMANY AND ITALY

It is still impossible to say which side is gaining in the Spanish Civil War, since both the Government and the Rebels continue to make contradictory claims.

The international aspect of the dispute is beginning to be more apparent and the British Government is known to share the anxiety of France lest any foreign Power should interfere in what is a domestic crisis for Spain.

Officers from German warships at Ceuta landed and were received by the Rebel General Franco.

In Moscow thousands of trade unionists demonstrated against "interference" by Italian and German Fascists with the aims of the Spanish Government.

Straits Action

The German staff officers from the warships at the palace in Madrid, August 2. After intensive bombardment, the Rebel forces at Toledo are reported to be in a desperate plight. The Government forces are reported to be in a desperate plight. The Government forces are reported to be in a desperate plight.

French Aeroplane. Two military aeroplanes, apparently of French construction, were seen flying over Portugal (probably heading for the Spanish frontier) according to a message from agency.

Stalemate

London, August 3. It is reported that Government forces have captured the town of Cabera in the district of Murcia. Rebels are expected to counter-attack. The Government forces are reported to be in a desperate plight.

Police Bombard. In Barcelona, August 2. It is reported that Government forces have captured the town of Cabera in the district of Murcia. Rebels are expected to counter-attack.

Amplified for Rebels. London, August 2. The message from Italian states that the Government forces are reported to be in a desperate plight.

German Warships. A German battleship and two destroyers passed Gibraltar this morning, bound for Malaga or Barcelona.

Three More Battles. Gibraltar, August 2. A battle lasting three hours was fought between the Government and the Rebels.

Both Victorious. Government forces, attacked by Rebels, succeeded in capturing the town of Cabera in the district of Murcia.

Wreckage on Rocks Identified. London, August 3. All but the safety of the wreck of the missing Jersey liner has been identified.

Queen Mary's Sister. Preparations in Hand. It is expected the keel of the sister ship to the "Queen Mary" will be laid down in November.

A view of the Olympic Swimming Stadium in Berlin where competitors of various nationalities have been in training for some time past in readiness for the Olympic Games which are now taking place.

GAZA FINE REMITTED LORD TREVETHIN

The collective fine of £5,000 sterling imposed on the town of Gaza on the ground that the Railway and telephone communications had been cut out, has been remitted by the High Court.

Former Lord Chief Justice. The death took place today of Lord Trevethin, who was appointed Lord Chief Justice of England, after he had held the post for some years.

Lord Trevethin died suddenly while sitting at the River Wye. He was 68 years of age.

Lord Trevethin was created First Baron Trevethin in 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

Lord Trevethin was a member of the House of Commons from 1918 to 1928. He was a member of the House of Commons from 1918 to 1928.

MODERN KISS OF JUDAS

Moslem Leader Murdered. Algiers Crime.

Grand Inam Starved in the Rack. [Yemen News Service.]

Grand Inam, one of the local chieftains, was stabbed to death by an unknown assailant today. It is believed that the crime took place when the Grand Inam was leaving a mosque in the busy Rue de la Vie.

A political motive is suspected for the murder which has caused considerable excitement among Moslems.

Fourteen crowds followed the body of the murdered Grand Inam which was taken to the Constantine cemetery for burial.

According to an alleged witness, the murder was committed by a young Mohammedan who approached the Inam as if leaving to kiss his forehead in homage.

The Inam then bent down to receive the salute and was stabbed in the back.

At least four persons are connected with the affair and a number of arrests have been made.

Ethiopian Attacks on Addis Ababa

TRIBEMEN MASSES IN WOODS AROUND THE TOWN. Reported Penetration. HEAVY CASUALTIES IN FIGHTING AROUND DESSIE.

The Italians in Addis Ababa are being harassed by big forces of Abyssinians who frequently attack the town, according to messages received in France.

The reports add that Italian reinforcements are being rushed to the capital by air.

Heavy fighting around Dessie involving 2,000 casualties is reported in messages from the interior of Abyssinia received by the British consular office in Addis Ababa.

Attacks on Addis Ababa are also reported, in which groups of Ethiopians (tribesmen) succeeded in penetrating to the capital causing a panic among the population.

Attacks on Addis Ababa are also reported, in which groups of Ethiopians (tribesmen) succeeded in penetrating to the capital causing a panic among the population.

After Twenty-two Years
It is probably too much to expect the young generation to attach significance to the anniversary of August 4, 1914. After all, those who fought in the great war and survived are now mostly so little to do with the world today. Youth has lived in the years since the war, in a strangely exciting atmosphere. He has seen a succession of sudden changes, so frequent that those who did not know the routine of the period between 1914 and 1918 is disposed to regard these occurrences as the happenings of a remote and remote past. He has known what can be done in the way of a further organization has remained to civilization for a long time, the failure of this kind of organization is a thing of the past. He has seen the triumph of the League of Nations, the triumph of the League of Nations, the triumph of the League of Nations.

Future of the Mandate Spain Worries Europe

Tanganyika Governor's Notable Speech

UNCONCEIVABLE, BRITAIN SHOULD CONSIDER MANDATE CHANGE

"Exposed Flank of East Africa"

STRATEGICALLY UNTHINKABLE "INSANE SURRENDER" WOULD BE MADE

It is in cordial agreement with most of the material that has been sent from East Africa to the English Press, tending to enlighten people on the situation...

Tanganyika, he said, was the exposed flank of East Africa and "it was inconceivable that any intention whatever existed in the minds of the Imperial Government...

Territory's 'Happy Family'

Another August 2 broadcast from April 21st... The Governor of Tanganyika, Sir H. Michael, speaking at a St. George's Society dinner in Africa...

He said that the British Government had been very generous in the way it had treated the Territory since it had been placed under the mandate...

The Governor's Reply... He said that the British Government had been very generous in the way it had treated the Territory since it had been placed under the mandate...

He said that the British Government had been very generous in the way it had treated the Territory since it had been placed under the mandate...

that I am in cordial agreement with most of the material that has been sent from East Africa to the English Press...

HAWK CAUSES BLACK OUT AT NAKURU

Consternation was caused on Monday by a black-out in Nakuru by the repeated flash of the electric lights...

Members of Parliament and the Press in appropriate and useful. I large measure, strongly agree that what is to be deprecated is anything that will tend to stir up animosity...

The Historical Eye

"Fortunately, I say my hearers had a map of Africa—a large scale map—and with a historical eye," continued the Governor...

An Official Hint

VACUUM ANNOUNCES "NEW-PROCESS" MOBILLOIL

MADE BY THE
CLEAROSOL PROCESS

1. KEEPS DOWN ENGINE WEAR,
2. LOWERS OIL CONSUMPTION,
3. IS FREE OF GUM AND SLUDGE,
4. ENDS CARBON TROUBLES,
5. GIVES MUCH EASIER STARTING.

WE offer you to-day a revolutionary new motor oil—refined by the Clearosol process as perfected by the Vacuum Oil Company—that will give results in your engine not to be obtained from lubricants refined in the conventional way.

Mobiloil, for years the world's leading motor oil, now reaches a standard of quality and performance unapproached by other oils.

THIS CLAIM HAS BEEN PROVED

up to the hilt, first in the laboratories and then in officially observed road tests in England and America.

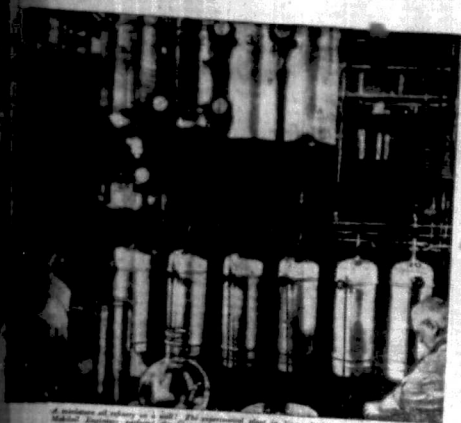

In these tests eleven stock cars of representative makes were used. At their conclusion, investigations showed remarkably low oil consumption and negligible wear. Piston heads, rings and oil drain holes, valves and valve chambers, were exceptionally clean and the crankcase free from the sludge and gum accumulations produced when using conventional oils under similar conditions.

DRAIN YOUR CRANKCASE TO-DAY
AND REFILL WITH

"New-Process"
Mobiloil

SAME PACKAGE, NEW OIL—NO INCREASE IN PRICE

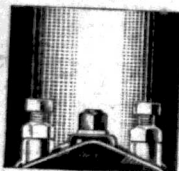

VACUUM OIL COMPANY OF SOUTH AFRICA - LIMITED

A section of refinery as a unit. The apparatus shown is Vacuum's Research Laboratory where Mobil Engineers perfect the Clearosol Process of refinement for "New-Process" Mobilil.

The lower of operation on ordinary oil (left). Right: Piston-heads are coated with gum formed by impurities in the oil.

After 100 hours operation on "New-Process" Mobilil, engine is still clean. The new oil is practically 100% pure... free of sludge and gum.

THE CLEAROSOL PROCESS

Briefly, the Clearosol process of refining Mobilil literally dissolves out the deleterious material naturally present in oil, such as tar, gum and sludge, leaving practically 100% pure lubricant, amazingly clean-burning and outstanding in all other respects.

WHAT "NEW-PROCESS" MOBILLOIL MEANS TO YOU:

1. **ENGINE WEAR KEPT DOWN:** "New-Process" Mobilil flows freely, ensuring maximum protection immediately engine starts, and full protection under heat.
2. **LOWER OIL CONSUMPTION:** "New-Process" Mobilil retains its body even after miles of fast driving. That means less frequent "copping-up" and less money for oil.
3. **FREEDOM FROM GUM AND SLUDGE:** This new process "washes away" the gum and sludge-forming elements that clog your engine and cause rings and valves to stick.
4. **AN END TO CARBON TROUBLES!** An important function of the Clearosol process is to remove from the oil those substances which tend to form carbon in the engine.
5. **MUCH EASIER STARTING:** This "New-Process" Mobilil gives a quick, easy start, instant distribution and saves loss of battery power and wear on starting mechanism.

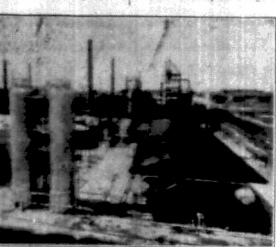

PRATTS HIGH TEST—the perfect petrol, goes hand-in-hand with Mobilil—the perfect lubricant

MOTORISTS
Everywhere
CALL IT "THE
MASTERPIECE
OF TIRE
CONSTRUCTION"

A FIRESTONE TIRE, with its scientifically designed non-skid tread, is familiar to motorists all over the world. They know this tire has, by its outstanding performance, won the right to be called "The Masterpiece of Tire Construction."

therefore, greater non-skid mileage. In addition, you have the blowout protection such as only a tire body made of Firestone Gum-Dipped High stretch cords can provide.

This is not surprising, when you consider that the New Firestone High Speed Tire gives you 50% longer non-skid mileage. This is made possible by Firestone patented construction features. There are two extra plies of Gum-Dipped cords between the tread and the body of the tire, enabling Firestone to build a heavier, wider and flatter tread on this great new tire. This means more rubber on the road,

The new Firestone High Speed Tire is much safer, too. Over 2,000 tests made by a great University showed that the new Firestone High Speed Tire brought the car to a stop 15 to 25% quicker than any other tire on the market.

**15 to 25% Safer
 By Actual Test**

You can't tell how safe a tire is by looking at the tread. The proof is in non-skid performance. In more than 2,000 tests made by a great university, the new Firestone High Speed Tire actually stopped the car 15 to 25% quicker than other tires.

It gives 50% more non-skid mileage, too. This is made possible by a wider, heavier, tougher tread, locked safely and securely to the tire body by Two Extra Gum-Dipped Cord Plies Under the Tread—a special patented construction found only in Firestone Tires.

Yet, this added protection, this extra safety, costs you not one penny more. See your dealer today and give yourself and your family the non-skid safety and blowout protection of THE MASTERPIECE OF TIRE CONSTRUCTION.

East Africa Gold Mining

NGIGA

DIRECTOR'S REVIEW OF PROGRESS

MANAGING ENGINEER SATISFIED

A DETAILED statement of work done on the Ngiga Mining Company's property since the end of January was provided for circulation by the Chairman in an address at a general meeting held on July 29.

The development of the property has been impeded by labour difficulties but is proceeding according to the original plan, and the Managing Engineer, Major Jambury, is stated to be satisfied with values.

In the course of his address the Chairman said

In accordance with Mr. Lambury's recommendations, the Director's development has been satisfactory and consistent with Mr. Lambury's original report. The position of the underground developments as at July 15, 1939 was as follows: The day-drains have been completed to the following depths with values as above: Winze No. Depth 30ft., red width 188, 0.7 f. d. w. in. 7 12 182 5.4 24 15 190 4.3 9 19 179 4.4 6 21 192 2.8 10

As regards No. 15 Winze, the last 30 ft. in depth, indicates two down throats and with this exception, which averages 20 to 22.5 days, over 90 in. this Winze on the whole is poor as indicated in the earlier report. In its best spots values of 800 dzs, over 10 in. were actually encountered.

Longer 'Sticks'

No. 21 East Drive from the bottom of No. 21 Winze has been advanced from 80 to 150 ft., the purpose of this being to prove the extent of the strike of the reef where it does not occur or has not been located on the addition of 120 feet drive, an additional 90 feet length of payable reef has been located. This drive from the bottom of No. 1 Shaft, the West Drive has advanced 70 feet giving an average assay value of 4.0 dzs, over a reef width of 10 in.

No. 1 Shaft, the West Drive has advanced 70 feet giving an average assay value of 4.0 dzs, over a reef width of 10 in.

No. 3 Shaft which is 600 feet East of No. 1 Shaft, is situated on the North has cut the reef at a point 20 ft. in, where a down shaft has been commenced. This drive has been advanced from this point and the average assay value of 10.0 dzs, over a reef width of 18.5 ft.

Prospecting—Owing to labour shortages and the necessity for concentrating on the preliminary development work which has been in progress, it has been possible to carry out only a very small amount of prospecting. Nothing has been done in the direction of prospecting in the area of the property which is situated to the north of the main shafts.

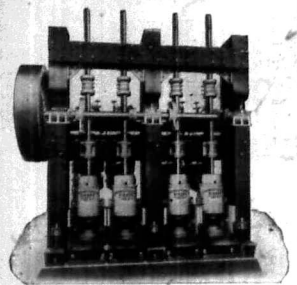

Power. Your Director has made considerable progress in the provision of a power unit. The necessary machinery has been ordered and is now on its way. It is expected to be in position by the end of the month.

Water. The water supply for the property is a matter of great importance. It is expected to be in position by the end of the month.

General. The property is situated in a very fertile area and is well watered. It is expected to be in position by the end of the month.

"Nissen" Stamp Batteries.

800 lbs. or 2000 lbs. falling weight per stamp.

VACUUM ANNOUNCES

"NEW-PROCESS" MOBIL OIL

MADE BY THE
CLEAROSOL PROCESS

1. KEEPS DOWN ENGINE WEAR,
2. LOWERS OIL CONSUMPTION,
3. IS FREE OF GUM AND SLUDGE,
4. ENDS CARBON TROUBLES,
5. GIVES MUCH EASIER STARTING.

WE offer you to-day a revolutionary new motor oil—refined by the Clearosol process as perfected by the Vacuum Oil Company—that will give results in your engine not to be obtained from lubricants refined in the conventional way.

Mobil Oil, for years the world's leading motor oil, now reaches a standard of quality and performance unapproached by other oils.

THIS CLAIM HAS BEEN PROVED

up to the hilt, first in the laboratories and then in officially observed road tests in England and America.

In these tests eleven stock cars of representative makes were used. At their conclusion, investigations showed remarkably low oil consumption and negligible wear. Piston heads, rings and oil drain holes, valves and valve chambers, were exceptionally clean and the crankcase free from the sludge and gum accumulations produced when using conventional oils under similar conditions.

DRAIN YOUR CRANKCASE TO-DAY
AND REFILL WITH

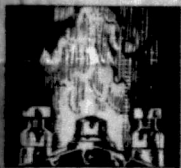

"New-Process"
Mobil Oil

SAME PACKAGE, NEW OIL—NO INCREASE IN PRICE

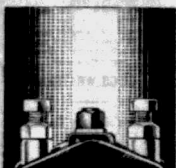

VACUUM OIL COMPANY OF SOUTH AFRICA - LIMITED

A miniature oil refinery in a wall! The experimental plant in Vacuum's Research Laboratory, which illustrates the Clearosol Process in preparation for "New-Process" Mobil Oil.

The heart of operation on ordinary oil still dies. Engine's performance was tested with pure, refined lubricant in the oil.

After the heart operation on "New-Process" Mobil Oil, engine is still clean. This one oil is practically 100% pure... free of sludge and gum particles.

THE CLEAROSOL PROCESS

Briefly, the Clearosol process of refining Mobil Oil literally dissolves out the deleterious material naturally present in oil, such as tar, gum and sludge, leaving practically 100% pure lubricant, amazingly clean-burning and outstanding in all other respects.

WHAT "NEW-PROCESS" MOBIL OIL MEANS TO YOU:

1. **ENGINE WEAR KEPT DOWN:** "New-Process" Mobil Oil flows freely, ensuring maximum protection immediately engine starts, and full protection under heat.
2. **LOWER OIL CONSUMPTION:** "New-Process" Mobil Oil retains its body even after miles of fast driving. That means less frequent "topping-up" and less money for oil.
3. **FREEDOM FROM GUM AND SLUDGE:** This new process "washes away" the gum and sludge-forming elements that clog your engine and cause rings and valves to stick.
4. **AN END TO CARBON TROUBLES!** An important function of the Clearosol process is to remove from the oil those substances which tend to form carbon in the engine.
5. **MUCH EASIER STARTING:** This "New-Process" Mobil Oil gives a quick, easy start, instant distribution and saves loss of battery power and wear on starting mechanism.

PRATTS HIGH TEST—the perfect petrol, goes hand-in-hand with Mobil Oil—the perfect lubricant

WEEK-END EVENTS

Exhibition Tennis Matches

Opening of the Cricket Season

DORRIS LEAGUE WINNERS VS. THE REST

Chief interest this week-end will be centred in the exhibition tennis matches at the Centre Court, where the Indian touring team meet an East African Indian side. In addition to the five representative encounters, however, there will be two mixed doubles matches, one each afternoon, in which prominent only players will take part.

It takes place on Saturday and Sunday afternoons, beginning each day at 2.30 p.m. If there permits each day it is hoped to arrange further games of the Dobbie League, play The Rest to-morrow afternoon on the Railway ground, and a good game should result.

August marks the opening of the cricket season, but it will not be until next week-end that it will be in full swing. There are several games down for to-morrow and Sunday. Gymkhana start off with a game against the Wanderers, while on Sunday they have a match with the side of the Wanderers.

The following are the principal events over the week-end, in the order in which they will be in each case:

Association:

To-morrow—Winnors Dobbie League vs. The Rest (Railway ground) 4.45 p.m.

Yachting:

On Sunday—Handicap Races, Nairobi, at 4 p.m.

Rowing:

On Sunday—Mab Hunt Meet, at Mr. W.P.O. Trench's, 8.30 a.m.

Tennis:

To-morrow—Exhibition Matches R. Lallu vs. Indian Tourists, also M. Razvi, Dobbie, Centre Court, 10.30 a.m.

On Sunday—Exhibition Matches E. A. Lallu vs. Indian Tourists, also M. Razvi, Dobbie, Centre Court, Nairobi, at 2.30 p.m.

Billiards:

To-night—Parklands vs. Railway, at 8.30 p.m.

Snooker:

To-night—Parklands vs. Railway, at 9.30 p.m.

Golf:

To-morrow—Muthiga G. C. (Mab) vs. Royal Nairobi (Mab) at 2.30 p.m.

Ladies' Open, Railway G. C. at 2 p.m.

On Sunday—Muthiga G. C. vs. Giff G. C. at 2 p.m.

"America" Cup, Field, Railway G. C.

"Giers" Cup, Kinale, G. C.

Cricket:

To-morrow—Gymkhana vs. W. Wanderers, at 2 p.m.

Prize of Wales School, at 2.15 p.m.

Football Open vs. Muthiga, at 2 p.m.

On Sunday—Muthiga vs. R.H.I. at 10 a.m. Doublet, Centre Court.

Gymkhana vs. Nabura, at 10 a.m.

"Sergei" Pahi team, who won the Craven Cup at the Kenya Association's tournament at the holiday weekend. L to R: Messrs. Upson, Richardson, Barrow and Capt. Catto.

GOLF AT THOMSON'S FALLS

Times Sports Club
Beaten

[UNDER CORRESPONDENT.]
Thomson's Falls, Aug. 5.—Two of the most popular golf clubs in the Country, namely Times Sports Club and the Thomson's Falls Golf Club, met in a match on the latter's course on Sunday, August 5.

The following are the results, the home players being mentioned first:

F. P. S. Macle, beat Major W. V. Dickson, 3 and 2.
Major C. Larched, halved with C. Barryman.
F. P. S. Macle, beat J. P. Appleby, 2 and 1.
J. P. Appleby, 2 and 1.
R. B. Morrison, beat D. Davis, 5 and 4.
D. E. Hartley, beat V. Schabak, 5 and 4.

In the afternoon football matches were played:

F. P. S. Macle and Major C. Larched, beat Major W. V. Dickson and C. Barryman, 2-0.
Capt. J. C. Bushbuck and G. Smith, halved with T. Whitfield.
R. B. Morrison and D. E. Hartley, beat A. Davis and V. Schabak, 2-1.
Hunters and Wanderers, halved.

The course was in excellent condition and the players enjoyed their pleasure in playing football.

1936 OLYMPIC GAMES

United States to the Fore

More New Records:

Jesse Owens' Fine Running

[UNDER CORRESPONDENT.]
Berlin, Aug. 5.—For the first time since the start of the Olympic Games weather conditions proved a slight hold-up. After early morning sunbath rain descended, and brought a stoppage for a time. Despite this, however, there was one notable performance, that of Jesse Owens, the American negro, in the 200 metres event. Owens created a new Olympic record of 28.7 (10th time), only 1/100th of a second off the mark, and a new world record by R. Metcalfe, also American, in the semi-finals of this event. Robinson, (U.S.A.) did 31 (10th time), and in the final accomplished the same time, beating the Trinidadian, Oudry, for second place by 2/10ths of a second.

America secured the almost, where Carpenter threw 165.8, 2nd, in a new Olympic record of 27.11 (11th time), over 84 lbs to reach the world's second record of 27.11 (11th time), by the Swedish, H. Anderson.

Great Britain achieved her first success in the field and took victory by taking the 50 kilometre race in 2:17.11 (11th time), the previous Olympic record of T. W. Green, made in Los Angeles in 1928, by nearly a minute. This was a notable race in that the first 30 miles had all been won by the British.

Schwab, who finished second, did 2:18.11 (11th time), while the third man, who was only 30 seconds off, was the American, W. J. P. O'Connell, who finished 3rd in 2:19.11 (11th time).

The following are the results:

100 Yards: J. D. Burrows, 1:30.5 (U.S.A.).
200 Yards: J. D. Burrows, 2:50.5 (U.S.A.).
400 Yards: J. D. Burrows, 1:00.5 (U.S.A.).
800 Yards: J. D. Burrows, 2:10.5 (U.S.A.).
1,600 Yards: J. D. Burrows, 4:20.5 (U.S.A.).
3,200 Yards: J. D. Burrows, 8:30.5 (U.S.A.).
6,400 Yards: J. D. Burrows, 16:40.5 (U.S.A.).
12,800 Yards: J. D. Burrows, 32:50.5 (U.S.A.).
25,600 Yards: J. D. Burrows, 64:00.5 (U.S.A.).
51,200 Yards: J. D. Burrows, 128:10.5 (U.S.A.).
102,400 Yards: J. D. Burrows, 256:20.5 (U.S.A.).

Mr. Galton Fenzi Writes About A Tour Round Kilimanjaro

I have just returned from a tour round Kilimanjaro, comprising Kenya, Malawi, Mozambique, Tanganyika, Zanzibar, and the East African Protectorate, which I thought might be of interest to my readers.

The Kilimanjaro Road The new road to Kilimanjaro, via the Athi Plains, starts down the distance to 60 miles. The P. W. I. have very recently finished the hard surfacing, and the whole stretch should be completed in a few more fortnights' time. It is an odd that one can easily cover the distance in one and a half hours. The Hotel at Kilimanjaro is excellent, and they make one most comfortable.

Lions at Kilimanjaro It is not often that one sees lions within two miles of the town, but a member who came through three days ago saw two on the left bank of the river at about eight o'clock in the night. As he was looking at them, five more appeared on the right hand side of the road, and they just strolled, munched, or, making themselves in all. Being in a small clearing in all. Being in a small clearing in all. Being in a small clearing in all.

A New Hotel A new hotel has just been started, called the Giraganza Hotel, near the station. It is a fine building, and the rooms are very comfortable. The hotel is situated in a beautiful spot, and the views are magnificent.

Kilimanjaro-Naranga-Langido The Kilimanjaro-Naranga-Langido road is a fine road, and the views are magnificent. The road is well maintained, and the scenery is beautiful.

Landside-Arusha The Great North Road runs through Landside to Arusha, and the scenery is beautiful. The road is well maintained, and the views are magnificent.

Three Roads Members travelling from Landside to Mombasa will now have three alternative routes: 1. Landside to Mombasa via Kilimanjaro. 2. Landside to Mombasa via Naranga. 3. Landside to Mombasa via Langido.

A SENSATIONAL OFFER! STUDEBAKERS AT 25% REDUCTION OFF RETAIL SELLING PRICES ON THE OCCASION OF THE MOMBASA EXHIBITION-

We are offering a limited quantity of Studebaker Cars and Trucks of the models stated below at special concession prices on the occasion of the Mombasa Exhibition. Orders will be accepted from now on until the last day of the Exhibition (21st August) in strict rotation, for delivery IN MOMBASA.

STUDEBAKER CUSTOM SEDAN 4 DOOR. NOW SHOULD BE THE TIME TO MEET YOUR TRANSPORTATION NEED.

Refinery on a Wall-Mobil engineers putting the finishing touches to the new Clearford Process. This picture shows a complete refinery in miniature erected in a Vacuum laboratory.

neighbourhood, so should not prove a costly matter. Lotolokish Road This is also a fourth road from Kilimanjaro via Lotolokish and Marungu to the Matunda side. This road is 100 miles in length, the topography of which is in the hands of the Administration. It is a 20 m.p.h. road to Marungu taking about eight or nine hours from Kilimanjaro.

Marungu Eighteen miles from Moshi, along the Vei road, did this mile up to the picturesque settlement of Marungu. The road is a fine road, and the views are magnificent. The road is well maintained, and the scenery is beautiful.

Arusha Although it is only about 100 miles from Moshi, Arusha is one of the most attractive towns in Tanganyika. It is a fine town, and the views are magnificent. The town is well maintained, and the scenery is beautiful.

The Ngwagoro Crater The Tanganyika Government has realized the importance of the Ngwagoro Crater and has decided to develop it as a tourist attraction. The crater is a fine natural wonder, and the views are magnificent.

Climbing Kilimanjaro The ascent of Kilimanjaro presents no special hardship nowadays. The first day one can rise up in comfort to the Heugelin Hut, which is being constructed on the foot of the mountain. It is a fine natural wonder, and the views are magnificent.

Moshi Moshi is a beautiful town, and the views are magnificent. The town is well maintained, and the scenery is beautiful. Moshi is a fine town, and the views are magnificent.

Arusha-Moshi Road This is an eight mile road which in dry weather, is excellent. During the last few months, it has been very good, and the views are magnificent. The road is well maintained, and the scenery is beautiful.

Two Bridges The great strength of the Two Bridges Hotel is that it is situated in a beautiful spot, and the views are magnificent. The hotel is well maintained, and the scenery is beautiful.

New Process of Oil Refining REMOVING IMPURITIES THAT CREATE SLUDGE AND CARBON A VACUUM PROCEDURE

The ordinary motorist takes the modern car for granted, and seldom thinks of the intricate machinery which covers every inch of his petrol and oil. He treats a matter of course. When he is asked to buy oil, with common-sense, he will be sure to buy the best. He will be sure to buy the best. He will be sure to buy the best.

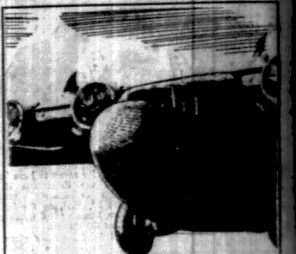

A New Criterion of Quality Therefore the most modern motorist must surely be interested by a scientific discovery which sets an entirely new criterion of quality in lubricating oils. This discovery is the Clearford Process, which is a new process of oil refining which removes all the impurities that create sludge and carbon.

Removal of All Impurities The process is known as the Clearford Extraction Process and is a plain language, efficient physical process. It is a fine process, and the views are magnificent. The process is well maintained, and the scenery is beautiful.

Decreased Engine Wear "Washed" clean of sludge, gum and carbon forming impurities, this new process Mobilite is especially resistant to oxidation and is, also, much less susceptible to variations of temperature than ordinary oils. It is a fine process, and the views are magnificent.

From Northern Canada to Mexico The many months of laboratory tests the new oil was subjected to a severe road test under the conditions of the American Automobile Association. The test was a fine test, and the views are magnificent. The test is well maintained, and the scenery is beautiful.

The Nairobi August Race Meeting

ZIP WINS THE GOVERNORS' CONFERENCE AND CIVIL SERVICE CUPS

Samos Still Improving

ORCHARDSON'S BRILLIANT RIDING

Fine weather favoured the opening day of the Nairobi August race meeting, which concluded after a morning which was disappointing. The going was good, despite the recent dry spell.

Saturday proved a good day for the horse race fan, the Governor's Conference Cup, the Kenya Polo Cup and the August Handicap. The top placed colts, which defeated the favourites, were Zip and Samos.

There were eleven runners for the Governor's Conference Cup, where the favourite, Samos, was beaten by a length from Zip, King's Company leading from Riverbank and Jorua. King's Company made a fine start, the field closed up running the top half. As the mile post King's Company led from Zip, Jorua and Samos. King's Company led from Zip, Jorua and Samos. King's Company led from Zip, Jorua and Samos.

Opening of the Kenya Polo Association's Tournament

Record Shot Speech by Herr Hitler

NEW WORLD'S RECORDS BEATEN

With probably the best speech of his career I declare the eleventh Olympiad open.

With probably the best speech of his career I declare the eleventh Olympiad open. The opening ceremony of the Kenya Polo Association's tournament was held on Saturday afternoon at the Nairobi Polo Club. The event was attended by a large number of polo players and spectators. The tournament is expected to last for several days.

The stadium, which holds 10,000 people, was crowded when the athletes marched past. Herr Hitler made a record shot speech, and other Olympic salutes.

Kenya Polo Association's Tournament

NAIVASHA WIN THE CAVALRY CUP

Sergio beat Nairobi in the Cranworth Cup

Naivasha won the Cavalry Cup, and Sergio beat Nairobi in the Cranworth Cup. The tournament is expected to last for several days.

The second match in the men's Amateur Polo was played on Saturday morning between Sergio and Nairobi. The latter won by a narrow margin.

The first match in the women's Amateur Polo was played on Saturday afternoon between Mrs. Allen and Mrs. Bishop. Mrs. Allen won by a narrow margin.

The first match in the men's Amateur Polo was played on Saturday morning between Sergio and Nairobi. The latter won by a narrow margin.

The first match in the men's Amateur Polo was played on Saturday morning between Sergio and Nairobi. The latter won by a narrow margin.

Finest weather favoured the opening day of the Nairobi August race meeting, which concluded after a morning which was disappointing. The going was good, despite the recent dry spell.

Saturday proved a good day for the horse race fan, the Governor's Conference Cup, the Kenya Polo Cup and the August Handicap. The top placed colts, which defeated the favourites, were Zip and Samos.

There were eleven runners for the Governor's Conference Cup, where the favourite, Samos, was beaten by a length from Zip, King's Company leading from Riverbank and Jorua. King's Company made a fine start, the field closed up running the top half. As the mile post King's Company led from Zip, Jorua and Samos. King's Company led from Zip, Jorua and Samos.
