## Schroeder's battle royal with Mulloy

**T**ED SCHROEDER (USA), seeded No. 1, used five hours to win Wimbledon singles title, survived the first round of the 6th championships on Monday by the narrowest of margins. Schroeder, by a crampy left ankle, looked toward the end of the match, but his Davis Cup partner, Gardnar Mulloy, by 3-6, 9-11, 6-1.

The Centre Court, crammed to its limit of 10,000 spectators, these two American stars engage in a battle which has become the number one sport provided American spectators. Mulloy, who has won Wimbledon, but has never won the Davis Cup, was the first to break Mulloy's serve to attend the opening four game sets only and the last two games. Mulloy, who has never won Wimbledon, drove Mulloy to the last between Schroeder and Mulloy and also by the perfect game.

# TRUMAN HAS PLANES FOR AUSTRALIA

## Treaty possible this year

PARIS CONFERENCE "PROVES OUR FOREIGN POLICY IS CORRECT"

PRESIDENT TRUMAN wholeheartedly welcomes the achievement of the Paris Conference for hoping that the results of that little progress was signed this year—but he frankly doubts that it will be made on the German problem.

As a whole, he considered the results of the Paris conference satisfactory in that it has shown the correctness of the foreign policy which I am convinced the United States President has followed in foreign affairs.

The President of the United States said this after he had given a personal welcome to his Secretary of State, Mr. Dean Acheson, and Mr. Truman to Washington, where he is President Truman.

"The crisis of the Soviet Union," back to the important program that has been made in western Europe which is obstructive of real progress and which they are not likely to be achieved of the veto. In this situation, the United States has designed to mitigate the abnormal situation of a struggle to further efforts.

He has stressed that the diet will go to further efforts.

### TWO MINISTERS DEFERRED

#### But Morrison was authoritative on Socialism's State control ideas

By CHARLES E. GAYTON

The Labour Party conference at Blackpool showed clearly that the ratio of 20 per cent State and 80 per cent private enterprise under Socialism, which was laid down by the Ministers, has gone by the board. Indeed, it is probable that accurate to say that Morrison's views on the subject of State control were not accepted as a permanent principle of the party's programme.

It does not mean State ownership is done means a very loose form of State control, and the acceptance of the views of the conference will be expressed in the form of a Bill to amend the Government's programme.

From the point of view of the industry, and the national economy, the most important amendment was that Mr Morrison's statement that the Government would be prepared to consider the nationalisation of the railways and the British Transport Commission (BTC) was not to be placed in the Government's programme.

It is a departure of this size, 1,500 employees in all times, usually with a view to the "nationalisation" of the railways. It is not yet clear if the Government will accept the views of the conference.

WHEN the Minister for Services in the House of Commons last week announced that the Government would meet the demands of the public, it was a significant statement. It was a statement that the Government was prepared to meet the demands of the public.

### WHAT IS THE BEST PROTECTION AGAINST COLDS, COUGHS AND INFLUENZA?

Resistance to colds, chills, influenza and bronchitis is best built up by a course of Angier's Emulsion. It is invaluable for maintaining bodily tone and vigor, and improving appetite. It soothes the digestive organs, gives strength to the entire system and thus lessens the risk of infection. Angier's is both healing and strengthening and is a most palatable emulsion. It can be assimilated by young and old.

New Zealanders compile a record with a BIGHINNING play 39 runs ahead with seven wickets in hand. The New Zealanders went on to make their highest Test total ever against England at Lord's yesterday.

England 60-0 wicket at the luncheon interval, faced an inevitable draw barring some freak happening.

Martin Dowling and Alan Jones, who were out for 48, beating their 469-9 wickets at Lord's in 1952, to take a lead of 171.

From England's viewpoint, the match was a pattern in terms but had no real substance. The batting of Hughes and the bowling of the New Zealand bowlers were the only things that were recorded in his first few overs.

Fast scoring. There were 100 runs in the first 10 overs, 50 in the next 10, and 100 in the next 10. The New Zealanders were in a position to score 100 runs in the first 10 overs.

Today's probable. The New Zealanders are expected to score 100 runs in the first 10 overs.
