### FOREIGN MINISTER'S STATEMENT IN HOUSE OF COMMONS

The latest reports on the dispute between Italy and Abyssinia seem to suggest that sincere efforts are being made to reach an agreement.

Italy has given an assurance that she has no aggressive intention and the Italian Minister in Abyssinia has been instructed to negotiate with the authorities at Addis Ababa.

In a statement to the House of Commons Sir John Simon said the British Minister in Abyssinia had been asked to use his good offices with a view to promoting an understanding.

### No Wish to be Aggressive

[SIR JOHN SIMON'S SPEECH.]  
Sir John Simon, Foreign Secretary, said the British Minister in Rome had been asked to make it clear to the Italian Government that the United Kingdom Government was not in any way hostile to Italy. He said he had received from the Italian Government a statement which confirmed that Italy had no aggressive intention and that she was prepared to negotiate with the authorities at Addis Ababa.

The Italian Minister in Abyssinia has been instructed to use his good offices with a view to promoting an understanding.

## THE INTIMATE HISTORY OF THE RISE OF "THE THUNDERER"

### A Famous Editor

THOMAS BARNES' INFLUENCE ON THE STORY OF ENGLISH POLITICS

The 150th anniversary of "The Times" has been marked by the publication of the first of three projected volumes of the history of the first and foremost and greatest newspaper in the world. It is not only the story of the rise to power of "The Thunderer" but an intimate and revealing history of England.

The first volume covers the period from 1785 to 1841 and is a noteworthy among other things for the first authentic biography of one of the newspaper's most famous editors, Thomas Barnes, the real foundations of the best traditions of present-day journalism.

### Service to Journalism

The Times published on January 15th, 1923, the one hundred and twenty-second anniversary of its foundation. It did so in two publications. The first was devoted to its history, and the second, more important for more than 100 years, was the publication of the first volume of the history of the newspaper. It is a very fine newspaper, and the service of its existence without any artificial restrictions and without any artificial limitations. It is a newspaper which, in the telling of its history, has not only the intimate record of a national history, but also the intimate record of the life of a man, one of the greatest of our country's writers, and one of the greatest of our country's editors. It is a newspaper which, in the telling of its history, has not only the intimate record of a national history, but also the intimate record of the life of a man, one of the greatest of our country's writers, and one of the greatest of our country's editors.

### A SUCCESSOR TO LORD TRENCHARD

#### Former Tanganyika District Officer

A former Tanganyika District Officer may succeed Lord Trenchard as Chief of Norfolk Island. He is Captain E. J. Sullivan, who was in charge of the island from 1912 until he was appointed to the post of District Officer in 1915. He is a man of high character and ability, and his appointment would be a great benefit to the island.

### At the Beginning

John Walker founded a newspaper in 1785. It was called "The Times" and it was the first newspaper in England to be printed on a single sheet of paper. It was a great success, and it has since become one of the most influential newspapers in the world.

National Government on the Defensive

HEAVY DEFEAT OF LABOUR MOTION OF CENSURE

Rowdy Scenes in Commons

PRIME MINISTER PREFERENCES NATURAL EVOLUTION TO REVOLUTIONARY METHODS

The Labour attack on the National Government on a motion of censure in the House of Commons was overwhelmingly defeated.

There were noisy scenes, however, during the Prime Minister's reply to Mr. George Lansbury's allegations of incompetence and the Speaker had to restore order in the House before the Prime Minister could obtain a hearing.

The Chancellor, Mr. Neville Chamberlain vigorously defended the Government's policy and his speech generally accepted as a negative answer to Mr. Lloyd George's 'New Deal'.

The Unemployment Problem

Mr. George Lansbury, leader of the Labour Party in the House of Commons, tonight in a speech in the House of Commons... The Government had failed the confidence of the House.

Mr. Lansbury said the Opposition were charging the Government with incompetence... Mr. Chamberlain replied to the debate... The Government was doing its utmost to reduce unemployment.

Mr. Thomas Betts... The Rt. Hon. J. H. Thomas... The Government was doing its utmost to reduce unemployment... Mr. Chamberlain expects that the recent rise in the number of unemployed will soon be absorbed.

The Premier... In the course of a reply to Mr. Lansbury declared that Mr. Chamberlain's statements were those of a politician... Mr. Chamberlain's reply to the debate was a negative answer to Mr. Lloyd George's 'New Deal'.

General Election... The Prime Minister attacked Mr. Chamberlain's policy... The Government was doing its utmost to reduce unemployment.

FAVOURABLE ANSWER BY GERMANY

To Anglo-French Air Pact Scheme

CAUTIOUS ABOUT AUSTRIA

BERLIN, Feb. 15. The Foreign Minister, Baron von Neurath, received the British and French Ambassadors this afternoon and communicated to them verbally the German Government's views on the Anglo-French London Agreement proposals.

It is understood that the German Government has considered favourably the proposal of an Air Pact, but the Eastern Pact and Austrian guarantee proposals were treated with reserve.

This verbal answer will be supplemented later by a memorandum which apparently will not be published here.

The German Government's reply to the Anglo-French Pact is not a complete characteristically German answer, but it is a step towards the opening of diplomatic negotiations on all questions raised.

The number of children who are being educated in the British Farm Schools is now over 200.

Normal Clinics

THE CHANCELLOR has announced that last month's rise in the production figures was the result of a general revival in the economy... The number of those employed for over one year has declined and he estimated the 'hard core' of unemployment at between four and five hundred thousand.

**PROBLEM No. 189.** By Sam Loyd. Black to move.

White Eight. White mates in three moves. Another of Sam's little surprises, quite simple when once you get the idea.

**SOLUTIONS.** Key-moves—No. 184, 1. P-g3; Kt-1, N-g5, 1. Q-g7.

**Problem No. 183.** (2th Special). Key, 1. K-g1, resulting if K to mate for the K to mate for which was 2. R-P7. Any other waiting-move connotes mate. Other variations obvious.

**Problem No. 186.** (19th Special). Key, 1. B-K. Black can now give 3 checks, all of which

White can hurry and mate on the move. This was composed by Sam Loyd in a humorous mood to catch solvers by its unexpected twist. He used 23 pieces, including 8 Bishops, 4 Knights and 5 Queens, the legality of which can be proved by Pawn promotion.

**Problem No. 184.** Solving by J. Hooper. Key, 1. P-g3. Black's best plan is to push on his P-g3 to e4, during the advance of the Pawn which cannot be stopped. White plays 2. P-g3, 3. N-g5 and 4. R-P7. If Black plays 1. P-g3, White replies 2. P-g3 and wins by Queening first. The original position of this very instructive endgame was—

White K12, P23, P5, 4, h3. Black K16, P23, P5, C. White to play and draw. Note that 1. P-g3 fails as key because White King cannot advance away from the edge of the board. Solutions to the first two problems above received from E. Hoop, G. Tanner and C. A. Horley.

### NAIROBI CHESS CLUB

19th Annual General Meeting. The following Officers were elected at the Annual General Meeting held on February 7th—President, Mr. E. Robertson; Treasurer, W. T. Davidson; Secretary, A. H. Spencer Palmer. Other Members of Committee, Captain G. Tanner, Messrs. H. Middleton, T. Hawkins, T. E. Davidson and Mrs. T. A. Wood.

The Hon. Secretary read a letter from Mrs. Barkat Ali acknowledging a contribution sent him on behalf of the Club upon his recent win of the 1933 Annual General Meeting. It was decided that the Club Championship should be a single round American tournament open to all club members in class 1 and class 2, and that other members who may wish to enter must first play in a qualifying round. Details to be left to the Committee. The pairing for each round, details to be published when it starts will be published in this column on the Saturday previous to the Thursday play. A proper time limit for each round to be set, and as soon as

the new timing-checks arrive, every game to be played with time limit of 1 hour for 20 moves.

The Ruben Cup Tournament to be a double round American open to all members, to run concurrently with the other tournaments. The postponing of 1933 to be the Queen's Jubilee, with complete liberty to enter to accept or decline it.

The Hastings tournament to be a knockout as usual, but drawn games to count 1 point, so that one win and one draw shall in future decide a match instead of drawn games being replayed. This tournament not to begin until the Championship is finished.

**Honorary Life Member.** Mr. R. Harton-Evatt, A.L.A. was made an honorary life member of the Nairobi Chess Club in recognition of his services.

### Presentation of Prizes.

Captain G. Tanner, retiring President, presented the prizes to the winners of the Annual Competitions as follows: Club Championship, Anderson Trophy; 1st Middle-class, Kenya Championship, Clark Trophy; 2nd Middle-class, Handicap Cup; G. S. Davidson, President's Prize; Mrs. T. A. Wood, Best game in the 1933 Match, "International" Match, Gold Medal awarded by Lewis Hoop, Ltd., A. H. Spencer Palmer.

The meeting concluded with the usual vote of thanks.

### Lightning Match.

After the business those present divided into teams captained respectively by the retiring and the newly-elected Presidents, the former winning by 7 games to the time of the 12 seconds half. Two rounds were played to the score being as follows—G. Tanner beat E. Hoop 2-0, W. T. Davidson beat W. A. H. Spencer Palmer 1-0, W. Davidson beat C. A. Horley 2-0, Mr. Ashdale beat T. Hawkins 2-0.

Huge Maize Crop in the Argentine

Following is the weekly market report supplied by the Kenya Farmers' Association:

**Maize**  
Main maize values have been mentioned in a downward direction. Weather conditions in the Argentine continue to improve, almost without a break with the result that the crop is estimated to be over 40 million quarters for export. This, added to the recent increase in the South African crop has had the effect of depressing the market. South Africa is making enormous efforts to sell on the overseas market at the present time and prices of 7/6 have fallen to 6/6. The price is quoted at 10/- for export and 10/6 for local. East African is valued at 10/- to 12/-.

HAT A LOT DEPENDS ON THE OIL

Why did you buy your car? For comfort, convenience, speed? For its silence, smoothness, safety? For economy and reliability?

Then pass a moment and think; each and every one of these things depends on the oil you buy. If the lubrication is not good your car is strangled. If lubrication fails the engine is wrecked. Yet oil is such a little item—the smallest of your motoring expenses. By buying the cheapest, the most you can gain on the gamble is a few shillings a year. The best oil will preserve your car and your pocket as nothing else can.

• THEREFORE USE ONLY WAKEFIELD Castrol MOTOR OIL

NANYUKI SPORT CLUB'S RACE MEETING

Major Baynes' Hundredth Winner

EXCELLENT ATTENDANCES AND GOOD RACING

THE STAFFORD COLLEGE... Major Baynes' Hundredth Winner... Excellent attendances and good racing.

The racing was exceptionally good and Thursday's sport was perhaps the best ever meeting that we have seen in Kenya.

Major Baynes' victory over Bonita to victory in the Kenyan Chase, the second day he secured his hundredth win.

Another pleasing incident was the presentation by the Captain from the staff of a Silver Salver given to him by the members of the N.S.C. in a cordial recognition of his good work he had put in for some years as a member. It was accompanied a thoroughly enjoyable meeting.

The German Government is at one with the Secretary of State in its determination to insist on the Government's a sincere desire to promote and secure peace and goodwill between the nations of the world.

Germany is convinced that only a spirit of free cooperation between sovereign states as expressed in the Anglo-French communique can lead to lasting international settlements in the sphere of armaments.

Editorial comment by the British Press is generally on the lines that the German reply is a sincere and helpful contribution to the peace problem.

It is expected in Paris that the Anglo-French reply to the German note will be received with satisfaction.

## The Coffee Board

### MARKETING PROPOSALS ATTACKED

To the Editor "E.A. Standard,"  
We read a number of coffee planters and business men whose views are bound up in the Coffee Industry of Kenya have been wading with anxiety the articles that the Coffee Board during the past twelve months has published.

They have been unwilling to convey the impression of lack of sympathy with the declared policy of the Board to improve the position of the industry, and seeing that the details given of its plans were vague and incomplete, they have hesitated to raise a hue and cry against these activities, but recent developments by the Board and fresh information received from London, have forced the conviction upon us that the Board is contemplating, are likely to result in disastrous consequences.

Regarding, as we do, the necessity of criticizing the actions of the Board, we consider it our duty to formulate certain serious charges against it and to demand in the interests of the coffee industry that the Board's plans of the present be abandoned. (1) One chief charge is that the Board had no right or warrant to attempt to monopolize the export trade and distribution of coffee without possessing the necessary experience, resources, knowledge and financial resources. According to their own confession, no single Member of the Executive has had more than very casual experience in overseas markets and in London, their representative is not a specialist in these matters either. It would be considered a serious matter for a Board, ostensibly composed of previous experts, to take the responsibility of leading a stream of this magnitude.

(2) In spite of its avowed policy to the contrary, the Board has not been frank in its public announcements as to the progress of their negotiations in London. The reports issued by the Board regarding their representative's discussions with the Coffee Trade Association of London have been directly contradicted by first-hand reports received by Mr. Hall. These are the facts that the Coffee Trade Association of London have confirmed the scheme proposed by the Board as prejudicial to market.

(3) The Board is pursuing a policy which the premier authority of the World Coffee Trade has condemned. London and other coffee producing countries are represented by the Coffee Trade Association of London, and their interests are protected in all World Markets.

(4) On the subject of industrial standards of the 1934 Conference the Board has engaged in activities the result of which has been to antagonize Mining, Leather, and other industries and to the

best interests of our industry, thus alienating those who have been the industry's most supporters in the past; probably inflicting heavy losses on the industry by its policy and preference for an establishment which Kenya Government.

(5) The Board has conducted itself in favour of assuming ownership of the industry, and has sought to increase the production of coffee, while ignoring the fact that the high quality standard would be lost in the process of increasing the quantity of coffee, and in the process of increasing the quantity of coffee, and in the process of increasing the quantity of coffee.

In view of these considerations, we believe that we have a right to demand that the Board abandon its scheme for monopolizing the present coffee facilities and to permit the coffee growers to elect their own representatives to the governing body of the industry, and to be responsible to the coffee growers and to be responsible to the coffee growers and to be responsible to the coffee growers.

We submit that before embarking on its present policy the Board should have made it clear to the coffee growers that the scheme proposed in the present proposal is not in the interests of the coffee industry, and that the Board should have been directed to the coffee growers and to be responsible to the coffee growers.

Yours etc,  
G. G. GARE  
Nairobi,  
February 15, 1935.

To the Editor "E.A. Standard,"  
Sir.—The letter from the Secretary of the Coffee Board which appears in your today's issue illustrates how the Coffee Farmers are misled over the activities of the Board in connection with the question of marketing and finance.

The Secretary says that the Board's proposals are not in the interests of the coffee growers, but that they are in the interests of the coffee growers. When Mr. Nathan has been in the country a few days, he will realize that it is not true, but in the Press without even being one of the coffee growers.

On February 1 a meeting took place at the Colonial Office in London, over which Sir John Campbell presided, and at which there were present, and which has been reported, the representatives of the four Merchant Banking Houses concerned, and Mr. Hall the London representative of the Coffee Board. In the course of the discussion Mr. Hall stated that the Coffee Board is to be set up by the London House at the rate of 20 per cent. per annum, with the security of the whole Kenya Coffee crop as collateral.

The Secretary now states— "No question of subsidy of the industry by Government has arisen, nor has any suggestion been made that a further one on coffee export of 5 to 7 1/2 per cent. will be imposed." We are to understand that the

Board shows this statement made by Mr. Nathan in London. I think it is quite obvious that the Coffee Farmers of the Colony are entitled to an establishment which Kenya Government.

## GAME AND CROPS

To the Editor "E.A. Standard,"  
Sir.—Government policy in respect of game reserves for the benefit of the world and the industry of Kenya has been determined, and it is no longer possible to increase the number of game reserves in Kenya, thousands of acres of game have been destroyed by game. In addition to these game reserves there are vast areas of unutilized Crown lands which the Department of Government all-India has in mind and this game, also, destruction of game.

Government's duty is to maintain conditions of security, stability and to make some effort by control factors aimed at these. Government's contribution towards that end has been the free issue of 20,000 rounds S.A. (cost estimated, as usual, for use).

Four hundred acres of what was a fine and healthy game reserve has been entirely destroyed, and the game is now almost entirely gone. The game is now almost entirely gone. The game is now almost entirely gone. The game is now almost entirely gone.

## THE EAST AFRICAN SHILLING

To the Editor "E.A. Standard,"  
Sir.—I must thank you for publishing Mr. Dykes' letter of the 15th inst. under the heading of "The East African Shilling." It was of great interest to me as it seemed to be mostly his opinions about me. How far I interested your other reader I am very doubtful.

I agree with Mr. Dykes that concerning the so-called "repatriation" of the East African Shilling, we had better leave the subject alone. Of course there are two sides to the dispute, as most others in the same way there are two sides to the dispute, as most others in the same way there are two sides to the dispute.

To the Editor "E.A. Standard,"  
Sir.—I must thank you for publishing Mr. Dykes' letter of the 15th inst. under the heading of "The East African Shilling." It was of great interest to me as it seemed to be mostly his opinions about me. How far I interested your other reader I am very doubtful.

GREAT MATCH AT PARKLANDS WON BY 15 POINTS TO 4

Stellenbosch Win the "Rubber"

JONES DROPS ANOTHER FINE GOAL TO PUT HOME ON LEAD

Stellenbosch, by winning the second Test against Kenya at Parklands on Sunday, won the "rubber" in a great fight, however, and the result makes clear that the Kenyan team is the first test of strength last Saturday in Durban.

Kenya Take the Lead

Kenya began well both teams were played almost to a standstill. It was only in the first half that the Kenyan players showed any signs of life.

Two Kenya Strikers

With fifteen minutes to go both parks were sleeping sorts of things. Indeed they had almost fallen asleep to a standard SUI it is dignified and it and they kept playing.

Kenya Take the Lead

Kenya took the lead in the first half, when they scored two tries. Stellenbosch, however, was not without its own tries.

Stellenbosch's Piling

After a somewhat slack opening, Stellenbosch worked out their work. Kenya had backing legs, but Stellenbosch's players were good as the game went on.

Only a Point Difference

Play went to snail pace. Stellenbosch found itself well behind from the time on at the moment. Only a point difference.

Two Lucky Kumps

Craven came into the picture immediately as the result when he tried another drop at the post.

There were impressive scenes at Messina when the coffins containing the bodies of the victims were taken aboard the Italian transport "Durban" for transport to Malta.

Warships anchored in the harbour fired salutes as each coffin was carried aboard by British and Italian sailors.

The machine was flying at a height of 100 miles an hour and was travelling at a speed of 100 miles an hour.

It appears that the pilot had just taken off when the crash occurred. It was a most impressive scene.

POOR RESPONSE TO LOANS

Underwriters Forced to Take Up Big Percentages

THE "STANDARD" OBSERVERS. London, Feb. 17. (By Air Mail.) A feature in the financial world at the present time is the refusal to invest in the market...

Only 60,000 of the £1,000,000 Blackpool loan was subscribed by the public, the underwriters left with 97 per cent. These three are the Commonwealth of Kenya loan which underwriters had to take up 30 per cent. of the issue...

It is now revealed that bank subscriptions to the London County Council's recent £10,000,000 loan totalled only 1,824,000. The loan was issued to provide for the repayment of a similar amount of 91 per cent. stock, holders of which were given the right to exchange into the new issue.

Bill. All the indications are that a large amount of capital will have to be raised within a reasonable time for the re-issuance of the public is that the work still to be done is enormous...

This question has lately attracted attention. Local authorities can roughly be divided into two classes—the smaller who look to the Local Loans Fund and the larger who issue stock to the investor direct. The bulk of the expenditure will be incurred by the larger municipalities...

SELF HELP How to Make a Skirt at Home... Girl Guide Rally Mrs. Fitzgerald's Valuable Work

By kind permission of H.E. Byrre and Lady Byrre, a Girl Guide Rally is being held in the grounds of Government House on Saturday afternoon and it is hoped that everyone interested in this excellent movement will make a point of being present. Mrs. Fitzgerald, who is at present, the Lady Commandant, has been for a long time intimately associated with Girl Guiding in Kenya. She took over the task of organizing the Colony Girl Guide organization in 1927, and brought to the work the same tireless enthusiasm which characterized her work for many years.

From the time of her arrival in this country in 1920, Mrs. Fitzgerald has been very closely connected with social work of various kinds, notably the N.W.A. and the E.A.W.I. and the League of Women, of which she has been for many years the organizing secretary. But it is in the Girl Guide movement that she has done her greatest work for the Colony. To this, Mrs. Fitzgerald brings a real love and a genuine belief in its ultimate value in regard to the future of the country.

Recipes

Vegetarian Soup MANY housewives imagine that they cannot include vegetable nourishing soups in the family menu. They do not have a "stockpot". There is no doubt that an excellent stock can be made from a vegetable stock in a great, stand-by, especially when a large family has to be kept fed, but the following recipe means the total exclusion of any from the daily fare.

Potato Cream Soup To prepare enough of this for three or four people, slice one and a half pounds of peeled potatoes by a food chopper, or grate on a grater, add a quart of water, season with salt, pepper, and chopped parsley.

Principle Roll - Split two cups of flour into a basin with half a teaspoonful of salt. Rub in four ounces of butter or margarine and add a quarter of a cupful of water. Mix to a light dough with half a cupful of milk, and turn out on to a floured board. Roll out until it is three-quarters of an inch thick, spread with dried pineapple and sprinkle with a little caster sugar. Moisten the edges of the pastry and roll up. Lay on a greased baking sheet, brush over with milk, and bake in a moderate oven for half an hour.

A Lecture ACCORDING to the "British Gazette" and "Observer," Mrs. George Reed of Nairobi, is giving an interesting talk on "Life in Kenya" at a recent monthly meeting of the Women's Institute in the village of Barton Leazar. The announcement is doubly interesting in view of the address given by Mrs. Elliot Hobbs at the Annual General Meeting of the Nairobi Branch of the E.A.W.I. on the subject of Women's Institutes. Mrs. Reed is the wife of Mr. George Reed, accountant of the E.A. Power and Lighting Company and manager of the Kenyan Electric Power Green of Nairobi.

# Marketing and Finance of Coffee

## STATEMENT OF THE BOARD'S PROPOSALS

### A Definite Assurance:

#### NO COMPULSION AGAINST THE WISH OF PLANTING COMMUNITY

In a statement in its proposals for marketing and finance the Kenya Coffee Board gives an unqualified assurance that it will not seek compulsory powers to enforce any of its proposals unless it is completely satisfied that it is in the wish of the coffee planting community that such powers should be sought.

Proposals with regard to the establishment of a free and open auction market in Nairobi and of a committee in London to advise on market requirements in Britain are also set out.

### "Baseless Rumours"

The statement which is signed by Mr. R. N. Waller and Mr. C. P. Jones, Chairman and Secretary respectively of the Coffee Board, follows:

To emphasize the statements made in the February Bulletin and in view of the serious rumours which appear to be in circulation in regard to the Board's proposals for the treatment of the Kenya coffee marketing and finance, the Board has issued the following statement:

#### 1. Marketing Agency

It is stated in the February Bulletin that the Board has proposed to establish a marketing agency to handle the coffee trade in Kenya. This proposal has been the subject of much discussion and has given rise to many rumours which have been widely spread.

The Board has received a number of enquiries from the public and from the coffee planting community, and has endeavoured to explain the reasons for its proposals. It is now in a position to state that the proposals are based on a study of the coffee trade in Kenya and on a study of the marketing and finance of coffee in other countries.
