## Changing picture in Africa discussed in Accra PREMIER FLIES TO GERA High light of NEW TRADE LIK visit address to Parliament

CHEERING crowds welcomed Mr. Macmillan to Lagos yesterday at the start of the second phase of his six-week African tour.  
Before flying from Accra the Prime Minister thanked the people of Ghana for their warm reception and said he and his wife, Lady Dorothy, had found Ghana "a happy country."

Mr. Macmillan was welcomed at Lagos Airport by the Nigerian Minister of Foreign Affairs, Alhaji Sir Abubakar Tafawa Balewa.  
The highlight of the Prime Minister's visit to Nigeria will be tomorrow, when he will address the new Federal Parliament which will add the vast territory to independence within the Commonwealth.

Speaking before his departure from Accra, Mr. Macmillan said he had discussed the "changing picture in Africa" with his wife and Dr. Nkrumah. A Commonwealth spokesman said he was not in Africa to discuss any particular declaration.  
The Premier added that he had found no Ghana Opposition to his visit and that he had had a full knowledge and appreciation of the situation in Ghana.

Asked about the likelihood of Ghana's proposed constitutional changes, Mr. Macmillan said he had discussed the proposals with the Commonwealth representatives in Accra. He said there were not very many fixed rules in this case, but he was for Ghana to decide what sort of constitution she wanted. Mr. Macmillan said that he would be happy to see Ghana in the Commonwealth.  
There are not very many fixed rules in this case, but he was for Ghana to decide what sort of constitution she wanted. Mr. Macmillan said that he would be happy to see Ghana in the Commonwealth.

He had discussed with Dr. Nkrumah "very frankly" the national problems of those territories where the racial population was not homogeneous and the rights of all nationalities were to be safeguarded.  
He had been interested to learn Dr. Nkrumah's views, but did not propose to come to any official conclusion. He said he would be glad to meet Dr. Nkrumah again on his return to the United Kingdom.  
Mr. Macmillan said he was glad to hear that Dr. Nkrumah had said "this is a happy country."

He continued: "You have obviously a happy people, but I think that you will be able to do a great deal for the people of those territories where the racial population was not homogeneous and the rights of all nationalities were to be safeguarded."  
He said he would be glad to meet Dr. Nkrumah again on his return to the United Kingdom.

**CONSULTATION**  
Somalia is conscious of the "vacuum of knowledge in politics and economy" which exists in her territory, and she is prepared to send a consultant to Nairobi soon.  
She said that she would like to see a consultant in Nairobi soon to discuss with Government officials and business men the possibilities of developing a two-way flow of trade between Somalia and the East African territories.

**Same objects**  
The other three main parties, the Greater Somalia League, the Somali National Front and the Somali National Front, have agreed to support the Government's proposal to create a Somali State. They have said that they have the same objects in mind.

**Wider economy**  
The amount of currency in the country's pockets has increased by 50 per cent since the British pound was introduced. This is due to the fact that the Government has allowed the import of goods from abroad.

**Civil servants GET PAY RISE**  
PAY increases from £50 to £52 a year for 53,000 senior civil servants in Britain have been announced by the Government.  
They will cost the country about £3,000,000 a year.

## Nine-day wonder flats

CLAIMED as a world record, this five-story block of 48 flats was built from prefabricated parts in nine days, in the Paris suburb of Asnières. Most of the work was done by two cranes, which swung large portions of the building into position of fact as they were delivered by plant lorries. The prefabricated parts, of some 20 kinds, were made at the Dupuis works at Paris, Normandy. Counting started from the completion of the foundations.

**ALL YOU REQUIRE FOR DEEP SEA FISHERIES IS OBTAINABLE AT THE PROBIT HOUR**

## Governor signs Proclamation revoking seven-year-old powers

### STATE OF KENYA IN EMERGENCY

### Chance to move away from past tragedies

**KEVATS** State of Emergency — declared on October 20, 1952 — ended at 11:58 p.m. yesterday when the Governor, Sir Patrick Renshaw, signed a proclamation revoking the remaining Emergency powers.

Afterwards Sir Patrick said it was the greatest joy to him to sign the Proclamation. It was his first task to complete the work of his predecessor in this way, he added.

"In my speech at the opening of the Legislature in November 1 I said I hoped this could be done by the early days of the New Year. I think the legislators and others who have made this possible.

"Now we have a real chance to move away from the tragedies of the past and to turn our thoughts to the future.

"It is the finest possible prelude to our Kenya constitutional experiment in London, which will I hope finally prelude to a realistic and unified effort to make possible a Kenya nation in which all Kenya people can find their part."

#### Full reports on London talks

Many arrangements have been made by the East African States to report to the United Nations on the results of the London talks. It is expected that the reports will be submitted to the Security Council in the next few weeks.

The reports will contain a full account of the discussions and the proposals made by the African States. It is hoped that the reports will provide a clear picture of the progress made in the negotiations.

#### PROGRESS IN AFRICA

#### BRITAIN'S SOLE AIM

MR MACMILLAN pledged to give the African States the same treatment as the British Government's sole aim in Africa was "to develop the continent as a whole and to ensure that the progress made in Africa was shared by all the people of the continent."

He said that the British Government was committed to the principle of self-determination for all peoples and that it was determined to support the African States in their struggle for independence.

#### Berlin given aid pledge

Dr. Adenauer, West German Chancellor, said that the Federal Government would give the Berlin Ghetto a special financial aid of 10 million marks. This aid would be used to improve the living conditions of the people in the ghetto and to provide them with the necessary services.

#### Shopping Guide for housewives

A new service, the East African Standard Shopping Guide, will be published in the next few weeks. This guide will provide housewives with a list of the best shops in the area and the prices of the goods available.

#### Government to sell Nyeri power unit

THE ELECTRICITY UNDERTAKING, which supplies the townships of Nyeri, Karatina, and Kiganjo, will be sold to the Kenya Government by the East African Power Corporation. The sale is expected to be completed in the next few weeks.

#### STUDENT DIES IN RIOTS

At least three people were killed and many injured in the riots in the town of Kisumu. The riots were caused by the students' protest against the government's policy of racial segregation in schools.

The Governor of Kenya, Sir Patrick Renshaw, signs the Proclamation which brings to an end the seven-year Emergency. On the left is the Minister for Legal Affairs, Mr. Griffith-Jones.

#### Busy day for Mr. Hammarskjold

#### U.N. LEADER REFUSES TO MEET THE PRESS

THE Secretary-General of the United Nations, Mr. Hammarskjold, refused to talk to reporters at Nairobi Airport when he arrived yesterday morning.

He was accompanied by a large entourage and was immediately on his way to his residence. He was seen to be in a hurry and did not have time to meet with the press.

#### DEATH OF NEVIL SHUTE

NEVIL SHUTE, the author of the best-selling novel "The Sandlot," died in hospital at Melbourne last night after a stroke. He was 62 years old.

Mr. Shute was a well-known author and had written several other books. He was a member of the Royal Society and had received several awards for his work.

#### L358 murdered

The Proclamation brings to an end the Emergency powers in the country. It is expected that the country will return to normalcy in the next few weeks.

The Emergency powers were introduced in 1952 to deal with the Mau Mau rebellion. They have since been used to deal with other disturbances in the country.

#### NEVIL SHUTE, the author of the best-selling novel "The Sandlot," died in hospital at Melbourne last night after a stroke.

#### 4,000 RIOT IN VENEZUELA CAPITAL

Venezuelan National Guardsmen took over the streets of Caracas yesterday after rioting broke out in the capital. The rioting was caused by the government's policy of racial segregation in schools.

The National Guardsmen used tear gas and live ammunition to disperse the rioters. Several people were injured in the rioting.

#### Nasser's award

President Nasser has awarded the Order of the Nile to the author of the best-selling novel "The Sandlot." The award is given to authors who have made significant contributions to literature.

Mr. Shute is a well-known author and has written several other books. He is a member of the Royal Society and has received several awards for his work.

#### Tribes clash in Congo

Large tribes clashed in the Congo yesterday, resulting in the death of several people. The clash was caused by a dispute over land.

The tribes involved in the clash are the Bakwile and the Bakwile. They are both traditional hunting and gathering tribes.

## India and Pakistan settle disputes

### INDIA and Pakistan have signed an agreement settling four of five outstanding disputes over the long western border.

Another agreement signed by Indian and Pakistan Army commanders attending a week-long conference in New Delhi will settle a dispute over the long western border.

The agreement will settle four of five outstanding disputes over the long western border. The fifth dispute is still being discussed.

## THE END OF THE WORLD

### THE END OF THE WORLD TAKES A LOOK AT THE PROBIT HOUR

RESISTANCE: Governor Renshaw of Kenya has signed a proclamation revoking the remaining Emergency powers. This is a significant step towards the end of the Emergency.

The proclamation will be signed at 11:58 p.m. on October 20, 1952. It will bring to an end the seven-year Emergency.

## FATAL FOR RACE RELATIONS

### LIFTING THE Officially sponsored Mau Mau trials...

Cases of indirect assault which involve white and Indian leaders who claim for white violence vehemently condemning such acts of violence.

African politicians, on many occasions, have renounced the idea of domination of one race by another. Yet only recently Mr. Kioko is reported to have said that he will be happy to be killed by the Europeans and that nothing would be more fatal to race relations than such utterances.

AN overwhelming number of the African people are folk get on better. Their womenfolk are not so easily won over by the white man as the men are. They are not so easily won over by the white man as the men are.

SURELY this kind of thing is the position of any country? Can no more agreement be taken against Government service? I must have signed my name.

# Vienna Court — tallest flats built in Nairobi

11 STOREYS OVER CITY

BY JAMES WHISTON

**STANDING** back from Anderson Road, overlooking Government House and the Nairobi Primary School, is an 11-storey building — the Vienna Flats.

Their owner, and enthusiastic amateur designer, Dr. V. H. Patel, acquired this dominating piece of land two years ago in answer to an advertisement tendered originally by Crown land — and one of the stipulations was that the purchaser must promise to erect a multi-storey block of flats if he bought the plot.

Dr. Patel submitted his plans, obtained approval for them, and the plot was built several months ago. His previous experience of building, including the construction of a primary school in Nairobi and a primary school in Kisumu and a primary school in Mombasa and a primary school in Malindi on the East African coast, had led him to consider the building of a multi-storey block of flats.

He decided to design it as a building housing 25 flats, of the same or similar type.

In 1970, the block is the highest residential building in Nairobi. The floor area is 10,000 sq ft. The building was designed by Dr. Patel, who also acted as architect. He received the same instructions as any other architect. He received the same instructions as any other architect. He received the same instructions as any other architect.

had it altered long before it was built. It was built in 1970. It was built in 1970. It was built in 1970.

Surprisingly this is one of the best examples of modern architecture in Nairobi. It is one of the best examples of modern architecture in Nairobi.

## PAST, PRESENT AND FUTURE

**KENYA'S** State of Emergency ended yesterday after seven and a quarter years of strife, suffering, death and the unpeppable horror which Mau Mau unleashed on the land of the white.

During that long and turbulent night, the people looked forward with eager faith to the dawn of a new era. This should be a time when they would be able to live without fear. This should be a time of thanksgiving and of great rejoicing. It should be a time when the future would be released, without reservation, to meet their hopes, and who is to blame? Nobody who has been present in the years when former slaves of the country got their faith in a fresh start for a new era, could have predicted the Emergency which has now ended.

Both the Colonial Secretary and the Governor have made optimistic statements about emerging from darkness into light, about Kenya's opening ahead emerging from a period of opportunity. Yesterday, they may have a real cause to be proud of the triumph of the future. But by the end of the day, the shadow of the future may be dark. The end of the Emergency, as he hoped, also by the end of the conditions created by the Mau Mau, which have not been removed, have caused today's confusion by the clashes among the Mau Mau, the Government and the people.

Unsettled feelings have been stirred up by agitation led by Mau Mau, which has caused a period of confusion. This has led to the untold suffering. Looking Africa's political landscape there must be an urgent need to secure co-operation from all the political groups in the country. It is to be hoped that the Government will be able to secure co-operation from all the political groups in the country. It is to be hoped that the Government will be able to secure co-operation from all the political groups in the country.

### Spirit of the Eighth Army

Yes, it is a different feeling that, in the Emergency, the Mau Mau was affected by conditions not dissimilar to those that have been met in other parts of the world. The Mau Mau has been broken and the spirit of the Mau Mau has been broken. It is to be hoped that the Government will be able to secure co-operation from all the political groups in the country.

The Government's propaganda speaks of the hope that the Mau Mau will be able to secure co-operation from all the political groups in the country. It is to be hoped that the Government will be able to secure co-operation from all the political groups in the country.

Unhappily there are not many who are interested in the Mau Mau. The Mau Mau has been broken and the spirit of the Mau Mau has been broken. It is to be hoped that the Government will be able to secure co-operation from all the political groups in the country.

# Guide to building design in E. Africa

**A** ARCHITECTURE in East Africa has advanced rapidly and impressively in the past few years that we are now being confronted with new building sites. Perhaps the most striking feature of modern design and construction is the use of the concrete structure which is being used for everything of surrounding.

# PRISON TRADE SCHOOLS HELP CUT CRIME RATE

By LESLEY CLAY

THE urge to learn something useful, even if the ambition is to learn to do it to make something with the hands, is born in all of us. But for a variety of reasons it often lies dormant all our lives.

It may be brought to the surface in a variety of ways by the influence of a change of environment, by the necessity of helping ourselves in a difficult crisis, or through just sheer boredom.

The desire to take a trade course is a natural sentiment of imprisonment. Men in prison, though bored and restless, though hours and days are probably the same.

"A man very seldom comes back to prison if he has learned a trade." This was said by Mr. J. Macintosh, Inspector, Member in charge of Industries at Kamuli Prison, when I visited at the prison workshop.

The general public is not very aware of the extent and scope of the work of the Prison Department during the 1959-60 financial year. The work done was as follows:

### ALTAZ RAJINGS

The blacksmith's shop was an enterprise that was very well equipped. It was run by a blacksmith named Rajings. The shop was very well equipped with tools and machinery. It was a very successful enterprise.

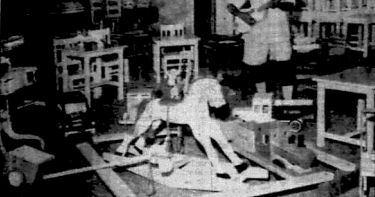

### NURSERY TABLES

Through their exhibit at the show, visitors saw some of the most beautiful tables made in the country. These tables were made of wood and were very sturdy and durable. They were also very attractive and elegant.

### UNIFORMS MADE

Uniforms for the prison staff were made in the workshop. The uniforms were made of a good quality fabric and were very comfortable and practical. They were also very attractive and elegant.

# Large orders for workshops toys

Large orders for workshops toys were received by the Prison Department. The toys were made by the prisoners in the workshop and were of a high quality. They were very attractive and elegant, and were very popular with the public.

# Respraying carried out for Police

Respraying of the police vans was carried out by the Prison Department. The vans were resprayed with a new paint and were very attractive and elegant. They were also very comfortable and practical.

# ROTATIONAL CROPPING PLANNED

Rotational cropping of the prison farms was planned by the Prison Department. The farms were to be planted with different crops in a regular rotation. This was to be done to improve the soil and to increase the yield of the crops.

# MONEY SAVING

Money saving measures were taken by the Prison Department. The department was to be run on a strict budget and was to be as efficient as possible. This was to be done to save money and to improve the services provided to the prisoners.

# HINTS FOR THE COOK

Hints for the prison cooks were given by the Prison Department. The hints were to be followed to ensure that the food was prepared in a safe and hygienic manner. This was to be done to prevent the spread of disease and to ensure that the prisoners were healthy.

# SHOPPING GUIDE

## Survey to help the housewife

A survey was conducted to help the housewife. The survey was to find out what the housewife needed and to provide her with the best possible service. This was to be done to improve the quality of life for the housewife and to ensure that she was satisfied with the services provided.

# MUTTON MISSING

Mutton was missing from the prison farms. The mutton was stolen by the prisoners and was sold on the black market. This was to be done to improve the prisoners' living conditions and to provide them with a source of income.

# POTATO 'SNIP'

Potato snipping was carried out by the Prison Department. The potatoes were snipped and were sold to the public. This was to be done to provide the prisoners with a source of income and to improve their living conditions.

# GLUT OF PLUMS

There was a glut of plums in the prison farms. The plums were sold to the public and were very popular. This was to be done to provide the prisoners with a source of income and to improve their living conditions.

# GIANT AIR COMPANIES MERGE

## Firms fall into line with Government's streamline policy

**A RECORD** major merger within a few weeks was announced by the British aviation industry yesterday.

The giant firms of Vickers-Armistongs, English Electric and Bristol are to amalgamate their aircraft and engine divisions. Last month two other leading firms, Hawker Siddeley and de Havilland, announced plans to merge.

Yesterday's announcement joins together Britain's remaining major aircraft firms.

When the decision today came from the Ministry of Aviation, the industry was in a state of confusion. It was announced yesterday that Westland Aircraft Ltd., the largest helicopter manufacturer in Britain, was to merge with the helicopter division of the British Aerospace Corporation.

Vickers-Armistongs built the first of the world's first turbo-prop jetliner of which more than 400 are in operation. It is a four-engine turbo-prop jetliner, the Vickers VC10, which goes into service later than any other British turbo-prop jetliner.

The industry's latest project for B.O.A.C. is a four-engine turbo-prop jetliner of which more than 400 are in operation. It is a four-engine turbo-prop jetliner, the Vickers VC10, which goes into service later than any other British turbo-prop jetliner.

# FUTURE GRIM IF LONDON CONFERENCE FAILS

A PREVIEW of the line arguments will take during next week's Kenya constitutional conference in London.

Millions of viewers heard Mr. T. J. Mboya state that if the conference failed, the African people could not be expected to restrain themselves for too long. But if the representatives of the "immigrant communities" were judged to "move positively" in the direction they must go to preserve the independence of their country, it would determine whether the conference succeeded or not.

## PURCHASE OF ONIONS ABROAD DEFENDED

LICENSES for importing onions were never granted by the president of the Nairobi Indian Chamber of Commerce, Mr. K. P. Shah, said yesterday.

He was commenting on a statement by the British High Commissioner, Mr. T. H. Jackson, that imports of bumper crops of onions were based on past seasons and always the quantity was restricted, although the onions are only brought in a small quantity at a time when the bumper crops were either unavailable or very scarce.

**Price factor**  
He added that small imports stipulated the price for an immediate commodity. He agreed that Kenya production should be discouraged and that, as an emergency measure, it would be necessary to import such quantities.

# DRAW UNLUCKY FOR PETERBOROUGH Record stands for fourth Test wicket

### Spurs clear favourites for Cup

### Wednesday will provide stiffest hurdle to date

**TOTTENHAM HOTSPURS** will begin their new season on Monday, January 18, when they will play the first round of the FA Cup at the Victoria Club, London. At this price they were clear favourites by two and a half points.

Manchester United, who have to replay their first round tie with Newcastle on Tuesday, are not so well placed. Arsenal are also in a difficult position. They are away at West Bromwich Albion on Monday and at Blackburn on Tuesday. Newcastle are away at Ipswich on Monday and at Sheffield Wednesday on Tuesday.

Leading prices were: Tottenham Hotspur, 1/2; Arsenal, 1/2; Manchester United, 1/2; Newcastle, 1/2; Ipswich, 1/2; West Bromwich Albion, 1/2; Blackburn, 1/2; Sheffield Wednesday, 1/2.

**PETERBOROUGH UNITED**, the only non-league club among the "sixteen" who will play in the first round of the FA Cup competition, face their stiffest hurdle so far when they meet Sheffield Wednesday on Wednesday, January 13, at the Victoria Club, London. Peterborough, a Midland League team who have beaten Lincoln City, Walsall and Ipswich in previous rounds, will be up against a Premier Division side who are favoured to win the Cup.

Under the draw, though unlikely for Peterborough, it is not likely to be a defensive tie. Peterborough's Cup performances have strengthened their claims for admission to the Premier Division. Peterborough, like Sheffield Wednesday, play good football and record a heavy margin, committed on the draw: "Peterborough will be a team to watch. As Cup fighters, not only as footballers. There is not the slightest likelihood of under-estimating a team managed by Jimmy Hagan, the old Sheffield United manager."

The draw means the end of a chance for a good Cup game for Peterborough, who will be playing against a Premier Division side. Peterborough will be playing against a Premier Division side, who will be playing against a Premier Division side.

### Biggest tally by Kangaroos

The Australian Kangaroo team, who were defeated by the British team in the first Test match, scored a record 44 points in the second Test match at Sydney. The Kangaroos scored 28 points in the first half and 16 in the second half.

## Mr. Macmillan speaks in new Nigerian Federal Parliament

### CONTINUED K. AID PLEDGED

#### More prosperity and peace remain British aims

BRITAIN'S continued interest in the peoples of the under-developed countries was pledged yesterday by Mr. Macmillan when he addressed the opening session of the new Nigerian Federal Parliament in Lagos.

The British Prime Minister, speaking immediately after the State opening of the Parliament by the Governor-General, Sir James Robertson, said the primary purpose of British policy was the prosperity through out the world.

If it had borne no other fruit, Nigeria's association with Britain had led to the creation of a united country, he went on.

#### 'Eyes of the world on you'

Mr. Macmillan, one of the few people in the chamber who was dressed in European clothes, had watched from the public gallery at the Governor-General's reception in the Queen's name.

Then he told the Members: "Your main business at this meeting will be to debate a resolution asking that independent sovereign States shall be established as an extension of the United Kingdom."

"You may take your eyes upon you and take your eyes upon your fellow citizens and be assured that you are taking your eyes upon a people who are watching you with the eyes of the world."

## Domestic politics not U.N. leader's concern

The Secretary-General of the United Nations, Mr. Hammarskjöld, yesterday explained that the purpose of his African tour was to study the movements of Africa towards the direction of realism.

On the tour of 26 countries and territories, and during his two weeks in Africa, he was not concerned with domestic politics but particularly with international relations.

He explained why he had left Sweden to visit Africa, saying that he had been in the United Nations for only two years, and that he had to get to know the people of the world, especially the developing countries.

Dag Hammarskjöld, Secretary-General of the U.N., is seen at the top of the film "The Royal Road". A. presented to Princess Margaret at the charity premiere of the film at a London evening in London from her Christmas holiday at Sandringham.

### PATIENT WALKS OUT: BOARDS PLANE

#### Polio alarm radioed to Zurich-bound airliner

RADIO messages were sent from Nairobi to Zurich yesterday warning Swiss medical authorities that a man had walked out of Nairobi Infectious Diseases Hospital and boarded a plane for Zurich.

The man, a Swiss visitor named Harry Schmid, was escorted by police and crew in the Scandinavian Airline Service jet which left Nairobi at midnight on Tuesday.

### INCREASED AID FROM EUROPE SUGGESTED

DELEGATES from 13 Western countries met here on Friday to discuss proposals that European aid to under-developed countries should be increased and that an equal footing with those of European countries.

The American Government felt that Western Europe has not made up its mind as to the help of Africa—largely with the subsidisation and discrimination of the goods and services which the Western world offers to Africa.

The problem was brought up at the opening of a conference on development aid in London.

The American proposal, made by Mr. Douglas Dillon, Under-Secretary of State for Economic Affairs at the opening of the conference, was to increase aid to under-developed countries by the proposed aid for Africa.

Mr. Dillon's proposal was opposed by the British Government, which felt that aid should be given to all under-developed countries, not just to Africa.

The American proposal was supported by the United States, which felt that aid should be given to all under-developed countries, not just to Africa.

## SUGGESTED MEASURES TO COUNTER DISTURBANCES

RECENT attacks on the A.S. life and the party give serious cause for alarm. This line of enquiry is essential to the centre of attack has shifted to the A.S. community.

The A.S. community, therefore, is not only being attacked, it is also being disorganised. The Government, when it sees this, must take steps to bring in more effective laws to deal with the situation. For the first time in the history of the A.S. community, the value of the A.S. community should be taken into account.

It is likely that the A.S. community will be unable to keep check on the attacks unless the Government is prepared to do so.

It is time that the A.S. community should be united in a single body to deal with these attacks. This should be done by the A.S. community itself, and not by the Government.

The A.S. community should be united in a single body to deal with these attacks. This should be done by the A.S. community itself, and not by the Government.

### K.B.S. — FOR ATTENTION

THE K.B.S. just spent much better than the other cable and wireless, and I was surprised that I could not find any of the other companies in the same category.

Why, oh why, do we have to pay so much for the K.B.S. in comparison with the other cable and wireless companies? It is a disgrace that the K.B.S. should be so expensive. I should like to see the K.B.S. reduced to the level of the other companies.

MITCHILL,  
Nairobi, Jan. 12, 1960.

### A question

Whenever an African makes a mistake, he should not put the blame on his own shoulders. After all, everyone has also got his own problems, and if you are a professional man, you should be able to solve your own problems.

Finally, what the African community should do is to elect a representative body to deal with the affairs of the community. This body should be elected by the people, and not by the Government.

MITCHELL,  
Nairobi, Jan. 12, 1960.

### Strike dinner

WHAT I would like to know is how you can have a dinner party at the New Club. If you can have a dinner party at the New Club, why can you not have a dinner party at the other clubs? This is a disgrace that the other clubs should be allowed to have a dinner party, but the New Club should not.

What you should do is to elect a representative body to deal with the affairs of the community. This body should be elected by the people, and not by the Government.

MITCHELL,  
Nairobi, Jan. 12, 1960.

### Loch Ness monster

IT is the summer this year that a party of visitors to the Loch Ness monster. It is a disgrace that the Loch Ness monster should be a specimen of the Loch Ness monster, and that it should be a specimen of the Loch Ness monster.

The Loch Ness monster should be a specimen of the Loch Ness monster, and that it should be a specimen of the Loch Ness monster. This is a disgrace that the Loch Ness monster should be a specimen of the Loch Ness monster, and that it should be a specimen of the Loch Ness monster.

MITCHELL,  
Nairobi, Jan. 12, 1960.

### Wild life

I would suggest that the Government should do more to protect the wild life of the country. The Government should do more to protect the wild life of the country, and that it should be a specimen of the wild life of the country.

The Government should do more to protect the wild life of the country, and that it should be a specimen of the wild life of the country. This is a disgrace that the Government should do more to protect the wild life of the country, and that it should be a specimen of the wild life of the country.

MITCHELL,

### Air ambulance

CORNSHIRE has been used to transport a patient from Nairobi to Nairobi. The patient was transported from Nairobi to Nairobi, and that it should be a specimen of the patient from Nairobi to Nairobi.

The patient was transported from Nairobi to Nairobi, and that it should be a specimen of the patient from Nairobi to Nairobi. This is a disgrace that the patient was transported from Nairobi to Nairobi, and that it should be a specimen of the patient from Nairobi to Nairobi.

MITCHELL,  
Nairobi, Jan. 12, 1960.

### Strikes

FROM the social political development in Kenya, it is clear that the African community is going to have a strike. The African community is going to have a strike, and that it should be a specimen of the African community.

The African community is going to have a strike, and that it should be a specimen of the African community. This is a disgrace that the African community is going to have a strike, and that it should be a specimen of the African community.

MITCHELL,  
Nairobi, Jan. 12, 1960.

### Sugar prices

I UNDERSTAND that the Government is going to do more to protect the sugar prices of the country. The Government is going to do more to protect the sugar prices of the country, and that it should be a specimen of the Government.

The Government is going to do more to protect the sugar prices of the country, and that it should be a specimen of the Government. This is a disgrace that the Government is going to do more to protect the sugar prices of the country, and that it should be a specimen of the Government.

SEE THE VICTORIA FALLS — ON YOUR WAY TO THE SOUTH

Would you fit in Africa, you will be pleased to see the Victoria Falls — perhaps the most exciting sight in the world! Enjoy that the Continent has to offer.

The Falls are completely unspoiled — you can walk to the top of the falls and see the water cascading over the rocks every minute. You can wander in the Rain Forest near the falls, or take a canoe trip on one of the lakes which surround the magnificent falls.

Why not plan your itinerary to include a visit to the Victoria Falls? The complete network of air routes operated by East African Airways and Central African Airways make it easy. Ask your travel agent about this and other attractions wherever business or pleasure calls you to the South.

### OPTIMISM ON LONDON TALKS

**Last party of delegates leaves Kenya**

Twenty delegates — the last flight — left Nairobi Airport last night to attend the Kenya constitutional conference which begins in London on Monday.

Among them were the leader of the United Party, Group Capt. L. R. Briggs (Mount Kenya), and Mr. T. J. Moya (Nairobi Area).

Other delegates were the Kenya delegates in London: Mr. G. G. Hagan (East Electoral Area) and Mr. J. M. Njoroge (Nairobi Area).

Mr. Hagan was accompanied by Mr. J. M. Njoroge and Mr. N. M. Njoroge, who were in the 90, and will be in London overnight with the temperature below freezing.

## Snow and ice grip disaster areas in Europe

A layer of foam covers the crippled East African Airways Dakota which crashed during take-off at Entebbe. The supposed-ice substance was stripped over the plane to prevent fire. The Dakota, carrying 11 passengers and a crew of three, was bound for Mwanza, Musomo and Nairobi.

## £100,000 raid on bank

RAIDERS broke into the strong-room of a Stoney branch of Barclays Bank in London's East End and stole more than £100,000.

The haul was the biggest from a London bank for many years.

It is understood that selected Jews have been used in an expedition to rattle some of the banks.

Officials said they had bank notes of a limited foreign currency.

**'Borrowed' brief-case**

The thieves 'borrowed' brief-cases from an optician office probably to carry away the loot.

Three other safe robberies were reported in the London area during the night.

The haul was a record for the year so far.

The London Evening Standard said: 'We have got away with £200 in wage notes. The others involved £100 and £500.'

## Wrong greeting causes merriment

### MR. MACMILLAN STARTS TOUR OF E. NIGERIA

MR. MACMILLAN and Lady Dorothy arrived in Enugu, Eastern Nigeria, yesterday by air from London, Western Nigeria, on the second stage of their four-day tour of Nigeria.

The British Prime Minister was met at the airport by Sir Robert Stippled, Governor of the Eastern Region, and the Regional Premier, Dr. Michael Opara. During his visit to Enugu Mr. Macmillan will be accompanied by the Eastern Nigeria Executive Council.

Mr. Macmillan caused merriment in Enugu when he greeted the natives and greeted them with 'Kia' which is Yoruba for welcome.

## Round the world

OPPOSITION: The Indian Prime Minister, Mr. Nehru, vehemently opposed suggestions at the annual Congress party meeting that India should drop her policy of non-alignment to support military pacts.

Two killed: Two men died at Greenwood, Westchester, in a road race being held for 400 miles. The race was cancelled because of a severe snow storm.

Arrested: An internationally known scientist, Dr. George Mackay, Dean of Louisiana State University, Graduate School, was arrested on a warrant charging him with making known the death of a neutron bomb.

Back again: An ice-breaking vessel and 12 U.S. Navy helicopters landed the first ice to set foot on St. Lawrence Island, Alaska, after 40 years.

Determined: The Prime Ministers of the five Federal West German states expressed their determination to 'wave the white flag' in the case of an ultimatum from the Soviet Union.

Wedding: The Queen Mother and Princess Margaret went to the wedding of Prince Philip and Princess Elizabeth at St. Mark's Cathedral, London, on Saturday.

Debate: Nigeria's new Federal Parliament began to debate a motion to establish the Federation of Nigeria as an independent state on Saturday.

## Every chance of success

## PUBLIC MEETING TO DEBATE TARIFF PROTECTION

Mr. GRIFFITHS seems to indicate that he has commenced the study of economic history, but it is unfortunate that he has read only page one.

My reference to the Lancashire industry was not a sarcasm more than those cited by Mr. Griffiths in his article of 17th, 18th, and 19th, 20th, 21st, and 22nd.

However, he succeeded in pointing out that infant industries are those which are unable to compete with established foreign industries. This is a common-sense view. The infant industry is a common-sense view. The infant industry is a common-sense view.

Mr. Griffiths is not a pioneer in this matter. He is a pioneer in this matter. He is a pioneer in this matter.

Mr. Griffiths indicates one thing, that although others have done this in the past, his is a special case. He is a pioneer in this matter.

Only two addresses for today's opening session

## K-DAY' TALKS TO BE HELD AT AIRPORT

### Mr. Macleod to give keynote speech

**MEMBER** is likely to be the most crucial day of the constitutional conference in Kenya taking place in London.

It is expected that Mr. Macleod will make what has been described as a keynote speech in secret plenary session when he is expected to give his views on major problems facing the Colony and to indicate the lines on which delegates might hammer out constitutional issues.

Leaders of all groups will then have the opportunity to reply. Reaction to the speech will give plan and if the expressions, views and intentions of the delegates show a sufficiently wide measure of agreement, the conference will divide into five or six working parties, charged with the consideration of such questions as the franchise composition of the Legislature, the Council of Ministers and so on.

### Less rigidity expected

Conceding with a thaw in the Arctic weather there is a belief that there is less rigidity in the African Electors' outwardly inflexible stand, and greater readiness to enter into general discussions. But this does not mean an immediate abandonment of their well-advanced claims.

Mr. Macleod's speech at the public opening session and which will be no more than an address welcoming delegates to which the Governor, Sir Patrick Renshaw, only will reply.

This is a departure from the original plan under which it was expected that the African members (Mr. M. M. Kariuki) has been nominated to act as leader at the conference and would reply in public.

### Governors in London

One reason for the most optimistic atmosphere today may be a confidence report from Mr. Markwale which was circulated in the delegates last night. This was a private meeting with Sir Patrick Renshaw in the week.

### Expert's guide

Some delegates had thought they had feared — that Prof. Markwale might suggest recommendations. But the report that there is nothing in it for the moment is a relief.

### Minister rejects W. Indies plea

Prof. Markwale will be at the airport on his right hand. Sir Patrick Renshaw has been commenting favourably on inadequate reports from Lancaster House for the first few minutes of Monday's opening.

A committee of delegates is proposed to help to frame draft proposals, but these are expected to be very brief after the first few minutes of Monday's opening.

### U.S. BALLOON EXPERIMENT

An experimental altimeter balloon was launched from the Virginia on Saturday noon to a height of 100,000 feet, which is higher than the stratosphere.

Radio signals were bounced from New Jersey to Massachusetts of the sphere's surface which it was about 100,000 feet higher than the Atlantic.

## THRASH anti-iew rowdies' Adenauer urges

### TRIBUTE PAID TO BRITAIN'S WISDOM IN NIGERIA

**THE** West German Chancellor, Dr. Adenauer, has told the West German people to give a "good thrashing" on the spot to anti-iew rowdies.

He also urged Jews in West Germany a personal guarantee that the State was behind them with all its power.

In a radio and television speech of the nation, he urged that the Government should be more firm in its attitude towards the "anti-iew rowdies" directed against Jews who were mostly "Christian" converts.

### On the spot

If someone who does a rowdy job on the spot and give him a good thrashing on the spot.

### Youths face death penalty

Three youths were detained for a week without trial for a robbery in which they had tried to organise an anti-iew party.

### Minister rejects W. Indies plea

Prof. Markwale will be at the airport on his right hand. Sir Patrick Renshaw has been commenting favourably on inadequate reports from Lancaster House for the first few minutes of Monday's opening.

### Nixon warns West against arms cut

VICE-PRESIDENT NIXON said at Gainesville, Florida, that Mr. Krushchev's announcement that Soviet armed forces are to be cut by 1,200,000 men should not lead to cuts in U.S. defence spending.

### PLAN TO FLY 243 STUDENTS TO U.S.

The African American Students Foundation announced that it had secured a plane to fly 243 African students to the United States for a higher study of American universities.

### 'Hurry-up' judge censured

Three sentences on three men convicted by a jury which had not hurried up its verdict, were cancelled by a judge who said that the sentences would be "as before".

### CHAGA TO VOTE

Chaga tribesmen in the British East Africa Protectorate are expected to vote on January 15, 1960, on whether to join the United Kingdom.

### UP-COUNTRY VISITORS

UP-COUNTRY VISITORS are being invited to visit the new East African Motor Show at the Nairobi City Hall, Jan. 19-23.

### ADMISSION

ADMISSION is free for all visitors to the East African Motor Show at the Nairobi City Hall, Jan. 19-23.

FOR ONE TWO FOUR OR SIX PERSONS FINANCIAL OUTLETS THE HOLIDAY HOUR

### TAX CHECK

The Indian Prime Minister, Mr. Nehru, announced that the Government had decided to make public all income tax returns of the Prime Minister.

### LEGAL STRIKE

Over 100 lawyers staged a legal strike in London on Monday to protest against the trial of a man charged with the murder of a woman.

### PAID UP

A \$100,000 cheque was presented to the United States last year for a year with a view to the United States to contribute to the relief of the victims of the earthquake in Chile.

### Students in airport battle

HUNDREDS of steel-helmeted police armed with firehoses clashed with lawless students at Tokyo Airport before the departure of Mr. Kishi, Japanese Prime Minister.

### Queen's interest

My hope is that the Queen's interest in the welfare of the people of the United Kingdom will be maintained.

### Prime Minister's route

The Prime Minister's route to the airport was escorted by a large force of police, and the plane arrived in a matter of minutes.

### Police came to a halt

The police came to a halt in the street when the Prime Minister's car arrived at the airport.

# AN INQUIRY INTO THE AFFAIRS OF KENYA'S TRADE UNIONS

It appears to be increasingly evident that the strike which is being waged is a political device and that the welfare of the workers is of secondary consideration. In the recent railway strike no strike pay appeared for the African workers.

The workers were made that the grant received from international funds was insufficient, but no one contributed to the disposal of the contributions of union members or were there any hand-outs. As yet, the only aid they are receiving is the fact that they are not being paid for the month of December.

It is obvious that trade unionists are being used as a political device. The Government's intention is to weaken the position of the trade unionists by the best possible means. It is the intention of the Government to make the trade unionists the tool of undesirable activities.

There is a Registrar who is in connection with the trade unionists. He is a man who is not to be trusted. He is a man who is not to be trusted. He is a man who is not to be trusted.

It is the intention of the Government to make the trade unionists the tool of undesirable activities. It is the intention of the Government to make the trade unionists the tool of undesirable activities.

be given—take attitude with out a trace of courtesy and if you can't handle it, please refer it to the conference.

**Non-Profits**  
I AM strongly in favour of the proposal that Mr. M. Fernandes has made for a long time for the introduction of a system of non-profits for the management of public institutions.

**Thousands of Goats**  
In East Africa, many of the people who are engaged in the raising of goats are not getting the best possible results. This is due to the fact that they are not using the best possible methods.

**Trade Unionists**  
The trade unionists are being used as a political device. The Government's intention is to weaken the position of the trade unionists by the best possible means. It is the intention of the Government to make the trade unionists the tool of undesirable activities.

**London talks**  
The second instalment of the report of the Kenya Indian Congress is now from the London talks. The report is a detailed account of the discussions which took place between the Indian community and the Government.

Dear Sir,  
Our White Rose works which you visited from your good drive, two last September 1957, were well and we are extremely satisfied for the maintenance and servicing which you received.  
You might imagine that something like this has happened to us in the last few years — but it is not. We are still the same as we were in 1957.  
Yours faithfully,

## Congratulations on eight years of service

At "White Rose", Caltex has been the best. For eight years. As an industrial producer throughout East Africa, Caltex is playing an essential part in assuring more efficient, low-cost production.  
Turn your lubrication jobs over to Caltex and you can be sure that your machinery will turn in new records of smooth, trouble-free performance — assuring greater production in less time and cost. You get these benefits because (1) Caltex lubricants are actually "engineered" for your specific lubricating jobs; and (2) Caltex Lubricating Engineers — men with years of practical experience — can help you to select the right lubricant for the best results on every job.

# DRY-CLEANING CONCERN PROUD OF GREAT PROGRESS IN PAST EIGHT YEARS

FROM COUNTRY TO FACTORY

By JAMES WHISTON

PURITY and cleanliness — symbolised by a white rose — are assured for the most up-to-date equipment obtainable by White Rose Dry Cleaners, who celebrate their eighth anniversary of operation in Nairobi this week.  
At the head of this flourishing concern with seven shops and branches operating throughout the East African region is Mr. Habib V. Keshavjee, one of a family of "Africo-born" industrialists.

Erased there in the chrome business and other undertakings, he paid a visit to Nairobi to the early days and decided he could not enter the dry-cleaning field.

It was an opportune moment, because a revolution was taking place in the industry that had been established in Nairobi at that time in the dry-cleaning business, introducing completely new methods and equipment.

Capital was no problem, as the most modern British-made washing machines were purchased. "We were able to get the best in the market and came out with a big bang," Mr. Keshavjee says.

Although research had been going on since the turn of the century in the various attempts to obtain better cleaning results and other particularities, results were still being used for the job until less than two years ago.

The revolutionary method that they could make a good impression on customers returning garments and had suffered no damage to their clothing.  
This revolution was made possible by the use of the new "dry-cleaning" process, which had been developed in the last war, dry-cleaning firm is.

CONFERENCE SPECIAL

## African Elected Members boycott first session in Lancaster House

### CRISIS AT PEAK OF BOYCOTT

#### Mr. Macloed refuses Koinange as adviser

African Elected Members who boycotted the opening session of the session of the conference in London, last night attended a special reception at Lancaster House still uncertain whether to attend the conference.

The Colonial Secretary, Mr. Macloed, was present at a Cabinet meeting when he reported absence of the Prime Minister.

All 14 Members had refused to attend the opening session of the conference because Mr. Macloed would not admit to the talks, with the American lawyer, Mr. Turnpenny Marshall.

Mr. Macloed wrote to the leader of the African delegation, Mr. Nyaia, last night, saying he would be ready at any time to see him and his colleagues and expressing the hope that they would attend today's session.

Associated with Mau Mau

A Colonial Office spokesman said that Koinange had been associated with the outbreak of Mau Mau and was therefore not to be allowed to return to Kenya.

Mr. Mboya said that he had told the Colonial Secretary that they wanted the right to decide on their own terms.

Mr. Macloed said that he would be able to make progress at this conference if the members were very much not only to their own meetings.

It is the first time that we are meeting at this moment when we are not in a complete deadlock.

Second adviser

Within the last hour Mr. Macloed has named a second adviser to the conference.

Mr. Macloed said that he would be able to make progress at this conference if the members were very much not only to their own meetings.

It is the first time that we are meeting at this moment when we are not in a complete deadlock.

### Standard's Correspondent

Kenya. Tax assessments in the Eastern Province of Uganda, yesterday spread to a fourth county of Bukedi District.

Two companies of the British Royal Air Force were burned and big crowds collected.

The conference might then be further work on the problem of local modifications in the standard.

## Budget aim for fiscal awareness

**FISCAL responsibility is the basis of President Eisenhower's supplementary budget for 1958-61, the secretary of the U.S. Treasury, Mr. Robert Anderson, said in Washington yesterday.** He was speaking at a Press conference in connection with submission of the Budget to Congress. Mr. Anderson said that the total 1958-61 budget was \$180,000,000,000 compared with \$170,000,000,000 for 1957-60. He said that the budget was based on a gross national product of \$270,000,000,000 (\$270,000,000,000) for the 1960 calendar year compared with \$260,000,000,000 in 1959.

## London investment more cautious

Central Route (E.A.) Ltd. LONDON Stock Markets were quiet and undecided yesterday morning. Business was small and selective and buyers were wary in view of weekend comment on the necessity for a cautious policy. Industrials were uncertain, but aircraft shares were good following investment comment and reference to the present high yields.

## LONDON DEMONSTRATION

EVEN before the conference on Kenya's constitutional future is completed in London, political demonstrations at home stage could be discounted. The demonstrators are expected to be small in number. After the hours of trade union negotiations which have had no success, it is unlikely that any demonstrators would be present. It is possible that a demonstration of a walk-out by one party or another, but this is unlikely. It is possible that a demonstration of a walk-out by one party or another, but this is unlikely. ## INTERVIEW WITH T. J. MBAYA

During a recent visit to Nairobi, Kenya, I was naturally interested to try and discover what the African attitude was to Kenya's current political problems.

## CERTAIN INTEREST

In certain quarters, however, and especially among the younger people in cities where there were universities there was a certain amount of interest in the subject.

# M.C.C. Bowling Not Good Enough Major lawn tennis split unlikely

## May advocates five days for Colony matches

**Mike Dale**, President of the Kenya Bowling Association, sends his best wishes to the M.C.C. cricketers, who are competing for the title of champions of Kenya in the M.C.C. trophy, which is held by the women's side.

**PITCHES** tend to encourage "throwing".

**FATHERHEAD** pitches in the West Indies are producing one thing—scouring to encourage "throwing".

**PETER MAY** and **Walter Robins**, captain and manager respectively of the M.C.C. tourists, virtually admitted at a press conference at Port of Spain that it seemed unlikely that they would win the M.C.C. trophy.

Robins said that the M.C.C. side was going to be a great bowling side to win matches on the type of pitches which are available in the West Indies. He said that the M.C.C. side was going to be a great bowling side to win matches on the type of pitches which are available in the West Indies.

**DECISION** of the United States Lawn Tennis Association to reject the International Federation's proposal to have a class of "amateur" player, who would enjoy a status between a professional and an amateur, is not likely to cause a major split in the personnel of the U.S. Lawn Tennis Association.

## SUPPORT FOR OPEN EVENTS

It is reported that the U.S. Lawn Tennis Association has decided that it will not support the proposal to have a class of "amateur" player.

# If you have a pain— what do you take?

Do you take a tablet in a powder or do you take "Disprin"? Disprin is different from pain relievers per se—different because it dissolves, not merely dissolves.

DISPRIN dissolves at once in the stomach in a solution, and is rapidly absorbed into the blood stream. It is why Disprin Dissolves there is that it does not irritate the stomach and cause unpleasant after effects.

Because it dissolves— **DISPRIN** stops pain quickly!

# Busiest woman need not let her beauty fade

**BY JEAN VAUGHAN**  
SHE is the busyest of us sometimes say about an old lady. She has let her figure spread considerably, bundles up her hair like a nest and whose face, instead of makeup, except on special occasions, shows tell-tale signs of wrinkling. The advice given to her is to keep working wife and mother — a busy girl who has no time for make-up, comment, encouragement and rivalry on their colleagues to keep them up to the mark. Does beauty really fade? Is it inevitable that the more a woman takes care of her appearance, the more she will have to do to keep her beauty? ## MAINLY FOR WOMEN

White, as I shall call them, are of various tone, colour and skin type. They are generally young and active, and are in the best of health. They are the women who are the backbone of the home and the mainstay of the family. They are the women who are the pride and joy of their husbands and the love and admiration of their children. They are the women who are the life and soul of their homes. They are the women who are the best of us. They are the women who are the busiest of us. They are the women who are the most beautiful of us.

When I started with the balance cream, I was at first puzzled. I had heard so much about it, and I was told that it was a wonderful thing. But when I used it, I found that it was just what I needed. It checked my perspiration and odour without irritating my skin. It was so good, that I have used it ever since. It is a real beauty product for the busy woman. It is the cream that checks perspiration and odour — safely, quickly!

**ARRID** is a pure, white, scented vanishing cream. It lasts for two weeks on fresh all day long. It does not irritate or stain your skin. It removes odour from perspiration instantly on contact. It keeps you fresh. It is a real beauty product for the busy woman. It is the cream that checks perspiration and odour — safely, quickly!

From casual, long bob to sophisticated evening "beehive" in 60 seconds... Pamela Rose Monaghan shows how a model changes her personality with her hair. With Toni Mallett, another British Fashion Festival model, she was giving a hair-styling demonstration at a Marché exhibition at a Nairobian equipment store.

# COMMERCIAL F.L. REF TO GOOD BEGINNING

NAIROBI'S Commercial Football League, having survived several "amateur" attempts, is now achieving its original object this year for, perhaps, the first time since its inception. It seems likely to continue to be a "house league" and not a professional one.

But at one stage not long ago the league began to look like a continuation of the "F.A. Stars and the rest" of the mill players. It was alleged, especially in the early days, that the "house" players were too frequently "doubling their trade" and unknown to the general public. It was also alleged that they were "paid" to play in the "house" and not for their own pleasure.

Intense rivalries PLAYERS were given jobs in their own industries or other commercial capacities, rather than being paid to play. This was the case with the "house" players, who were frequently "doubling their trade" and unknown to the general public. It was also alleged that they were "paid" to play in the "house" and not for their own pleasure.

Medicals win Amberley replay 4-0 CALEX, who fully merit against Medical United in the first round of the Amberley Cup, were unable to reproduce that form in the replay. Medical, winning in the first half, especially dominated the play and although they scored only once during the match, their goalkeeping was superb. Medical's win was a good one for the club, as they were the only team to have scored in the replay.

Kenya Golf Cup RACING for the Kenyan Golf Cup was held at the Kenya Golf Club on January 23 and 24. The race was won by the Kenya Golf Club team, who were the only team to have scored in the replay.

Shern opens the score IT came as no surprise when Shern opened the scoring in the first half of the match. He was the only player to have scored in the replay.

## Starlight Trophy goes to Dolphin

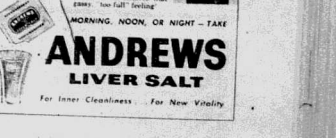

DOLPHIN won the annual Starlight Trophy race of the Kisma Yacht Club an exciting event for which there was a good turnout, with most boats carrying a liquid refreshment to keep out the cold. The Club Commodore had the bad luck to break a ladder pin, but after a quick exchange this was repaired in time for the start.

1,000,000 FLY BY E.A.A.

CONGRATULATIONS to East African Airways Corporation. Last August, to mark the start of the E.A.A. steppled off the Johannesburg plane at Nairobi airport, appropriately enough an aircraft from the public corporation which has helped to make Nairobi a nodal point for flights to South Africa and India and London.

It is a bold venture by a great deal of courage to launch a relatively small, domestic airline in the international field, where there is intense local competition. The present arrangement with B.O.A.C. and South African Airways through which the E.A.A. is operating on all routes except East Africa, is far superior to the arrangement with Central African Airways, the only other international airline which has been established in East Africa. It is a bold venture, but it is to be hoped that it will be a success. It is to be hoped that it will be a success. It is to be hoped that it will be a success.

YET MEATS CHEAPEST IN ALL AFRICA

Beef in Kenya is cheaper than anywhere else in Africa or in Europe... yet producers are making so little profit that cases of hardship will arise this year.

The president of the Kenya National Farmers' Union, Mr. P. Marrian said that of recent. Standard yesterday that a recent K.N.F.U. survey showed that producers received only 6 per cent on a capital invested.

VIOLENT ROBBERY CHARGE DENIED

FOR DENY ON HER THE wife of a Member of Kenya Executive Council was imprisoned on her home by a gang of four men who threatened her with a knife... A Nairobi magistrate's court was yesterday.

Kimani Ndindi of Fort Hill, pleaded "Not guilty" to a charge of robbing Mrs. D. K. Adala with a violent robbery and also to an alternative charge of receiving and retaining stolen property.

Mrs. Adala of Fourth Avenue, Parklands, Nairobi, said she was in her room on the second floor of a house when she was found there by a gang of four men who threatened her with a knife and demanded a ransom of KSh. 5,000.

Kimani said he had been asked to help the men to break into the house. He claimed that he had no part in the robbery and that the men had threatened his life.

Mrs. Adala said that after being held in the bathroom for about 20 minutes she was taken to a room where she was threatened with a knife and asked for money.

# DASHING FINISHINGS BY TED DEXTER

# No hitches in first round of Craig Cup

## NATAL TOP S. AFRICAN CRICKET PROVINCE

NATAL became the South African cricket province by capturing the Craig Cup from Transvaal in Durban after the final match.

The Transvaal and Natal cricket players, John Watts, has become an unqualified certainty. He had driven them to the match, taking 134 not out in the second innings. He was the first to score in the first innings, but was out by a century in the second.

## M.C.C. victory over Trinidad by six wickets

M.C.C. won their match at Port of Spain against Trinidad by six wickets with ten minutes to spare after a dashing innings by Ted Dexter. (On that day Dexter's 100 was the highest score in the history of the M.C.C. which he completed his 5th. Dexter, at 41, was the first to score 100 in the first innings when he shared a 100-run partnership with Alan Agarwal in the first innings. He outscored Smith by 41 runs but Smith had the honours of hitting winning runs.

The tourists set to get 300 in less than 210 minutes. They were out in 147 minutes in an unbeaten fifty-wicket partnership. Ramon Sobers had scored 111 in 75 minutes.

Final scores were: Trinidad 301 for five declared and 131 for nine declared; M.C.C. 171 for nine declared.

Trinidad's bowlers were: Peter May 4 for 74, and Ken Barrington 2 for 66. Dexter took 4 for 47, and Agarwal 2 for 47. May and Barrington were the only bowlers to take a wicket in the first innings. May took 2 for 156, they needed 190 runs to win.

Another wicket would have put Trinidad on top but Dexter and Smith decided to go for the run. Dexter had been hit by a great ball, but he had not been out. He had been hit by a great ball, but he had not been out.
