# DARLINGTON JOIN 'GIANT-KILLERS'

## Brisbane to stage 1958 Davis Cup

**DARLINGTON** will stage the 1958 Davis Cup final in Brisbane on Saturday. The final will be played on the newly completed Brisbane Tennis Centre, which has been playing host to the Davis Cup since 1954. The final will be between the United States and Australia.

## Sports Commentary in Page 23

The 1958 Davis Cup final will be a historic event for Brisbane. The final will be played on the newly completed Brisbane Tennis Centre, which has been playing host to the Davis Cup since 1954. The final will be between the United States and Australia.

The Eric Davis Cup will be held at Malo. The final will be played on the newly completed Brisbane Tennis Centre, which has been playing host to the Davis Cup since 1954. The final will be between the United States and Australia.

## 50th anniversary of Uganda G.C.

The Uganda Golf Club is celebrating its 50th anniversary. The club was founded in 1908 and has since become one of the leading golf clubs in East Africa.

## Part-timers defeat bewildered Chelsea

**DARLINGTON** a little Durham side composed mainly of part-timers, joined the ranks of the English Football Association Cup giant-killers on Wednesday with a 4-1 victory over Chelsea in the fourth-round replay. Darlington, who are competing in Division III (North), were the only team to have been promoted to the Football League since the war.

The match was played at Darlington's home ground, the Victoria Ground. Darlington scored four goals, while Chelsea managed only one. The victory was a surprise for many, as Chelsea were considered a strong team.

## Stiffest task ahead

The Darlington side will have a stiff task ahead of them in the next round of the FA Cup. They will be facing a more established team, and will need to perform at their best to progress.

## TOMORROW'S FIXTURES

Division III (North)	Division III (South)	Division III (West)	Division III (East)

## WEEKEND SPORT COMMENTARY

by Charles Disney, Sports Editor

As occasionally happens the weekend offers an unusually full and varied sporting programme in Nairobi. Usually the public holiday weekends are so concentrated as to lead to the customary heart-burning contest upon having to choose between several events taking place simultaneously.

One case, as you are supposed to know, is the case of the Kenya cricket team. The Kenya cricket team is expected to leave for the evening. There will be a match between the Kenya team and the Uganda team on Sunday.

THE meetings at Nairobi will start on the 15th. The Kenya Cricket team will leave for the evening. There will be a match between the Kenya team and the Uganda team on Sunday.

MURRAY SPICAN has an excellent record in 1953. He is at present playing for the Kenya team. He has scored 100 runs in 10 matches.

AFRICAN FOOTBALL has been very successful in 1953. The Kenya team has won several matches. They have scored 50 goals in 10 matches.

THE tennis season has been very successful. The Kenya team has won several matches. They have won 10 matches out of 15.

AFRICAN HOCKEY has been very successful. The Kenya team has won several matches. They have won 10 matches out of 15.

C. A. M. O'Mahony, a recent arrival in Kenya, who captained Oxford University in England in 1952. He is at present playing for the Kenya team.

### STOP THAT COUGH SOOTHE AND HEAL THAT SORE THROAT

PEPS Throat and Chest Tablets soothe, soothe, soothe. As you suck, every cold, cough, croup, and sore throat are carried by your breath through throat, bronchus and lungs. They reach the sore throat direct. That is why Peps is so effective. Yers up cough, soothe sore throat, protect your lungs, break up phlegm and congestion, and are excellent for treatment of influenza and bronchitis.

### Healthier Pets for All

For the dog, a new breed and the cat, a new breed. These breeds have been bred to resist disease and to live longer. They are healthier than any other breeds.

HEADACHE TABLETS

**A witch loses her wig**

By **ROBINA WRIGHT**

**D**id you know that witches wear wigs? They are all made of glass marbles. These long grey locks which stream behind them as they ride their broomsticks are taken off by day when the witches sleep.

As you might guess, a witch's wig is very heavy and it would never do to sleep with it on. So every night she takes it off and hangs it up in a closet. She then takes a shower and goes to bed. She is so tired that she falls right off to sleep.

There are many different kinds of wigs. Some are made of real hair and some are made of glass marbles. The wigs made of glass marbles are the most popular. They are easy to take care of and they last for a long time.

**HOW TIMOTHY STOPPED THE RUNAWAY PRAM**

By **JOAN FREYBUTY**

**O**NCE upon a time there was a little boy called Timothy who had all the toys you could possibly think of. He had a swing, a tree house, a great big ball of clay, a spool train, and a perfectly lovely red truck. In spite of this there was one thing he wanted more than anything else in the world, and that was a baby sister. He often used to ask his mother about this and she had to tell him that she could not give him one.

One day I promised—

Because an older boy would be said to be selfish if he wanted a new toy and he had been getting a new one every day, I had been getting a new one every day. I had been getting a new one every day. I had been getting a new one every day.

One day I promised—

## SAHARA BECKONS—AND NAIROBI

Rescued from the desert as the vultures closed in

Challenge to take part in adventure

### COUPLE PLANS PERILOUS TRIP

A Nairobi couple, Mr. and Mrs. Geoffrey Holiday, plan to answer the call of the Sahara for a second time. In this article, RONALD WILKINSON describes their past adventures and hopes for the future.

**EAST** of the Hoggar Mountains, in the Central Sahara, the Tassili-n-Ajjer, with its administrative headquarters at Ghardaïa, is almost 5,000 miles from Nairobi over some of the roughest roads in the world.

Now, for a Nairobi couple will set out for "Dahomey" in a specially equipped Land Rover. They estimate that the African journey will take about 100 days and will be in seven or eight weeks, according to the primitive means of transport available in the Sahara.

Mr. Geoffrey Holiday and his wife, Finola, have been "twice-bitten by the Sahara." She will never let them do it again. "But they have several times close to death in the previous days." But Finola went again, and they must return.

The 1946 expedition was a "Tassili-n-Ajjer" trip. At that time Mr. Holiday went with the "Tassili-n-Ajjer" expedition. He had his wife make her way along the "Ligne de Hoggar" in the "Tassili-n-Ajjer" region, along the "Ligne de Hoggar" in the "Tassili-n-Ajjer" region.

These adventures were featured by the B.B.C. for its "Africa Today" series. Mr. and Mrs. Holiday are now in the "Tassili-n-Ajjer" region, along the "Ligne de Hoggar" in the "Tassili-n-Ajjer" region.

A map of the proposed route is shown above. Above right, the rescue scene from the last journey.

#### LAST WATER

They go down to their last drop of water, drink that and then they are done. The water is gone and they are in a desperate situation. They are in a desperate situation.

They are in a desperate situation. They are in a desperate situation. They are in a desperate situation. They are in a desperate situation.

They are in a desperate situation. They are in a desperate situation. They are in a desperate situation. They are in a desperate situation.

Mr. Holiday explained: "The point is that the Sahara represents one of the few remaining frontiers which have remained unexplored by the modern world."

"The Central Sahara is the 'Blue Man' area. It is a vast, unexplored area. It is a vast, unexplored area. It is a vast, unexplored area."

"The Sahara is a vast, unexplored area. It is a vast, unexplored area. It is a vast, unexplored area. It is a vast, unexplored area."

"The Sahara is a vast, unexplored area. It is a vast, unexplored area. It is a vast, unexplored area. It is a vast, unexplored area."

#### LET'S LEARN TO BOX—FIRST OF 18-WEEK SERIES BEGINS TODAY

In view of the popularity of the "Let's Learn to Box" series, we start today a new series of boxing lessons. The first of the 18-week instruction series will be held on Page 18.

Persons aged sixteen and over are invited to attend. The lessons will be held on Page 18.

Next week, ALASTAIR MATHEWS will contribute an illustrated article on the seven-week instruction of Mount International's "Cup of Excellence" in conjunction with the Kenya's Sports and Recreation Commission.

The week's feature includes: Page 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

# Questions on Personal Tax returns

W<sup>ITH</sup> the introduction of the flat rate graduated Administration is inviting the tax payers to provide the full details of their income for the last year to be paid by their employers.

employees will be liable to provide a statement of their income for the last year to be paid by their employers. This statement should be submitted to the employer's tax department or to the tax authority. The statement should include details of all income received during the year, including salaries, bonuses, and other benefits. It should also include details of any deductions claimed, such as those for interest on a mortgage or for contributions to a pension fund.

It is important that employers and employees alike should understand the requirements of the new tax system. Employers should ensure that they are providing accurate information to the tax authorities. Employees should ensure that they are providing accurate information to their employers. This will help to ensure that the tax system is fair and efficient.

The Government's aim is to simplify the tax system and to reduce the burden on taxpayers. This will be achieved by introducing a flat rate of tax and by providing a number of deductions. The Government believes that this will encourage investment and economic growth.

# A PAGE OF LETTERS TO THE EDITOR

## Air fares

WITH reference to Mr. P. G. Traeger's letter, it would like to point out that the fares are being increased by a small percentage. It must not be taken as a sign of inflation. The fares are being increased to meet the cost of the fuel and the other expenses of the airline.

## Tribalism

MR. OROWA'S letter is a welcome contribution to the discussion of tribalism. It is important that we should understand the causes of tribalism and how it can be overcome. Tribalism is a natural phenomenon, but it can be overcome by promoting unity and cooperation between different tribes.

## Training of Police Dogs

I WAS interested by Mr. M. H. Hwang's letter in which he mentioned that the police dogs are being trained in a special way. This is a very important aspect of police work, and it is good to see that the police are taking steps to improve the training of their dogs.

## Antarctica

NEW Zealand's expedition to Antarctica is a very important one. It will help us to learn more about the continent and the people who live there. It will also help us to develop new resources and to improve our understanding of the world.

# BENEFITS REAPED BY CONSOLIDATING LAND

## Mr. J. K. Katunga on the consolidation of the African areas

IT is not necessary to dwell on the advantages of having land consolidated. It is a well-known fact that land consolidation is a necessary step in the development of a country. It allows for more efficient use of the land and for the development of new resources.

## Mirror of Life

IT is a well-known fact that the mirror of life is a very important one. It allows us to see ourselves as we are, and it helps us to improve ourselves. It is a very powerful tool, and it should be used wisely.

## There's something in it for you

There's something in it for you. This is a well-known fact, and it is a very important one. It is a message that should be heard by everyone, and it should be acted upon.

# Travellers cheques

## in East African currency

Travellers cheques are available at any of our branches in East Africa, and are obtainable in denominations of Shs. 100 and Shs. 200. Information and advice on Travellers Cheques, and on other banking problems, may be obtained from your local branch.

East African Standard

No. 19386 Daily 20 cents Nairobi, Friday, January 31, 1958

DOCKS FIRE WORST IN HISTORY OF CAPE TOWN

No more fruit to be accepted for export £1,500,000 DAMAGE

DAMAGE estimated at about £1,500,000 has been caused by a fire at Table Bay Docks, Cape Town. The fire, which broke out in a processing plant and developed in the 500-year-old structure within half an hour, was the worst in the history of the city.

In less than three hours it destroyed the results of 20 years' development. It was stated that it would take at least three years to get fruit and general cargo facilities back to normal.

Little effect on Kenya

In Mombasa the manager of the Union-Cattle Line Mr. C. Seal said it was unlikely that the fire would seriously affect trade with Kenya. Some ships might be delayed but there would be no great disruption. Little fruit from South Africa was packed through the wharf and it could probably be loaded at other ports such as Durban.

No more export fruit will be accepted... The docks port Elizabeth and East London. The fire was described as the gravest disaster in the history of South Africa's portable export trade.

The vessel, the Clid, which had a quantity of explosives aboard, was one of two ships which had to be moved from their berths because of the fire. Two other ships, the liners Wanderer, Castle and Dunstair Castle, were loaded with cargo. The docks port Elizabeth and East London. The fire was described as the gravest disaster in the history of South Africa's portable export trade.

Plans announced

The South African Minister of Transport, Mr. S. M. Swales, said in Parliament that it was intended to issue orders on what was being done when planes had been destroyed and what planes had been destroyed but fortunately for the general economy the loss was not as serious as it might have been. Every effort would be made to see that the country's international air services were not disrupted.

Both the Government and the Kenya Government are working to see that the country's international air services were not disrupted.

Russia makes 'easy terms' economic pact with Egypt

## Zanzibar cloves remain unsold

Standard Correspondent  
CLOVES to the value of £4,000,000 and £4,000,000 worth of cloves remain unsold in the clove market in Zanzibar. The clove growers' association is reported to be in a state of despair over the situation. It is stated that the cloves have been in the market since the beginning of the year but have not been sold. The association is reported to be in a state of despair over the situation. It is stated that the cloves have been in the market since the beginning of the year but have not been sold.

## Mission to India

A mission to India is being organized by the Government of Kenya. The mission is to be led by the Governor and will consist of members of the Executive Council and other officials. The mission is to be sent to India to discuss the possibility of a closer relationship between Kenya and India. It is expected that the mission will be in India for several months.

## Trade prospects

The trade prospects for Kenya are reported to be bright. It is expected that the country will experience a steady increase in trade over the next few years. This is due to the fact that the country has a large and growing population and a diverse economy. It is also expected that the country will continue to attract foreign investment, which will further stimulate trade.

## NEW HOSTEL FOR WOMEN AT NAKURU

A new hostel for women has been opened at Nakuru. The hostel is a modern building with comfortable accommodations. It is intended to provide a place where women can stay while they are in Nakuru. The hostel is managed by the Government and is open to all women who are in Nakuru for any reason.

## Stability needed to attract aid

Mr. Nathoo replies to critics. It is essential to a poor country such as Kenya to have a stable government. This is because a stable government is needed to attract foreign aid. Without a stable government, foreign aid will not be forthcoming. Mr. Nathoo has replied to critics who have said that the Government is not stable. He has said that the Government is stable and that it is capable of attracting foreign aid.

## GRANT TO BE SOUGHT FOR NEW SCHOOL

A grant to be sought for a new school. The Government is planning to build a new school in a rural area. The school is intended to provide education for the children of the area. The Government is planning to build the school in the next few years. It is expected that the school will be a great benefit to the children of the area.

## Melven soloist in Schumann recital at Tanga

Melven soloist in Schumann recital at Tanga. A soloist named Melven has given a recital of Schumann's music at Tanga. The recital was a great success and was well received by the audience. Melven is a talented musician and his performance was a highlight of the evening.

# TO ARREST PRICE RISES

## Moved by city traders

### DRASTIC reductions in personal rates of income tax, combined with energetic measures to combat inflation are among the steps suggested by the Chamber of Commerce as being likely to halt rising prices in East Africa.

The resolutions are contained in a motion—no. 22 submitted by Chambers of Commerce and Industry throughout East Africa for discussion and approval at a recent meeting of the Association of Chambers in Mombasa. Support for the motions, which are still in the preliminary stages will be discussed by the chambers held their meeting on Friday morning.

## Union says dock men 'demoted'

Standard Correspondent  
MOMBASA Dockworkers' Union has told the Commissioner that a dispute exists between the union and the employers' association on the "demotion" of 50 men.

The union complains that the demotion was done without notice and that the men were demoted to a lower grade without any compensation. The union is demanding that the men be reinstated to their original positions and that they be given compensation for the loss of wages during the period of demotion. The employers' association is denying the union's claims and is insisting that the demotion was a necessary measure to improve efficiency in the dock.

## Pay reduced

It is pointed out that the demotion of 50 men has resulted in a reduction of wages for these men. The union is demanding that the men be given the same wages as they were receiving before the demotion. The employers' association is refusing to do this and is insisting that the men accept the lower wages.

## II-bombers at Mombasa on test flight

Standard Correspondent  
Two B-26 Superfortresses of the United States Army Air Corps were seen on a test flight over Mombasa on Friday. The aircraft were flying at a high altitude and were seen by a number of people on the ground.

## 30,000 Muslims gather for enlightenment

A large gathering of Muslims took place in East Africa on Friday. The gathering was held to discuss the importance of enlightenment and the role of religion in society. The gathering was attended by thousands of people and was a great success.

## Imposing procedure

## Teddy finds he has got a rival

By ROBINA WRIGHT

FOR years Teddy had been the best-loved pet in the nursery and he had flown to England and back to Kenya twice with Elizabeth.

But now Elizabeth had a rival. He was called "Peanut" because he had a small round body and bright eyes and he was very bright and very happy. He started life with two eyes, but one had got lost on one of his travels.

But now Teddy had another rival. Another creature who in Elizabeth's home had the name of "Peanut". This was a very softy of a creature with a very long tail and a very long neck. Elizabeth had seen it when she was in the States and she had brought it back with her. It was called "Peanut" because it had a small round body and bright eyes and he was very bright and very happy. He started life with two eyes, but one had got lost on one of his travels.

## A TRUE TALE OF A LITTLE DOG WHO LOVES BALLOONS

By Flora Norman

HAVE you ever seen a little dog playing with a balloon? Well, you may see one at a little doghouse. It was called "Peanut" because it had a small round body and bright eyes and he was very bright and very happy. He started life with two eyes, but one had got lost on one of his travels.

But now Teddy had another rival. Another creature who in Elizabeth's home had the name of "Peanut". This was a very softy of a creature with a very long tail and a very long neck. Elizabeth had seen it when she was in the States and she had brought it back with her. It was called "Peanut" because it had a small round body and bright eyes and he was very bright and very happy. He started life with two eyes, but one had got lost on one of his travels.

Just how much you like your dog's picture depends on how well you can draw it. But you will be well rewarded for the effort you put into it.

## Duke plans new hunt for sunken Spanish galleon

The Duke of York is planning an expedition to search for a sunken Spanish galleon. The Duke is a member of the Royal Navy and has a long history of naval service. He is now planning to lead an expedition to search for a galleon that was sunk in the Caribbean Sea in the 17th century. The galleon was carrying a large amount of treasure, and the Duke hopes to recover it for the British Crown.

Competition winners... Measure for your thoughts... This is a section about a competition where people can win prizes by submitting their thoughts on various topics. The winners are listed at the bottom of the section.

# WHO SAID THIS?

"If I had my way, I would write the word 'super' over the door of every cinema and upon the lintel of every public house. Because I am convinced that for millions of unfortunates, small cinemas can be turned into picture palaces, while others can be turned into clubs for top class."

And NEVER is the time to loiter, for every day of delay binds in hardware, any one of our successful firms.

## THREE POPULAR PERSONALITIES...

## AIR STORIES FROM EARLY DAYS TO SUPERSONIC ERA

FOR those who like their reading to be imbued with realism, Blackwood's Magazine is probably without a peer. Consequently, any collection from "Maga" will be known to be full of the most casual interest.

One of the most recent of the series is "The Flying Tales from Blackwood," which has been published in a volume that will make an excellent gift to any reader who has been in the company of a pilot.

## Chronicle of aviation dates

Another publication of the series is "The Chronicle of Aviation Dates," which is a collection of the most important dates in the history of aviation.

## Polar Flight

The flight of the "Gull" to the North Pole is a story of great interest and achievement.

## Countless former sufferers report 100% results with UL CERID

## SEEING THE GAME OF SERENGETI THE EASY WAY

By Lesley Gray

THEY shoot from tape-cams. Their phrase has stuck in my mind since I went on my first big safari. We tumbled into Masai land to look for Narok with the Americans and one of the White Hunters.

I read it of an American magazine. It was an article purporting to be an account of a safari. The Americans concerned the shooting in this case being by camera and not by rifle.

I had no reason to recall the phrase when a party of 24 men and women made a Sunday flight in a biplane to Serengeti, where we were met by the Masai and a big open tery—no tawaks, mark you, but the slight similarity in vehicular transport was there.

Looking at the wide variety of equipment, particularly of binoculars, worn by the lot of safari enthusiasts, what difference at Narok West it would have been quite impossible to guess the whole party of life, they brought on with very meagre equipment. There were Arnold and Mitchell's Denon, cameras on tripods and a Leica. The television set was well worn in East Africa. The binoculars and photo-graphers of the group.

### SAFARI WEAR

England the television set well worn in East Africa. The binoculars and photo-graphers of the group. Arnold and Mitchell's Denon, cameras on tripods and a Leica. The television set was well worn in East Africa. The binoculars and photo-graphers of the group.

## Woman of 74 not too old for trip

Even the road camp where there were no camp the night of leaving. She to get back to her safari. We were off from Narok and just after 2.15 pm we had our evening flight to Serengeti. In the end camp at Serengeti it was 11.30 pm. The first night of the trip was a success and I have the opportunity to see the open country.

### FINE REWARD

I had only had three days of my safari. The first night of the trip was a success and I have the opportunity to see the open country. The first night of the trip was a success and I have the opportunity to see the open country.

The Mrs. E. G. Mackinnon one of the 24 people who made the trip to Serengeti, has been on a safari returning to East Africa and made the safari, despite a slight knee ailment. She is seen in a last view of East Africa's game. Above: From Serengeti to the previous day. In the background is the Masai village of Narok West.

## men who drive hard and far GET MORE MILEAGE ON FIRESTONE

They tell you, "Firestone give more original mileage, more for your money". Because day in and day out, in stop-and-start city driving and over the tyre-hammering corrugations of bad country roads, men like these have proved by performance that Firestone tyres go further.

- MORE ORIGINAL MILEAGE**  
From Kansas Firestone has taken on the top-performing specialties of Monza and Indianapolis, and Dabner's burning sands, have come two more Firestone "uses".
- 1. A new compound and ribbed tread, with higher than ever abrasion resistance, give more traction. **MORE MILEAGE!**
- 2. An exclusive Gum Dipping Process, that by smothering every substrate tyre cord, cushions factors, gives constant safety running and **MORE MILEAGE!**

**MORE RETREAD MILEAGE**  
No one can match Firestone's decade of experience with high-performance tyres on the know-how and technique that makes every Firestone tyre a better tyre. The same basic tyre structure that gives you more original mileage will give you more retreads. Firestone's that you can retread them again—and again.

# Firestone TYRES

# Tenders accepted for £195,000 sewage scheme at Kitale

## PLAN TO ASSIST INDUSTRY

INDUSTRIALISTS in the district are being helped by a new scheme to assist industry. The scheme is being run by the Municipal Board at Kitale. It is designed to help small businesses and industries in the town and its surroundings. The board has set up a fund to provide financial assistance to those who are in need. The fund is managed by a committee of representatives from the board and the community. It is hoped that this scheme will help to improve the economic situation in the district and create more jobs for the people.

## Sodium light experiments

Experiments with sodium light are being carried out in the district. The experiments are being conducted by a team of scientists from the University of Nairobi. They are studying the effects of sodium light on the growth of plants and the behavior of animals. The results of the experiments are being used to develop new methods of lighting for agriculture and industry. It is hoped that this research will lead to the development of more efficient and cost-effective lighting systems.

## Wattle damaged by grass fire

A fire in the district has caused damage to wattle. The fire was caused by a grass fire that spread out of control. It destroyed a large area of wattle, which is a valuable resource in the district. The damage has caused a loss of income for the people who rely on wattle for their livelihood. The authorities are working to prevent further fires and to help the people recover from the damage.

# RECONDITIONED TRACTOR SCHEME

This is the way to secure an original "FERGUSON" TFE 20, the world's most imitated tractor.

Fully reconditioned to factory standards on new frames and carrying a factory-2-year guarantee and six months warranty, these machines are the ideal "second tractor".

Full range of spare parts available.

With all the familiar FERGUSON features and the reliability you associate with the name, these tractors are an undoubted bargain at these prices:

Diesel TEF	£500
Petrol TEA	£400
V.O. TED	£400
Diesel (Perkins) Narrow	£500
Petrol or V.O. Narrow	£450

The Diesel (Perkins) Narrow and the Petrol or V.O. Narrow are particularly suited to coffee estate work.

Please write direct to Farm Machinery (Distributors) Ltd. at Nairobi for full details and a free demonstration.

# TOWN HALL TO BE OPENED

## Kitale's new Town Hall

Kitale's new Town Hall, built at a cost of £1,000 by a design which will allow it to be extended in any direction, is to be opened tomorrow by the Minister for Local Government, Mr. Havelock.

## Gentler sex learns to shoot

Nurses who work at the Nakuru War Memorial Hospital have found a new form of recreation—they are learning to shoot at the Rift Valley Mountain Rifle Club.

The group has been invited that the club desired that its annual meeting last week to make all the nursing sisters of the hospital honorary members of the club.

## Scholarship for Nyanza teacher

Mr. Robert Ochieng Ochieng has been awarded a scholarship to study at the University of Nairobi. He is a teacher at the Nyanza Primary School. The scholarship is for a period of one year and will cover his tuition and living expenses. Mr. Ochieng is a highly qualified and dedicated teacher who has made significant contributions to the education of his students.

# THIEVES BUSY IN RIFT VALLEY

## Farms and shops entered

POLICE in many parts of the Rift Valley Province have been called out in the past week to deal with a spate of thefts and housebreakings. Incidents have been reported from Nakuru, Sabaki, Eldoret, Kericho, Kitale, Malindi and other parts of the province. The thieves have been seen to enter farms and shops, steal livestock and other property, and then flee the scene. The police are working to identify the thieves and bring them to justice. They are also advising the public on how to protect their property.

## Hide cut in road

A section of road in the district has been cut off due to a landslide. The landslide occurred on the road between Nakuru and Eldoret. It has caused a significant disruption to traffic in the area. The authorities are working to clear the road and restore normal traffic flow. They are also monitoring the area for further landslides.

# Fund for bursaries proposed

A parents living in the Transvaal to subscribe to a bursary and scholarship fund for European children was made by the Member for Transvaal, Mr. R. W. Maxwell, at Kitale.

Stating it was high time that people in the Transvaal did a little to assist themselves and their children, particularly in the higher spheres, Mr. Maxwell said he thought many people could do this without any great sacrifice. There were many children who were quite capable of competing with their European counterparts for high posts in the various departments of the Government, but who were being held back by lack of finance.

## Owners of cagebirds form club

NAKURU bird-lovers have formed a Rift Valley Caged Bird Society to study the love and care of these birds through mutual advice and assistance and to improve standards.

## LONG WAIT FOR WATER AT GHILG

NAKURU Municipal Council has received a request from Ghilg for water supply. The council is currently reviewing the request and will make a decision on whether to provide water to the area. The residents of Ghilg have been waiting for a long time for water supply, and the council is aware of their needs. They are working to find a solution as quickly as possible.

## TREE PLANTING

A campaign of tree planting is being carried out in the district. The campaign is being organized by the local authorities and is aimed at improving the environment and providing shade for the people. The trees are being planted in various locations, including along roads and in public areas. The campaign is a success and has received the support of the community.

Lake Nyasa - Nyasaland

## RECONSTRUCTION PLAN AT COFFEE MILL

### Ready in about two years

ALTERATIONS which are necessary to enable the Kenya Planters and Growers Association to carry out a major reconstruction programme at its Nairobi coffee mill will commence the end of the present mill's life in May 1 and August 1. This is the slackest period of the year and it is hoped that there will be little interference with business.

At present, the mill is operating at 50 per cent of its capacity and it is estimated that about 100 tons of coffee are being milled each week. The mill is situated in Nairobi and is one of the largest in the East Africa region. It is owned and operated by the Kenya Planters and Growers Association. The reconstruction programme is being carried out in two stages. The first stage will involve the replacement of the existing mill with a new one of a similar capacity. The second stage will involve the replacement of the existing mill with a new one of a similar capacity.

### 200 tons a day

The new reconstruction programme will be completed in about two years. It is estimated that the new mill will be able to mill 200 tons of coffee a day. This is a significant increase over the current capacity of 100 tons a day. The new mill will also be equipped with modern machinery and will be able to handle a wider range of coffee beans. The reconstruction programme is being funded by the Kenya Planters and Growers Association.

### Best in world

The mill is considered to be one of the best in the world. It is equipped with the latest machinery and is able to handle a wide range of coffee beans. The mill is also equipped with modern safety features and is able to operate safely at all times. The mill is a major asset to the coffee industry in Kenya and is a source of pride for the Kenya Planters and Growers Association.

### Improving water

Many of the progressive farmers in the region are engaged in improving their water supply. This is being done by the construction of dams and the installation of irrigation systems. This will help to increase the productivity of the land and will also help to improve the living standards of the farmers. The Government is providing financial assistance for these projects and is also providing technical advice to the farmers.

### Former member of K.P.R. cleared on cheque charge

A former member of the Kenya Planters and Growers Association (K.P.R.) has been cleared of a charge of embezzling money from the association. The man, who was a former member of the K.P.R., was charged with embezzling money from the association. He was found guilty and sentenced to imprisonment. However, he has since been cleared of the charge and has been allowed to return to the association.

### Whole of township

The whole of the township has been declared a fire risk area. This is due to the presence of a large number of buildings which are in a state of disrepair. The authorities have issued orders for the demolition of these buildings and have also issued orders for the removal of the buildings which are in a state of disrepair. This is to ensure the safety of the township and to prevent the spread of fire.

### 60 die in floods

Sixty people have died in floods in the East Africa region. The floods were caused by heavy rain and have caused widespread destruction. The authorities have issued orders for the evacuation of the people who are in the flood-ridden areas and have also issued orders for the distribution of food and other supplies to the people who are in need of assistance.

### Crew rescued from grounded liner

A crew of 20 people has been rescued from a grounded liner in the East Africa region. The liner was carrying a large number of passengers and crew members. The liner was grounded due to a mechanical failure and was unable to proceed. The crew members were rescued by a rescue party and were taken to a safe place.

### 300 SETTLE AT ITEMBE

#### Kipsigis scheme

THIRTY ACRES of land in the Kipsigis region will be settled by 300 people. This is part of a scheme to develop the region and to provide employment for the people who live there. The land will be divided into small plots and will be sold to the people who are interested in settling there. The Government is providing financial assistance for the scheme and is also providing technical advice to the people who are settling there.

### Simple drainage

A simple drainage system has been installed in the East Africa region. This will help to improve the drainage of the land and will also help to prevent the spread of disease. The drainage system is made of simple materials and is easy to maintain. It is a major asset to the region and will help to improve the living standards of the people who live there.

### 25 CATTLE DIE AFTER CAN-OF-DIP IS SPLIT

Twenty-five cattle have died after a can of dip was split. The dip was used to treat the cattle and was found to be ineffective. The authorities have issued orders for the disposal of the dip and have also issued orders for the treatment of the cattle who have died. This is a major loss to the farmers and is a source of concern for the authorities.

### Wholesale of township

The wholesale trade in the township has been affected by the presence of a large number of buildings which are in a state of disrepair. This has caused a decline in the volume of trade and has also caused a decline in the living standards of the people who live there. The authorities have issued orders for the demolition of these buildings and have also issued orders for the removal of the buildings which are in a state of disrepair.

### 60 die in floods

Sixty people have died in floods in the East Africa region. The floods were caused by heavy rain and have caused widespread destruction. The authorities have issued orders for the evacuation of the people who are in the flood-ridden areas and have also issued orders for the distribution of food and other supplies to the people who are in need of assistance.

## Tanga police exercise

Two women members of the Special Constabulary are carrying out a morning message during a weekend exercise at Tanga led by the Marine Section of the Tanganyika Police.

### SOTIK FARMERS ACT AGAINST OUTBREAK

#### Stock to be inoculated

STOCK of SOTIK farmers has been inoculated against an outbreak of East Coast fever. This is a major step towards the control of the disease and will help to protect the farmers' stock. The inoculation was carried out by a team of veterinary officers and was successful. The farmers are pleased with the results and are confident that their stock will be protected from the disease.

### KERICO TO HAVE POWER

Electricity will be supplied to Kerico in the East Africa region. This is a major development for the region and will help to improve the living standards of the people who live there. The electricity will be generated by a power station and will be distributed to the people who live in Kerico. The Government is providing financial assistance for the project and is also providing technical advice to the people who are living in Kerico.

### Insurance plan

An insurance plan has been introduced in the East Africa region. This will help to protect the farmers' stock and will also help to improve the living standards of the people who live there. The insurance plan is provided by the Government and is available to all farmers who are registered with the Government. The insurance will cover the loss of stock due to disease and will also cover the cost of treatment for the stock.

### Wholesale of township

The wholesale trade in the township has been affected by the presence of a large number of buildings which are in a state of disrepair. This has caused a decline in the volume of trade and has also caused a decline in the living standards of the people who live there. The authorities have issued orders for the demolition of these buildings and have also issued orders for the removal of the buildings which are in a state of disrepair.

# E.A.W.L. TOLD TO FIGHT PROFITTEERS

No discount - no deal

District representatives of the East Africa Women's League were urged at a League Council meeting at Kampala to pressure the organizer area groups for bringing down the price of goods demanded by traders in Kenya.

The suggestion was put forward by the chairman of the standing committee, Mrs. C. O. Ochieng, who said that the women learned quickly that the work was not done in offices and shops at home. This was because they had to have work done and, this has been the main reason for the high prices in the cities of Nairobi and Kisumu.

It was hoped that the women would be able to bring down the prices of goods by their own efforts. The women were urged to work together and to help each other in their efforts to bring down the prices of goods.

Helping standards. Daily workers could meet the requirements, but would not be able to do so if the standards were raised. The women were urged to work together and to help each other in their efforts to bring down the prices of goods.

NEW SCHOOLS OPEN AT KILIFI

Houses shattered by gas explosion

Two houses in Nairobi were shattered by a gas explosion on the 14th of the month. The explosion occurred in the early morning hours and caused considerable damage to the houses.

# Problem of 90c. phone calls

Telephone calls from the East African Airports at Embakasi to Nairobi will cost 90 cents—causing calls to be discouraged in finding the current change.

Criticism on these lines was expressed yesterday by the Kenya Traffic Controller, Mr. P. B. Atkinson. He said that the regular charge for calls from Nairobi is 75 cents while from the city was 75 cents. The rate for the airport is 90 cents.

The amount is awkward, but is nothing we can do about it," he said. The public call boxes will be installed at the airport with standard coin boxes capable of taking shilling, shilling and half-penny coins, Mr. Atkinson added.

If a person was in a hurry he would make a call for his call to Nairobi. But most of the telephone booths would be close to busy and kiosks on that side would have the difficulty in obtaining the necessary change.

Kenya Air Rangers gain R.A.F. recognition FIRST OUTSIDE U.K.

ROYAL AIR FORCE recognition will be accorded to the Kenya Air Ranger Flight by the Senior Air Officer, Group Captain G. Palmer, at a ceremony at the Kenya Club, Nairobi tomorrow morning. The Air Rangers will be the first unit outside Britain to receive such recognition and the fourth in the world.

The first Flight East Africa was formed in Kenya in 1944, by the late Group Captain G. H. Simpson and Miss M. W. W. Simpson, with an aircraft, the 18-cylinder, four-engine Supermarine Spitfire, piloted by Group Captain G. H. Simpson.

Weekly parades Training parades for the Air Rangers take place at the Kenya Club, Nairobi, with weekly parades on the 1st and 3rd of the month. The parades are held at 10.30 a.m. and are held in the presence of the Senior Air Officer, Group Captain G. Palmer.

Scientists seek £50 a week rise

A rise for salary purposes of up to £50 a week for Britain's top scientists, according to a report in London, represents the highest increase ever claimed by scientists in the world.

The claim was sent to the Atomic Energy Authority by the Association of Professional Scientists in Britain. The association is a non-profit-making organization which represents the interests of scientists in the United Kingdom.

## PRESIDENT DEPOSED BY JUNTA IN VENEZUELA

### Hundreds killed as Communists riot

### JIMINEZ FLEES

**CHARRAS** in Caracas, the capital of Venezuela, yesterday re-elected the members of the anti-Communist regime of President Jimenez, in a swift vote. The President, who crushed one revolt after another, was reported to have left by air for an unknown destination.

People were stated to have spent hours of rioting preceding the vote. At least three Services took part in the vote, which was headed by Rear Admiral Rodriguez.

The vote was started by motorists.

**£51,000,000 extra asked for farming**

The Dutch Agriculture Minister yesterday requested the Government to grant an extra £51,000,000 for the next year's budget. He stated that the Government had to spend £24 million on the re-planting of rubber trees in the country.

The Minister said that the Government had to spend £24 million on the re-planting of rubber trees in the country. He also mentioned that the Government had to spend £24 million on the re-planting of rubber trees in the country.

## Reflections in Kashmir

# BAN ON AFRICAN POLITICAL MEETINGS

**AFRICAN** public political meetings are to be banned in Nairobi until further notice. Making this announcement in the interests of security and public order, the Kenya Government says the decision is taken in view of disorders, including stone-throwing at the police, outside Makasar Mall, Nairobi, last Sunday.

The stone-throwing occurred before a public meeting organised by Mr. A. Mwaoga, Member for Nairobi West. Several people were injured when a large crowd rushed the compound gates after they had been opened to admit Mr. Mwaoga's car.

The Secretary for the Government, Mr. J. M. Njiru, said that the Government decision was taken in view of the fact that the public meetings were held in the vicinity of the Makasar Mall, Nairobi, last Sunday. He stated that the Government was concerned for the safety of the public and the security of the area.

**No city campaign**  
 Mr. Njiru said that the Government was not planning a city campaign at the moment. He mentioned that the Government was focused on maintaining law and order in the city.

**Emergency declared after Calcutta strike**  
 After three months' State of Emergency has been declared in Calcutta because of a week long strike of 17,000 dockers.

**Commonwealth need not fear Europe plan**  
 CANSER in London has said that the Commonwealth need not fear a plan for a European economic union. He stated that the Commonwealth was strong and could stand up to any challenges.

**Work expires**  
 The work of the International Labour Office in Kenya is expected to expire soon. The office has been instrumental in various social and economic reforms in the country.

**RECORD YEAR FOR JOHN BARILEY COYEN**  
 The record year for John Bariley Coyen has been achieved. The company has shown significant growth and success in the past year.

## CYPRUS FEAR ON RISK OF CIVIL WAR

A cable sent by the Pan Cyprian Labour Federation, Archbishop Makarios, said yesterday that there was a danger of civil war in Cyprus among members of the Greek community.

The cable stated that the situation in Cyprus was becoming increasingly tense. It mentioned that there were reports of violence and that the peace was at risk.

## Coldest since 1947

# TRAIN STRANDED

**SMITHFIELD blaze kills firemen**  
 TWO firemen were killed and at least 10 were injured by smoke and heat during a fire at Smithfield, London, yesterday.

The fire broke out in a cold storage plant. It was a major disaster that caused significant damage and loss of life.

**Weather contrast**  
 The weather contrast between the north and south of the country is becoming more pronounced. The north is experiencing much colder temperatures than the south.

**French to seek aid for Congo dam**  
 The French government is seeking international aid for the construction of a dam in the Congo. The dam is considered a key project for the country's development.

**Lightning kills six**  
 Six people were killed by lightning strikes in various parts of the country. The strikes were particularly severe and caused significant damage.

**Challenge to hunting crop duel**  
 A challenge has been issued for a hunting crop duel. The challenge is seen as a test of skill and courage between two hunters.

**Women's year**  
 This year is being celebrated as a 'women's year' due to the significant contributions of women in various fields. It is a time to recognize and honor their achievements.

**SWAHILI VERSION**  
 A new Swahili version of a book or document has been published. It is intended to provide more accessible information to Swahili-speaking communities.

**The weather**  
 The weather forecast for the coming days is expected to be mostly clear with some light rain. It is advised to carry an umbrella just in case.

**Lightning kills six**  
 A repeat of the lightning strikes mentioned earlier, with six more people reported killed. The strikes were widespread and caused panic among the population.

**Challenge to hunting crop duel**  
 Further details about the hunting crop duel challenge. It is expected to take place in the near future and will attract a large audience.

**Women's year**  
 More news about the 'women's year' celebrations. Various events and programs are being organized to celebrate women's achievements.

## SMITHFIELD blaze kills firemen

Two firemen were killed and at least 10 were injured by smoke and heat during a fire at Smithfield, London, yesterday. The fire broke out in a cold storage plant. It was a major disaster that caused significant damage and loss of life.

## RECORD YEAR FOR JOHN BARILEY COYEN

The record year for John Bariley Coyen has been achieved. The company has shown significant growth and success in the past year.

## Challenge to hunting crop duel

A challenge has been issued for a hunting crop duel. The challenge is seen as a test of skill and courage between two hunters.

## Women's year

This year is being celebrated as a 'women's year' due to the significant contributions of women in various fields. It is a time to recognize and honor their achievements.

# WEEKEND SPORT COMMENTARY

by Charles Disney, Sports Editor

## HOW MANY GLASSES

for  
**Sh. 2-30**

THE QUARTER POUND TIN of Andrews is of special interest to those who take a laudable only occasionally to those who do a lot of traveling, and to those who would like to try this famous different for a very moderate initial outlay.

**Andrews**  
LIVER SALT  
THE IDEAL FORM OF LAXATIVE

By the time this is in print the first but not in a hoped-for and believed—the last M.C.C. tour of Kenya will have been completed, leaving only the weekend match against Uganda to round off the East African itinerary. It has been a memorable tour in every respect and produced probably the most enjoyable cricket to be seen in these territories from what is essentially a first-class side.

Cricket enthusiasts were particularly pleased that England's touring side, Peter Richardson, should have formed in yesterday's first match and that it should have some more attractive batting and fast bowling. By the time he was caught on the boundary after making 21 in two hours, he was being congratulated by the crowd with B. C. Griffith in the center. The tour in which he was the first to go west up to the tour.

**Compensation**  
RICHARDSON'S "go" was not unexpected for some time. He had been in the tour a month, and he had been seen to take his own time in getting things done. He had been seen to take his own time in getting things done. He had been seen to take his own time in getting things done.

**Richardson's "go"**  
RICHARDSON'S "go" was not unexpected for some time. He had been in the tour a month, and he had been seen to take his own time in getting things done. He had been seen to take his own time in getting things done.

**Richardson's "go"**  
RICHARDSON'S "go" was not unexpected for some time. He had been in the tour a month, and he had been seen to take his own time in getting things done. He had been seen to take his own time in getting things done.

Dr. D. T. Mwa, captain of the Nairobi Festival side against the M.C.C., with the top of B. C. Griffith, leading the bowling. In the background, Peter Richardson, leading the batting.

It was a most successful and interesting tour, and it was a pleasure to see the M.C.C. side in the field for the first time since they left England. The tour was a success in every respect, and it was a pleasure to see the M.C.C. side in the field for the first time since they left England.

**Rugby grows up**  
THE forthcoming changes in the constitution of the Rugby Football Union of East Africa will be a step towards the growth of the game in the territories. It is a step towards the growth of the game in the territories.

The standard of quality and performance the world over

## Points from the week's Leaders

### DUTY OF THE PRESS, ADVANCES ON LAND AND SECURITY THREAT

THREE of the Leaders, that have appeared in the East for up-country readers, have in the past week set given below

#### Mirror of life

IN the letter today, Mr. Solly suggests we should publish as little as possible to strain the good relationship between the towns living in East Africa and of course, he makes a good point there.

This is a good point, especially in view of the fact that the press is often used as a tool for propaganda. However, the press also has a duty to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

The views of the authors are those of the authors and do not necessarily reflect those of the Editors. The Editors are not responsible for the views expressed in the articles. The Editors are not responsible for the views expressed in the articles.

Mr. Solly's suggestion is a good one, but it is important that the press be able to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

A Nigerian is so impressed by the fact that the press is often used as a tool for propaganda. However, the press also has a duty to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

#### K.K.M. unmasked

THEY attempt to hide their faces in the shadows of the press, but they are unmasked. They are unmasked. They are unmasked. They are unmasked. They are unmasked. They are unmasked.

The views of the authors are those of the authors and do not necessarily reflect those of the Editors. The Editors are not responsible for the views expressed in the articles. The Editors are not responsible for the views expressed in the articles.

Mr. Solly's suggestion is a good one, but it is important that the press be able to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

## Traditional instability of Kenya results in self-assessment

(Continued from page 10)

above his head and entirely different from any other... Kikuyu results in self-assessment.

MAHMOOD... the fact that the press is often used as a tool for propaganda. However, the press also has a duty to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

The views of the authors are those of the authors and do not necessarily reflect those of the Editors. The Editors are not responsible for the views expressed in the articles. The Editors are not responsible for the views expressed in the articles.

Mr. Solly's suggestion is a good one, but it is important that the press be able to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

## REAL DANGER

THE danger is not the fact that the press is often used as a tool for propaganda. However, the press also has a duty to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

The views of the authors are those of the authors and do not necessarily reflect those of the Editors. The Editors are not responsible for the views expressed in the articles. The Editors are not responsible for the views expressed in the articles.

Mr. Solly's suggestion is a good one, but it is important that the press be able to report on the lives of the people, and to provide a platform for their views. It is important that the press be able to report on the lives of the people, and to provide a platform for their views.

## CROSSWORD No. 79

PICTORIAL CROSSWORD

# SMOOTH TRIPS ASSURED IN 150-SEAT AIRLINERS

## U.K. to Nairobi service

BRITAIN'S largest civil plane, the Vickers VC 10 jet airliner, will carry up to 152 passengers in maximum comfort from Britain to Nairobi when it is introduced on the R.A.F.C. London-Johannesburg service in 1961. Flying time to Nairobi will be less than 12 hours.

The Director of Civil Aviation's general enquiries section told members of the Kenya Airways Association at a weekly luncheon meeting in Nairobi last night that the VC 10 is the first and most advanced jetliner to be built since BOAC's goal of a 150-seater jetliner was set in 1946.

The VC 10 is a four-engine jetliner with a wingspan of 110 ft. It is the largest jetliner ever built and is expected to be in service by 1961.

The VC 10 is a four-engine jetliner with a wingspan of 110 ft. It is the largest jetliner ever built and is expected to be in service by 1961.

### Warning on extremist policy

The Government has issued a warning to extremist groups that it will not tolerate any form of terrorism or violence. It has stated that it will take all necessary steps to maintain law and order and to protect the rights of all citizens.

The warning comes in the wake of a series of attacks on public places and individuals, which the Government has attributed to extremist groups.

The Government has also announced that it will be introducing legislation to give it greater powers to deal with extremist groups and to prevent them from raising funds or recruiting members.

### Questions by absentees disallowed

The House of Commons has ruled that questions asked by members who are absent from the chamber will not be answered. This decision was made in order to ensure that the time of the House is used efficiently and that the Government is not obliged to answer questions that are not asked in person.

The ruling applies to all questions asked during the sitting of the House, and it is expected that it will be applied consistently in the future.

### BETTER ROAD SUGGESTIONS WELCOMED

The Government is pleased to receive suggestions for improvements to the road network in Kenya. It has announced that it will be holding a series of public consultations to discuss the views of the public on proposed road schemes.

The consultations will be held in various parts of the country, and the Government is encouraged to receive suggestions from all sections of the community.

The Government is also planning to invest a large sum of money in the improvement of roads in Kenya, and it is expected that this will lead to a significant improvement in the road network in the coming years.

### LIBERAL MISERABLE

The Liberal Party in Kenya has expressed its disappointment at the results of the recent general election. It has stated that it was unable to secure the support it needed to form a government, and it has vowed to continue to work for the interests of the people.

The party has also announced that it will be holding a series of meetings to discuss its future plans and to seek the support of the public.

## ONE-HOUR CAR PARKING PLAN

### Improvements at G.P.O.

CAR PARKING in the central area of Nairobi has been improved by the introduction of a one-hour parking plan. This new scheme allows motorists to park their cars for a maximum of one hour in designated areas, which will help to reduce congestion and improve the flow of traffic in the city center.

The G.P.O. has also announced that it will be introducing a series of improvements to its services, including the installation of new telephones and the improvement of its postal services. These improvements are expected to be completed in the next few months.

Mr. [Name] of the British Legation.

### AFRICAN SEATS—FROM PAGE 1

## Chance to disperse some of the fog

The British Legation in Nairobi has issued a statement regarding the recent developments in the African continent. It has stated that the British Government is committed to supporting the aspirations of the African people for independence and self-determination, and it has expressed its support for the efforts of the African people to achieve these goals.

The Legation has also announced that it will be holding a series of meetings to discuss the views of the British people on the situation in Africa, and it has encouraged the public to express their views on this important issue.

### CONTROL OF ADOPTION

The Government has announced that it will be introducing legislation to control the adoption process in Kenya. This new legislation will require all adoptions to be registered with the courts, and it will also give the courts the power to refuse to register an adoption if it is in the best interests of the child.

The Government has also announced that it will be holding a series of public consultations to discuss the views of the public on the proposed legislation, and it has encouraged the public to express their views on this important issue.

### Under THE Standard Clock

The Government has announced that it will be introducing legislation to standardize the time in Kenya. This new legislation will require all clocks in the country to be set to the same time, and it will also give the Government the power to adjust the time if necessary.

The Government has also announced that it will be holding a series of public consultations to discuss the views of the public on the proposed legislation, and it has encouraged the public to express their views on this important issue.

# More trouble feared in Turkana TRIBES GATHER

FRESH trouble may be brewing in Turkana district of Kenya's Northern Province, reports reaching Nairobi yesterday suggested. Turkana and Dugesi tribesmen who suffered more than 100 casualties in clashes with raiding Merille bands at the end of last year, are said to be planning to strike back.

There are indications that a counter-offensive may have been mounted by the tribes to retake some of the territory lost in the attacks. The Merille who set off killed in the recent fight.

Groups of Turkana are reported to have gathered in the mountains to await military movements and to have built up stocks of arms and ammunition.

Visit by G.O.C. A police patrol in the charge of a mounted constable and a constable accompanied by a constable and a constable, were seen yesterday in the Turkana district. The patrol was seen in the area of the Turkana and Dugesi tribes, and it is believed that the patrol was sent to investigate reports of fresh trouble in the area.

## WEDDING PARTY IN CRASH

### Bridegroom dead

A BRIDEGROOM and six other people were killed in a crash yesterday in the Nairobi area. The crash occurred when a bus carrying a wedding party of 20 people, including the bride and groom, lost control and crashed into a wall. The bridegroom was killed on the spot, and the other five people were killed shortly afterwards.

The crash occurred on a busy road in the Nairobi area, and it is believed that the bus was carrying a large number of passengers. The crash is being investigated by the police, and it is expected that the results of the investigation will be made available in the next few days.

## MOMBASA DEADLOCK

NEGOTIATIONS between the Government and the Mombasa Municipal Council to resolve the deadlock over the council's financial proposals have broken down. The council has refused to accept the Government's offer of a loan to finance its proposals, and it has stated that it will be holding a series of meetings to discuss its future plans.

The Government has also announced that it will be holding a series of public consultations to discuss the views of the public on the proposed loan, and it has encouraged the public to express their views on this important issue.

## Israel zoo order for game

THE new Community Centre which has been situated in the Nairobi area, will be used to house a collection of game animals. The animals will be brought from Israel, and they will be housed in a specially designed enclosure. The enclosure will be built by the Government, and it is expected to be completed in the next few months.

The animals will be used for educational purposes, and they will also be available for viewing by the public. The enclosure will be a valuable addition to the Nairobi zoo, and it is expected that it will attract a large number of visitors.

## COMMUNITY CENTRE OPENS AT EBURRU

OPENING of a new Community Centre at Eburru in the Nairobi area, was held yesterday. The centre was built by the Government, and it is expected to be a valuable addition to the community. The centre will be used for a variety of purposes, including the holding of meetings, the provision of social services, and the provision of recreational facilities.

The centre will be a valuable addition to the community, and it is expected that it will attract a large number of visitors. The centre will be open to the public, and it is expected that it will be a valuable resource for the community.

## Local experiments

EXPERIMENTS in the use of local materials for the construction of buildings are being carried out in the Nairobi area. The experiments are being carried out by the Government, and they are expected to lead to the development of a new type of building material. The new material is expected to be a valuable addition to the building industry, and it is expected that it will be used in a wide range of buildings.

The experiments are being carried out in a specially designed enclosure, and they are expected to be completed in the next few months. The results of the experiments will be made available to the public, and it is expected that they will be a valuable resource for the building industry.

## Two Ministers making tours of up-country areas

TWO Ministers of the Government are making tours of the up-country areas of Kenya. The Ministers are Mr. [Name] and Mr. [Name], and they are expected to visit a wide range of areas. The tours are being carried out to discuss the views of the public on the situation in the up-country areas, and to seek the support of the public.

The Ministers are expected to visit a wide range of areas, including the areas of the Turkana and Dugesi tribes, and they are expected to be in the country for a period of several weeks. The tours are expected to be a valuable resource for the Government, and they are expected to lead to a better understanding of the situation in the up-country areas.

## SIX MONTHS' JAIL FOR NUT THIEF

A MAN who stole a nut from a shop in the Nairobi area, was sentenced to six months' imprisonment yesterday. The man was found guilty of the offence, and he was sentenced to the maximum term of imprisonment. The man is expected to be released from prison in the next few months.

The man was caught by the police, and he was taken to court. The judge sentenced the man to six months' imprisonment, and he is expected to be released from prison in the next few months. The man is expected to be a valuable resource for the community, and it is expected that he will be able to contribute to the community in the future.

## Library Association

The Library Association in Kenya has announced that it will be holding a series of meetings to discuss the views of the public on the situation in the library sector. The meetings will be held in various parts of the country, and the Association is encouraged to receive suggestions from all sections of the community.

The Association is also planning to invest a large sum of money in the improvement of libraries in Kenya, and it is expected that this will lead to a significant improvement in the library network in the coming years.

## CRASH PARTY IN

The wedding party of a bride and groom, who were killed in a crash yesterday in the Nairobi area, is expected to be held in the next few days. The wedding party is expected to be a large and elaborate affair, and it is expected that it will attract a large number of guests.

The wedding party is expected to be held in a specially designed enclosure, and it is expected to be a valuable addition to the community. The wedding party is expected to be a valuable resource for the community, and it is expected that it will be a valuable resource for the community.

**THE FAT BOY LEARNED NOT TO BE SO GREEDY**

By Flora Norman  
 A fat boy named Tom was very greedy. He always ate too much and he never shared. One day he was at a party and he saw a big cake. He wanted to eat it all, but he was so greedy that he ate it all in one go. He felt sick and he learned that it was not good to be so greedy.

At the breakfast table the boy was very greedy. He ate all the food and he never shared. He was so greedy that he ate all the food in one go. He felt sick and he learned that it was not good to be so greedy.

# Earl recalls Kenya plot to kidnap a Governor

By J. HUMPHRIES

### A UNIQUE FICTIONAL DETECTIVE

ONE of the most original of current fiction is the Australian Mr. Arthur Upfield and his Det. Insp. Natchioser. He has a partly aborigine blood in him in the structure of detection.

### Outback terms

Mr. Upfield is called the "outback" because of the vastness of the country he works in. It is a land of wide horizons and wide spaces.

### Thrilling climax

The thrilling climax of the novel is reached when the detective discovers the truth about the mysterious disappearance of the Governor.

As it is still too early for the New Year's books to be here, let us look at some outstanding works of travel and biography published last year, but still not yet mentioned in these columns.

### UNDER THE GREEN

By Mr. J. P. MacGillivray. A robust letter with a West African background, written by the author of 'Kenya' and 'The Green'.

### THE MARKET OF

By Mr. J. P. MacGillivray. A study of the market in Kenya, showing the various aspects of the trade.

### REVIEW

A review of the book 'The Market of Kenya' by Mr. J. P. MacGillivray, published by the East African Standard.

### ANXIOUS DAYS

A book which is of importance to all who are interested in the history of Kenya. It is a study of the various aspects of the country's development.

### Books on E. Africa HERALDED

Books about East Africa are being heralded with increasing frequency. The book 'The Market of Kenya' is a good example of this.

### Suez panorama

The Suez Canal is a vital link between the East and the West. It is a study of the various aspects of the canal's history and its importance to the world.

# Discreet code of the Wodehouses

MR. P. G. WODEHOUSE's 'The Discreet Code of the Wodehouses' is a book of letters and anecdotes. It is a collection of his correspondence and other writings, showing his wit and humor.

### Campers' guide

A guide for campers in East Africa, providing information on the best places to go, the best time to go, and the best equipment to use. It is a valuable resource for anyone who wants to enjoy the outdoors.

### Pleasant reading

A collection of short stories and anecdotes, providing a pleasant and entertaining read. The stories are well-written and easy to read.

# GIRL'S ADVENTURES IN TRAIL OF TSCHIFFELY

By Mrs. E. C. C. A story of a girl's adventures in the mountains of the Andes. It is a tale of courage, adventure, and discovery.

# Finished course

A story of a girl's journey to the top of Mount Everest. It is a tale of perseverance, determination, and the triumph of the human spirit.

# TV make-up tricks can be adapted for everyday use

By SUE SMART

As you sit in your chair, as you look into your mirror, "making over" the faces of the people opposite you is a piece of work there in adding character to a look there. If you would enjoy meeting Miss Tommy Manderson, you and she would be birds of a feather. You confess that when she talks, it has some astounding jargon on the shoulder and whisper "You know I could change your face."

For those who are not so sure, you can be sure by looking at the faces of the people opposite you. The faces of those who are opposite you are the faces of the people opposite you. The faces of those who are opposite you are the faces of the people opposite you.

Like a picture, the face of a woman is a picture. The face of a woman is a picture. The face of a woman is a picture. The face of a woman is a picture. The face of a woman is a picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture. It is not the face of a woman that is the picture.

## Departing Commissioner hears tributes to his work

TWO major changes in the consular hierarchy of London, those of the departing commissioner of the Consulate for Rhodesia, Mr. A. F. Bowles, and Mrs. Bowles, to Nairobi, and the retirement from the Corps after nine years' service of Baron and Baroness Auerstedt, are the holding of a dinner at the New Stanley Hotel, at which the departing Commissioner, Dr. L. R. Boye, acted as host. Mrs. Bowles is not present as she is at the moment in Germany.

### SCIENTISTS RELAX AT R.I. DINNER

THE 14th annual conference of the Institute of Chemistry took place in Nairobi on January 19 and 21, and was marked by a delightful banquet which was presided over by Mr. M. Crawford, Professor of Chemistry at the University of Queensland, and Dr. R. F. Naylor, senior lecturer in the Department of Chemistry at the University of Queensland. The dinner was held at the R.I. Club, Nairobi, and was attended by about 100 scientists from various parts of the world. The dinner was a success and the conference was a most enjoyable one.

### Any offers?

Mr. J. R. (Bar) Guest, who has just returned from South Africa, is looking for a job in the East. He is a qualified accountant and has been in the business for many years. ## WEDDINGS

LIVCO-L-GORDON  
MARRIES

**THE** Memorial Church of St. Ignace, Nairobi, was the scene of a most beautiful wedding on Saturday, January 13, 1968, when Miss Lorraine Gordon, of Eastleigh, married Mr. Donald Gordon, of Nairobi. The bride, who was given away by her father, was in a white gown and carried a bouquet of white flowers. The groom wore a dark suit and carried a sword. The ceremony was officiated by Rev. Fr. John M. Shillington, and the wedding was celebrated in the presence of many guests. The bride and groom were seen leaving the church in a white limousine.

Mr and Mrs. Livco-L-Gordon leave the church after their wedding under the arch of brides held by members of the local choir.

## FRIDAY FORUM

This is the second of our new features in which the comments of the men and women in the street are sought on controversial East African topics. What ever your views? Do you have anything to say on these hotly talking points, write and let us know.

## What do you think about the cost of living in Kenya?

MANY people in and around Nairobi apparently feel that there is little hope of bringing about any really substantial drop in the cost of living, when there are such heavy cuts in salaries in the way of income and housing tax, about to be made, in some cases, originating medical expenses.

Many people who are not in the habit of taking to the streets have been asked if they feel any hope of a substantial drop in the cost of living when there are such heavy cuts in salaries in the way of income and housing tax, about to be made, in some cases, originating medical expenses.

Many people who are not in the habit of taking to the streets have been asked if they feel any hope of a substantial drop in the cost of living when there are such heavy cuts in salaries in the way of income and housing tax, about to be made, in some cases, originating medical expenses.

## THE FUTURE FOR THE KIKUYU

### 1. - False and ambitious leaders are gambling with disaster

Competing leaders... The fortunes of the two Kikuyu towards... leaders of... contrast sharply with the... and... of... in the face of... Chief... and... at the... of the... Emergency...

The receding darkness grips below is from a Kikuyu legislative assembly and the deeper dimming of the hopes and fears of thousands of members of the tribe. The predominant sense of pessimism for the future, the loss of people who are regarded as the tribe's ambitious and ablest politicians.

THESE are the thoughts of the thousands of all tribes whose hopes of better education have been irretrievably lost through politics, and who are far from happy waiting the course of events in Kenya.

I would like to see recognition of the Kikuyu loyalty who fear to speak their minds and who are, in their hearts, opposed to the leadership they have had imposed upon us.

Naturally we all want progress, with all its privileges and advantages, and naturally every individual wants to get as much for himself as everyone else gets, and as much as is possible. But we feel suspicious of this mouth-talked-of progress, for while there must be gain in one direction, in others there is loss and suffering.

There is not one unanimous mind from tribe to tribe, and even within the tribes of the European. The tribes here do not seem to be united with one voice, many taking every opportunity that is offered to get out from under the leadership of the European. The tribes here do not seem to be united with one voice, many taking every opportunity that is offered to get out from under the leadership of the European.

It is not a matter of mere dissatisfaction at this stage. Our countrywide people are far from united in opinion with respect to the future.

#### LIVES DISRUPTED

There are many Kikuyu people who, like myself, were born in the British colony of Kenya. I have seen the Kikuyu and other tribes who were born in the British colony of Kenya. I have seen the Kikuyu and other tribes who were born in the British colony of Kenya.

A dignified Kikuyu elder looks into the future. What does it hold for his people?

### RECALLING EVENTS OF THE PAST

NEXT week's features include the second in our "Features" "Friday Forum" series, marking the anniversary of important events of the past. Next week's article will recall the assassination of Mahatma Gandhi.

### 2. - LEARNING FROM PAST MISERY OF THE PROBLEM TRIBE

To understand the mechanism of the Mau Mau rebellion of the 1950s, to look into the Kikuyu people at three main age groups - childhood, adolescence and adulthood.

#### CHILDHOOD

The first five years of a child's life are the most important years of the child's life. During this time he is totally dependent on his parents and the family of course (as the foundation of his future morality).

#### FAMILY TENSION

Family tension is a common phenomenon in many societies. It is a result of various factors such as economic conditions, social changes, and personal conflicts.

DR MICHAEL KIBUYI, a Kikuyu, is a member of the Kikuyu community in Kenya. He writes the column from the East African Medical Journal.

Recent happenings in the Mau Mau rebellion have attracted the attention of the world. It is a tragedy that has affected the lives of many people in Kenya.

#### RULE BY FEAR

ADOLESCENCE is the most important period of a child's life. It is a time when the child is learning to become an independent individual. It is a time when the child is learning to become an independent individual.

## TRANSFORM HOT SOGGY DAYS AND SULTRY NIGHTS INTO MOUNTAIN FRESH AIR COOLNESS

### Talks on British Honduras reopened in London

Mr. Gathorne

Mr. Popham

Sir Colin Thornley

Mr. De Paz

Talks between British Honduras delegates and the Colonial Office have reopened in London. The discussions ended abruptly last November when one of the members of the delegation, Mr. George Popham, leader of the majority People's United Party, was found to have been discussing with a Guatemalan envoy in London a plan to cut the Colony's ties with Britain. The dele-

gation is led by the Governor of British Honduras, Sir Colin Thornley, and the Colonial Office side is headed by the Under Secretary of State, Mr. John Popham. Other members of the People's United Party delegation are Mr. Albert Gathorne and Mr. Enrique de Paz, who has replaced Mr. Popham. The talks are an important part of the financial and economic help for British Honduras and constitutional changes to hasten self-government.

## COUNCIL AGREES TO EXTRA SEATS FOR AFRICANS

**Jets blast ruts in runway**  
**B.O.A.C. CLAIM AT EASTLEGH**

**Amending Bill goes through in 30 min. MEMBERS' ABSENCE**

LEGISLATION to increase African representation in Kenya Legislative Council from the present eight Elected Members to a total of 14 passed through all its stages in about 30 minutes in the Council yesterday.

The Council sat for only 50 minutes in all and then adjourned until 2.30 p.m. on Wednesday, February 12. None of the eight African Elected Members was present at any stage during the sitting, which was called primarily to discuss the necessary amendments to the African Representation Bill.

They had announced that they would boycott the Bill as a mark of their non-cooperation in the new Constitution.

### Standing Orders suspended

An amendment put forward by the Acting Chief Secretary, Mr. Griffith-Jones, to give the law clerk members of the Kenya Air Force, who could be elected as members of the Council, was rejected after the Acting Chief Secretary had explained that the Kenya Air Force was not a part of the Kenya Air Force.

Standing Orders were suspended on the motion of Mr. Griffith-Jones to require the Council to elect Mr. Griffith-Jones to the position of Acting Chief Secretary. The Council agreed to elect Mr. Griffith-Jones to the position of Acting Chief Secretary for a period of six months, starting on February 20 and ending on August 20, 1958.

### SAME ROLLS OF VOTES

Decided with the agreement of the members of the Council, the rolls of votes for the election of the Kenya Air Force members to the Council will be the same as those for the election of the Kenya Air Force members to the Council.

## 17,000 AT KIAMBU BARAZAS

## Cup-holders drag again in spite of extra time

YORK CITY, the Division III team who are struggling to avoid relegation to the new fourth division, next year, scored a shock win over Birmingham City in the third round of the English F.A. Cup on York on Wednesday. The match had been postponed on Saturday because the York ground was unusable. There was no fluke about York's win, as they were given a free kick by Arthur Bates and scored through a goalmouth keeper who had been sent off. York's goal was scored by a header from a free kick taken by Arthur Bates. Birmingham were reduced to ten men as goalkeeper John Burrows was sent off for a foul. Birmingham were reduced to nine men as defender John Burrows was sent off for a foul. Birmingham were reduced to eight men as defender John Burrows was sent off for a foul.

## Yet another replay

There is a possibility that the replay between York and Birmingham will be a three-legged affair. Birmingham manager Jimmy Meadows said that if the replay is drawn, a third game will be necessary. York manager Arthur Bates said that if the replay is drawn, a third game will be necessary. York manager Arthur Bates said that if the replay is drawn, a third game will be necessary.

## Sports commentary in page 23

The morning was a little after extra time in the replay between York and Birmingham. Birmingham were leading 1-0 through a goal by Arthur Bates. York were reduced to ten men as goalkeeper John Burrows was sent off for a foul. Birmingham were reduced to nine men as defender John Burrows was sent off for a foul. Birmingham were reduced to eight men as defender John Burrows was sent off for a foul.

# Kongonis v. M.C.C. at Nyeri

## WALLABIES LEFT STANDING AMAZED

Whistle went too early. A COMBINED Abergavenny and Ebbw Vale Rugby Union team have been the touring Australian's by six points (two penalty goals to five tries goal) all the scoring taking place in the half. Abergavenny, The Wallabies were fighting hard but the minutes lapsed away and seemed aimed when the referee stamped play and went off followed by the players.

## Kenya Police win Bansal Cup outright

Kenya Police were victorious in the Bansal Cup, a football tournament held in Nairobi. The Police team, captained by a player named [Name], defeated their opponents in a decisive 2-0 victory. The match was held at the [Stadium Name] and attracted a large crowd of spectators.

The Police team's victory was a significant achievement, as they had been in the final of this year's competition. The match was a closely contested affair, with both teams showing high levels of skill and determination. The Police's goalkeepers were particularly impressive, making several crucial saves throughout the match.

## Match finishes in driving rain

The match between [Team A] and [Team B] was a dramatic one, finishing in driving rain. The rain made the pitch very slippery, leading to several key moments in the game. Despite the weather, both teams played with great intensity and skill.

## Orango strengthen hold on Shield

Orango have strengthened their hold on the Shield, a prestigious football trophy. They have done this by defeating their opponents in a convincing 3-0 victory. The win has moved them closer to securing the trophy for another year.

## Nairobi Polo Club hold New Year tournament

The Nairobi Polo Club has successfully held its New Year tournament. The event was a great success, with several exciting matches and a large turnout of spectators. The club members and their horses performed exceptionally well throughout the tournament.

# Donald Duck wins first of 12 races for Bosun's Cup

The first of the season's twelve handicap races for the Bosun's Cup was sailed at Newark in sparkling conditions. The three races were contested by boats from the [Club Name]. Donald Duck, sailed by [Name], was the overall winner. The first race was started at 11.30 a.m. in a moderate westerly breeze and there was a good group of boats on the starting line.

It was a short list to land, with the first mark and the second mark sailed by [Name] and [Name]. The third mark was sailed by [Name]. Donald Duck, sailed by [Name], was the overall winner. The race was a close one, with several boats finishing within a few minutes of each other.

## Beat ally flyer

The breeze remained 'beating' during lunch and the second race was won by the same crew. The race was a close one, with several boats finishing within a few minutes of each other.

## FAVELL MAKES BID TO REGAIN TEST PLACE

LES FAVELL, the South Australian opening batsman, is in another bid to recapture a Test place by hitting Pretoria in spite of Favelle's 100 against First South in the two-day match played in a draw. Favelle scored 100 and 100 for the first two innings.

Favelle's century was a significant achievement, as he had been in the final of this year's competition. The match was a closely contested affair, with both teams showing high levels of skill and determination. Favelle's goalkeepers were particularly impressive, making several crucial saves throughout the match.

## Successor to two squash titles

Richard Khan (Pakistan) has won the United States Squash Championship for the first time. Khan defeated his opponent in a decisive 3-0 victory. The match was held at the [Stadium Name] and attracted a large crowd of spectators.

Khan's victory was a significant achievement, as he had been in the final of this year's competition. The match was a closely contested affair, with both teams showing high levels of skill and determination. Khan's goalkeepers were particularly impressive, making several crucial saves throughout the match.

## Plus a surplus

# WILLIAMSON'S POLICY TO CONTINUE

## Diamond production for benefit of Tanganyika

**MR. KHALID CHOPRA, Q.C.**, friend, confidant and legal adviser of Dr. J. T. Williamson, who said on Wednesday that everything that would be done for the benefit of the employees and Tanganyika. This was Dr. Williamson's policy, he said, and it would continue.

Mr. Chopra would not answer was "Who Williamson's advisers?" He is probably one who will know the answer. There were three other advisers in Williamson's Diamond Board, one of them is his brother-in-law, Mr. Percy Williams, who is based in the East African Standard office in London, and Mr. J. T. Williamson's brother-in-law, Mr. J. T. Williamson, who is based in the East African Standard office in London.

Mr. Khalid Chopra, Q.C., friend, confidant and legal adviser of Dr. J. T. Williamson.

There is a possibility of the future of the diamond industry in Tanganyika. The diamond industry in Tanganyika is a new industry and it is a new industry. It is a new industry and it is a new industry. It is a new industry and it is a new industry. It is a new industry and it is a new industry.

### Confessions to murders disclaimed

# FEATURING SPORT

## CAPTAIN'S INNINGS THAT PAVED WAY FOR TEST VICTORY

GIBNER JOHNS wrote last week about the Sportsman and Sportsman of the Year. Now he recalls other memorable performances of 1951.

It is hard to get bogged down in records and figures. That is perhaps why one of the best performers in 1951 has not got the attention it deserves. Not has the man who made it. He is a shy fellow but his determination is pronounced. He saved his country on the field of cricket out in each match but it is not there that he shines.

Each year there is a list of sportsmen who have done well. One of the best is a young man from the Cape Province. He is a right-handed batsman and a fast bowler. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain. He is a natural leader and a natural captain.

Left: Lester Piggott, with one of his 1951 Derby and 1952 Cupwinners.

Center: Eric Dean, the English footballer who scored the winning goal for his country in the World Cup.

Right: Eric Dean, the English footballer who scored the winning goal for his country in the World Cup.

## Giants of sport—3 DIXIE DEAN'S RECORD HAS STOOD 30 YEARS

by ERIC NICHOLLS

THERE were three matches to go and the young centre-forward needed ten goals to set up a game League record. There were two more matches and three and one goal. The minutes ticked by. Every man in the crowd on that day in 1920 held his breath.

That is what it was. It was a score from the left wing, a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever. It was a perfect centre, the best ever.

# A PAGE OF THEIR OWN FOR CHILDREN

## No neck feathers for the ostrich

By ROBINA WRIGHT

MOTHER Guineafel was terribly worried. Fear of her babies always worried to be getting into trouble and this time they had done something really dreadful.

"They're now sitting on the ground, one here, one over there and another to the right. They've been taking away the neck feathers."

"Mother," said the first of the children, "I don't see what's so funny. The neck feathers are not on the ground. They're on the ostrich's neck."

"But they're not on the neck," said the second child. "They're on the ground. I saw them when I went to the garden."

"I saw them too," said the third child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the fourth child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the fifth child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the sixth child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the seventh child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the eighth child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the ninth child. "I saw them when I went to the garden. They were on the ground."

"I saw them too," said the tenth child. "I saw them when I went to the garden. They were on the ground."

## PENNY AND PAT ARE SCARED BY A SNAKE

By Penny Wise

PENNY and Pat were sitting on the grass in the garden, looking at the snake which had just appeared in the garden.

"What a beautiful snake," said Penny. "I've never seen one like this before."

"It's a cobra," said Pat. "I've seen it in the museum. It's very dangerous."

"It's not dangerous," said Penny. "It's just a beautiful snake."

"It's very dangerous," said Pat. "It's a cobra. It's very dangerous."

"It's not dangerous," said Penny. "It's just a beautiful snake."

"It's very dangerous," said Pat. "It's a cobra. It's very dangerous."

"It's not dangerous," said Penny. "It's just a beautiful snake."

"It's very dangerous," said Pat. "It's a cobra. It's very dangerous."

"It's not dangerous," said Penny. "It's just a beautiful snake."

# The cautionary rise and fall of Joe Parsley

By J. HUMPHRIES

As we are now only just speaking the tail-end of the festive season, perhaps I may be permitted to begin this review with a couple of light words.

First of all we have a hilarious amusing first novel by Mr. Peter Whitehead, a love being to have done with the subject of photography. The story is called "The King of the Camera" and is concerned with a young man who is so good at taking pictures that he is able to get the most out of any scene. He is so good that he is able to get the most out of any scene. He is so good that he is able to get the most out of any scene.

# CLEAR EYE FOR LIFE'S CROCKS OF GOLD

PENETRATING beyond the glare of habit and venturing into the byways of the real, the man who has done this in a people in which the fact and fancy are cut and paste and intricately mingled. It is not easy to capture the true character of such a man. It is not easy to capture the true character of such a man. It is not easy to capture the true character of such a man.

# SUITS FROM THE NEW WORLD

## A MODERN INDUSTRY GIVES MAN HEALTH AND PLEASURE

To most of us soap is a taken-for-granted commodity. We tend to forget that it was once a luxury desired by the vast majority of the human race. We also tend to forget that the rise of the soap industry and the development of those production methods which reduced the cost of that product were methods which reduced the cost of all kinds of people that reach to wipe out the surplus of penitence from the sweat of the world.

Young and overworked in France, the men of the United States and one created in the left a new trend in Los Angeles, the hairdresser's profession has been revolutionized by a product known as Loxene.

## FRIDAY FORUM

### What do you think of the sundowner habit?

The first of a new series of articles discusses a controversial East African custom.

A NAIROBI correspondent, Mr. G. Seneb, said the sundowner was an attractive feature of life in East Africa through the habit was "a traditional institution." "A sundowner does bring people together," he said, "it is of particular value in the country where distances are great and people do not have much chance of enjoying club life."

The fact that the sundowner habit is a traditional institution in East Africa is not in doubt. It is a habit which has been in existence for many years and is a part of the life of the people of the region. It is a habit which is not only a source of pleasure but also a source of information and news. It is a habit which is not only a source of pleasure but also a source of information and news.

MR. C. SYRIEL

Mr. C. Syriel is a well-known figure in the community. He is a member of the community and has been active in various social and cultural activities. He is a man of letters and has written several articles on local and international affairs.

### Seneb's kills

Mr. Seneb's article discusses the sundowner habit and its impact on the community. He argues that while it is a traditional institution, it is also a source of social problems. He suggests that the habit should be reformed to better serve the needs of the community.

MR. BILL WEBSTER

Mr. Bill Webster is a prominent figure in the community. He is a member of the community and has been active in various social and cultural activities. He is a man of letters and has written several articles on local and international affairs.

### Fals impression

This article discusses the impression of the sundowner habit. It explores the different perspectives on the habit and how it is perceived by different groups in the community. It also discusses the role of the sundowner in the social structure of the region.

MRS. MAY FIELD

Mrs. May Field is a well-known figure in the community. She is a member of the community and has been active in various social and cultural activities. She is a woman of letters and has written several articles on local and international affairs.

### No plaster saint

# STANDARD FEATURE

## A WELCOME AWAITS EAST AFRICANS AT A CLUB IN LONDON

ON a night in 1941 when the "dark" was lighting up the skies of London, a land mine exploded near Marble Arch in the centre of Great Cumberland Place, seriously damaging part of the surrounding houses.

Today Great Cumberland Place is being largely rebuilt and three of the houses now accommodate a residential club for East Africans in London. The club has been established by the Governments of Kenya, Tanganyika and Uganda, through the East African Commission.

### Opportunities for social contacts

Although East Africa House is not a residential club, it is the growing realisation of the problems of housing East Africans in Britain, and although the concept sprang to life "in a dream" by the late Sir Evelyn Baring, it has now been designed as a club and not a students' hostel.

It has been especially designed to ensure that students would find it an exclusively student atmosphere but would also have an opportunity for both students and non-students to make friendly social contacts so desirable in a cosmopolitan community.

In Kilimanjaro, East Africa House provides an opportunity for students to meet with other students, whether from East Africa or elsewhere, and to discuss their studies and their future plans.

It is hoped that East Africa House will be a place where they can meet and discuss their studies and their future plans.

It is hoped that East Africa House will be a place where they can meet and discuss their studies and their future plans.

It is hoped that East Africa House will be a place where they can meet and discuss their studies and their future plans.

It is hoped that East Africa House will be a place where they can meet and discuss their studies and their future plans.

It is hoped that East Africa House will be a place where they can meet and discuss their studies and their future plans.

Above: The hall of East Africa House, with the bar and refreshment in the foreground. Below: The basement dining-room in the new wing. A few years ago it was shaded with lattice windows.

### A FORUM TO STATE YOUR VIEWS...

A NEW feature, Friday "Forum" opens on page 18 today. Each week on the Forum, readers are invited to state their views on a topical subject. Today the subject is...

**men who drive hard and far GET MORE MILEAGE ON FIRESTONES**

They'll tell you, Firestones give you more original mileage, more for your money.

Because day in and day out, in stop-and-start city driving and over the tyre-hammering corrugations of bad country roads, men like these have proved by performance that Firestone tyres go further.

**Prove it against your mileage. Prove it against your pocket. Firestones go further.**

**MORE ORIGINAL MILEAGE**

From serious roadwork to heavy-duty off-road use, Firestones are built to last. Their special tread patterns and advanced rubber compounds give them a longer life than other tyres.

1. A new formula, Cold Rubber, tread, with higher than average silica content, gives more traction. MORE MILEAGE.
2. An exclusive Cold Dropping Process that insulates every individual cord, keeps the tyre from overheating and MORE MILEAGE.

**MORE RETREAD MILEAGE**

Not only do Firestones last longer, but they also give you more retread mileage. Their special tread patterns and advanced rubber compounds give them a longer life than other tyres.

CRICKET During the M.C.C. K.C.A. CRICKET During the M.C.C.

Ensemble of rock painters of Thero River Canyon, in South Africa's Cape Province.

Debunking of the South African Rock Painters results in controversy

(1) BUSMAN ART A SOUTH AFRICAN expert on Bushman art is disputing the statements of a Hydrogeological archaeologist who said that Southern Africa's much vaunted "Bushman paintings" were not in fact painted by Bushmen but by a much more ancient people.

(2) RED ART BRUSH MUST PAINT ALONG PARTY LINES

ONE golden rule must be firmly grasped by all South African painters if they are to avoid the fate of any living legend of the South African art scene today in expiring controversy. It might be stated: "Paint along party lines."

CLOUD OVER TRADE EMBLEM IN THE LIGHT OF THE LIVING TRADE MARK

THE BUREAU OF TRADE MARKS has issued a notice regarding the use of the emblem of the South African Cricket Board in the light of the living trade mark.

CRICKET During the M.C.C. K.C.A. CRICKET During the M.C.C.

Mr. W. A. Wilson, the artist and author of 'The Art of the Cricket', has issued a notice regarding the use of the emblem of the South African Cricket Board in the light of the living trade mark.

# Urgent need for more blood donors

## NAKURU CAMPAIGN

PROVISIONS that a house-to-house campaign should be launched in Nakuru to persuade more people to become blood donors are being considered by the town's Health Committee. A committee spokesman said the campaign is in some form of operational stage, was necessary because of the failure of the hospital to supply enough blood to meet the requirements of the thousands of patients who are treated there.

The committee is expected to recommend that a campaign be launched in Nakuru to persuade more people to become blood donors. It is estimated that the town's hospital treats about 10,000 patients a year, and that the hospital's blood supply is inadequate to meet the requirements of the thousands of patients who are treated there.

### Financing of road projects discussed

ROAD Authority grants to local authorities were discussed at a private meeting at Nakuru on Wednesday.

The chairman of the Road Authority said that the Road Authority's grants were being discussed at a private meeting at Nakuru on Wednesday. He said that the Road Authority's grants were being discussed at a private meeting at Nakuru on Wednesday.

### Two accused of murder at Njoro

Two men, Othman A. Shabani and a man whose name is not known, were charged with the murder of a man at Njoro.

### Japanese 'Zero' firm produces new car

JAPANESE car industry is preparing to enter world markets with two models now being produced in Tokyo, the Prince Skyline and the Triumph Crown. The Prince Skyline is a smart six-cylinder car, which is the first of the Japanese car to provide a four-wheel drive. The Triumph Crown is a four-cylinder car with a four-wheel drive. The Japanese car industry is expected to enter the world market in the next few years.

## DEATH OF COL. W. ELLIOT

COL. WALTER ELLIOT, of the 1st East African Brigade, died at his home in Nairobi on January 17, 1956, after a long illness. He was 65 years of age. He was a member of the 1st East African Brigade and served in the Sudan, Kenya, and Tanganyika. He was a member of the 1st East African Brigade and served in the Sudan, Kenya, and Tanganyika. He was a member of the 1st East African Brigade and served in the Sudan, Kenya, and Tanganyika.

## Supersonic airliners forecast

Supersonic airliners are expected to be in service by the end of 1956. The first supersonic airliner is expected to be the Conquest, which is being developed by the British Aircraft Corporation. It is expected to be able to fly at speeds of up to 2,000 miles per hour. Other supersonic airliners are being developed by the Soviet Union, the United States, and France.

## CHAPIN SAHRI DATE NOT FIXED

The date for the Chapin Sahri has not yet been fixed. It is expected to be held in the next few months. The date will be determined by the Government. It is expected to be a very important event.

## EPHRAIM GETS BY THE QUEEN

Ephraim has been awarded the Queen's Award for his services to the community. He has been recognized for his work in the field of education and social work. He has been a member of the community for many years and has made a significant contribution to the welfare of the people.

This sign for the village of Anmer, in the Great Britain, was presented to the Queen by the Mayor of the village. The sign is a symbol of the village's loyalty to the Queen and the Commonwealth.

## December wetter than usual in Kenya

### COAST WITH MOST SUN

Most of the rain throughout Kenya in December fell in the first half of the month and there was a marked improvement in the weather in all areas from the 15th onwards. As a result of the most easterly airstream, rainfall amounts were greater in eastern districts and generally above average.

## Fisheries official visits Tanga

The Department of Fisheries has sent an official to visit Tanga. The official will be looking into the state of the fisheries in the area. He will be meeting with the local officials and the fishermen. He will be reporting back to the Department of Fisheries.

## Fire makes 600 homeless

A fire has broken out in a residential area, making 600 people homeless. The fire started in a small shop and spread to the surrounding houses. The fire department has been called to the scene and is working to contain the fire. The people who were made homeless are being accommodated in temporary shelters.

## Week's rainfall

The rainfall for the week has been above average. The total rainfall for the week was 1.2 inches. This is a significant amount of rain for this time of the year.

## FERGUSON LEADS THE WAY

The most vehicles to carry of the American Road at the South Pole were FERGUSON converted from tracked based on the same design as the tractor used on a mission to the antarctic.

For Edmund Hillary the man who conquered Everest, the product of British engineers and designers is the ultimate FERGUSON.

Farm Machinery (Distributors) Ltd.

## Farming by air in increase in N. Zealand

AIRCRAFT are playing a rapidly increasing role in New Zealand's agriculture. More than half of the country's total area is under the Dominion is now farmed by air.

The use of aircraft in agriculture has increased rapidly in the past few years. This is due to the fact that aircraft can reach areas that are inaccessible by road or rail. This is particularly true in the case of the North Island, where the terrain is very rugged. Aircraft are used for a variety of purposes, including the transport of supplies, the spraying of crops, and the transport of livestock.

## Pest control

Increased pest-control activities have been reported in the past few weeks. This is due to the fact that the weather has been very dry, which has led to a shortage of water. This has made it difficult for the crops to grow, and has led to an increase in pest infestations. The Government has taken steps to control the pests, and has provided the necessary equipment and supplies.

## General specification

The general specification for the new aircraft is expected to be completed in the next few weeks. This will allow the Government to place orders for the aircraft. The aircraft will be used for a variety of purposes, including the transport of supplies, the spraying of crops, and the transport of livestock.

## Trade Area work guaranteed

The Trade Area work has been guaranteed. This is a significant step towards the development of the Trade Area. The Government has committed itself to providing the necessary support and resources for the work. This will ensure that the Trade Area is developed in a timely and efficient manner.

## Week's rainfall

The rainfall for the week has been above average. The total rainfall for the week was 1.2 inches. This is a significant amount of rain for this time of the year.

# Pamir sent more than one distress signal

## INQUIRY EVIDENCE

Messages from other ships from the four-masted barque before she sank in a hurricane off the Azores last September with the loss of 80 lives, were read in the House of Commons today. The chairman, Her Majesty's Secretary of State, said that the messages reported from the Pamir were:

**Driver late - passenger drove bus**

POLICE in Middleburgh are searching for a passenger who drove a bus home last night.

The incident happened on Monday night when the bus was late in coming from the town centre by a morning train. The driver was not returned after a search of about three hours.

Three of waiting passengers were taken to the station and took the bus along the main road with another seven or eight passengers.

The temporary driver left the bus at the station and the bus was driven by a passenger who had been waiting for the bus. The driver was not returned after a search of about three hours.

**FERER PEOPLE GO TO U.K. CINEMAS**

British cinema attendance during the last quarter of the year totalled 23,500,000, nearly 20 per cent more than the same period of 1934, according to the Board of Trade figures.

**Help not needed**

The Board of Trade figures show that the cinema industry is now in a position to meet its own needs and does not require any special assistance.

**LEGISLATURE TO RESUME**

The House of Commons will resume its sittings on Monday next, after a recess of two days.

**Oil projects of the giant tanker era**

The oil industry is planning to build a fleet of giant tankers to transport oil from the Middle East to Europe.

**Heavy damage in Transvaal floods**

The Transvaal province in South Africa has suffered heavy damage from floods, with many lives and properties lost.

**Least harmful may have come down**

The least harmful of the three candidates for the post of Governor of the Bank of England has been chosen.

**Britain's second remaining Hospital clerks to battleship makes last voyage**

The battleship HMS Hood, which carried the remains of the hospital clerks, has made its last voyage.

**Now at last, a new wonderful tablet, MELABON, the product of long research in modern laboratories, is within your reach. And remember that just one tablet is all you need.**

**Away with PAIN!**

Nothing pain is caused by a variety of things. To mention just a few: rheumatism, rheumatoid arthritis, headaches, toothache. We all know that pain can spoil our lives.

Now at last, a new wonderful tablet, MELABON, the product of long research in modern laboratories, is within your reach. And remember that just one tablet is all you need.

## lacking

**U.K. REPORT**

An acute shortage of health and safety experts in the British Atomic Energy Authority has become a matter of "urgent national importance".

This is stated in a report by the Atomic Energy Commission, which is the body responsible for the safety of the country's nuclear power stations.

The report states that the shortage of experts is particularly acute in the field of health and safety work, and that this is a matter of "urgent national importance".

The report also states that the shortage of experts is a result of the fact that many of the experts who were trained in the United States have now returned to their own countries.

The report also states that the shortage of experts is a result of the fact that many of the experts who were trained in the United States have now returned to their own countries.

# BUDGET DEFICIT FACES COLONY

**EFFORTS to balance the 1937 Seychelles Budget**

When the Acting Treasurer, Mr. G. Harris, presented his budget for 1937, he announced that the budget would be in deficit.

The budget for 1937 is estimated to be in deficit by about 100,000 rupees. This is due to a number of factors, including a decrease in revenue and an increase in expenditure.

The Government is now working to find ways to balance the budget. This includes increasing revenue and reducing expenditure.

The Government is also working to improve the economy. This includes encouraging investment and increasing production.

The Government is also working to improve the education system. This includes building new schools and training teachers.

The Government is also working to improve the health system. This includes building new hospitals and training doctors.

The Government is also working to improve the social services. This includes providing housing and social security.

The Government is also working to improve the infrastructure. This includes building roads and bridges.

The Government is also working to improve the environment. This includes protecting the forests and the coastline.

The Government is also working to improve the culture. This includes promoting the arts and the heritage.

The Government is also working to improve the economy. This includes encouraging investment and increasing production.

## LETTERS TO THE EDITOR

We must get down to the brass of such misunderstandings as exist between the Whites and the Blacks in this Colony. I don't mean we shall agree about everything but we shall at least fully understand where and why we disagree.

Both Whites and Blacks want to live a peaceful life in Guyana sharing the fruits of our labour in the best way that has been devised and that it is nearly a platonic. The first agreement was entered into with equal magnanimity the whole region of Bushland in this colony which must be looked into again at once. It has ceased and will cause unless an effective remedy is sought for, an unendurable loss.

But did you make the earth wet through the has a natural right to it. It is the right to be used as his property and to be used for the benefit of the whole of the Colony. The first agreement should give to the Whites and Blacks the same right to use the land as the Whites and Blacks have now.

Let, another study in concentration. The object of interest is the model set in Guyana, which is being expanded by a crowd of boys at the Bushland School, Exford in Guyana.

### Kitiro road

I HAVE travelled to Kitiro several times during the past few months and have marked the Machakos Road from there to here. I do not see the maintenance work that is being done on the road and I do not see the road being kept up and down over rough ground. I do not see the road being kept up and down over rough ground. I do not see the road being kept up and down over rough ground.

Year enough, we are entitled to be or rather expect things in our daily lives. We are entitled to be or rather expect things in our daily lives. We are entitled to be or rather expect things in our daily lives.

The Machakos Road is a very important road in the country. It is a very important road in the country. It is a very important road in the country.

### The Matchmaker

YOUNG men are in the habit of looking for a girl to marry. They are in the habit of looking for a girl to marry. They are in the habit of looking for a girl to marry.

Decision gave the spirit of The Matchmaker to read and asked me to write a letter to the editor. I read this story several times and I was very moved for what it was worth.

My opinion then is the same. My opinion then is the same. My opinion then is the same.

Year enough, we are entitled to be or rather expect things in our daily lives. We are entitled to be or rather expect things in our daily lives.

### System of chiefs

I AM writing to you about the system of chiefs in Guyana. I AM writing to you about the system of chiefs in Guyana. I AM writing to you about the system of chiefs in Guyana.

## Quiet! CHILDREN AT CHESS

IT was strangely silent on the Premier's Reception School, Steyrie, the other day. The playground was deserted. There wasn't a sound of shouting or of merry games in sight. But there was plenty going on in the school. The children were playing chess.

Let, another study in concentration. The object of interest is the model set in Guyana, which is being expanded by a crowd of boys at the Bushland School, Exford in Guyana.

## Economic talks in autumn LONDON HINT

BRITISH Commonwealth officials and experts will meet in London next month to prepare for a fall wage, industrial, trade and economic conference according to reports from London. It is expected that a conference of the kind will be held in London in the autumn. The Government is expected to announce the date and venue of the conference.

**Questions arise**  
It was also expected that the conference would discuss the question of the pound's position in the world economy, and other economic matters. It is also expected that the conference will discuss the question of the pound's position in the world economy, and other economic matters.

## New director of transport company

MR R. V. HILL, who was general manager of the East African Motor Transport Company, has been appointed as its new director. Mr Hill has been with the company since 1948, and has been in charge of its operations in Kenya, Uganda, and Tanganyika.

## BRITAIN SETS NEW RECORD

The British Government has set a new record for the amount of money it has borrowed from abroad. It has borrowed £1,000 million in the last 12 months, which is a record for any country in the world.

## STOCK MARKETS SETTLE DOWN AGAIN Only Gilts show life

The London Stock Market was idly steady yesterday, with Government securities showing some firmness. The industrial sector was weak, and the pound sterling was stable. Only Gilts showed any signs of life.

## DUTCHMAN FOUNDED E.A. FIRM

The death has occurred in Amsterdam of Mr. J. van Lee, the Dutch multi-millionaire who founded the East African Company of East Africa Ltd. He was 80 years old. He was a member of the East African Chamber of Commerce and Industry.

## Philanthropist

Mr. van Lee was a prominent philanthropist and was an officer of the Order of Orange-Nassau, conferred on him by the Queen of the Netherlands. He was also a member of the East African Chamber of Commerce and Industry.

## East Africa's shipping difficulties 'disappear'

Shipping difficulties in East Africa have been largely overcome, according to reports from the East African Chamber of Commerce and Industry. The situation is now stable, and shipping is proceeding normally.

## Less general demand for Nairobi teas

There is a general decline in demand for Nairobi teas, according to reports from the East African Chamber of Commerce and Industry. This is due to a combination of factors, including a decline in the price of tea and a decline in the demand for tea in the United Kingdom.

## BANK ASSETS DROP BY £5,000,000

The assets of the Bank of East Africa have fallen by £5,000,000 in the last 12 months, according to reports from the East African Chamber of Commerce and Industry. This is due to a decline in the value of the bank's investments and a decline in the bank's deposits.

## East African stocks and shares

The East African stock market is showing signs of recovery, according to reports from the East African Chamber of Commerce and Industry. This is due to a decline in the price of shares and a decline in the demand for shares.
