# GOALS GALORE IN MUD ON GREASY GROUNDS

**T**WO of the four Division I sides engaged in F.A.C. replays on Saturday throughout Division II opponents. But Birmingham, at Leicester, were lucky to live to fight another day.

Both Birmingham and Leicester made football a gamble and players skidded on in greasy conditions, with the ball frequently sticking in the mud. Several big scores were indicative of the frisk conditions prevailing.

Leicester were lucky to escape a goal-kick, which would have meant a goal-keeping error against Birmingham. Leicester's goalkeeper, however, did his best to keep the ball out of the goal.

## COUNCIL DEBATES SALARY GRANTS FOR TEACHERS

### RAJ RELATIONS

It is inevitable that the tragic outbreak of violence between the African and Indian nations in many parts of the Union of South Africa has been reflected in the newspaper comments from the various countries on the events of last week. In the months in the field of international relations, the press has provided for the critics, in particular, with little or no personal knowledge of the situation, plenty of material for conjecture. The Durban and Johannesburg newspapers unfortunately will be approached by many controversy-hunters who will do all their affairs already acquired. Here in addition to these men, some immediately concerned have great and growing responsibilities for the avoidance of conditions which may bring violence to the possible in the future. It is possible to improve the processes of impartial public inquiry be directed to uncovering the real causes of the massacre. Communal rioting is a phenomenon which has been for long a not unfamiliar occurrence in India but it is a new phenomenon in Africa of good nature is almost present. It has been a controlled violence. Hatred of his fellow-men does not come from any religious or racial bias on cultural or religious grounds. It is a hatred of the person who is sufficient, if exploited, to explain this sudden outbreak. The Durban and Johannesburg newspapers are busy explaining. It is certain that some would seek to find the explanation in the fact that the Government though there is a policy of racial equality, it is not equal disability. There is nothing to suggest that the tragedy had its origins in the political aspects of public policy and though the extent of the violence has given sharp point to the relations in South Africa, and emphasize the warning of further deterioration, it is necessary to look further from the African authorities to the Durban town.

# RAILWAY ESTIMATES

Estimated for 1947, Dec. 31

Some comment as regards reports that the railway had been estimated to be in a surplus position for 1947. It is true that the railway has been in a surplus position for the last few years, but this is due to a number of factors, including the fact that the railway has been operating at a loss for many years.

The railway has been operating at a loss for many years, and it is estimated that it will continue to do so for some time to come. This is due to a number of factors, including the fact that the railway has been operating at a loss for many years.

# RESPONSE

It is unfortunate that the fact that the railway has been operating at a loss for many years is not widely known. This is due to a number of factors, including the fact that the railway has been operating at a loss for many years.

The railway has been operating at a loss for many years, and it is estimated that it will continue to do so for some time to come. This is due to a number of factors, including the fact that the railway has been operating at a loss for many years.

# BEVIN ASKED THE COMMONS TO WAIT

## No statement yet on Palestine RECOGNITION OF ISRAEL IS UNDER CONSIDERATION

Parliament re-assembled after the Christmas recess, British Foreign Secretary Mr. Ernest Bevin, declared today that the Government is not prepared to make any statement on Palestine because of the delicate negotiations now going on between the Israeli and Egyptian representatives.

Mr. Bevin has been using all our influence, in conjunction with the United States, to bring about a complete armistice between the Jews and the Arabs," Mr. Bevin told Mr. Winston Churchill, who had raised the matter.

Mr. Bevin also said he was prepared to indicate that good progress is being made and we are particularly eager to contribute, to the extent of our power, to any peace which may be achieved by any of the means available to us.

"The main object of all concerned must be to secure a peace which is of whole quality as soon as possible and which is acceptable to all concerned and the stability of the Middle East."

"Fighting has ceased on all fronts and we sincerely trust that a peace will be maintained."

Mr. Bevin then announced that the Government had prepared to allow Jews who were detained in Cyprus to be transported for them, and that the Government was sending the acting United Nations mediator Dr. Ralph Bunche to the island.

The Government of the French Republic has announced that it is ready to receive the French flag on the State of Israel being negotiated.

Mr. Bevin said that the Government was prepared to allow Jews who were detained in Cyprus to be transported for them, and that the Government was sending the acting United Nations mediator Dr. Ralph Bunche to the island.

## Drop in landed cost passes on

The PRICES of certain petrol and fuel oils have been reduced throughout East Africa. The reduction, announced yesterday, is the first since the landed cost of these oils fell in the second half of 1962.

An official of one of the "big three" oil companies in Kenya said: "It is possible because of the drop in landed cost of these oils that we are able to pass on the reduction in prices to our customers."

The reduction in prices is expected to be particularly beneficial to the transport and agricultural sectors of the economy.

## Postal services UNDER CRITICISM

### Central Assembly hears Postmaster

MEMBERS of the East Africa Central Assembly at yesterday's meeting in Nairobi were told by Mr. W. A. C. Bovey (Kenya) that complaints about the Post Office services had reached such proportions in the past year or two—in the past few months especially—that the Government was being urged to take steps to improve the service.

Mr. Bovey said he realized the Postmaster-General had been handicapped by many difficulties but added that it would be most unwise to disregard the fact that the public was seriously disturbed about the conditions of the services rendered by the Department.

"The public is tired of having to send telegrams and telegrams want them at any reasonable time," he declared. "It is tired of trying to get a letter through the post office in the evening, when it may take another six or seven hours to get an answer to that."

Mr. Bovey also said that the public was annoyed by the long delays in the delivery of newspapers and magazines, and that the public was annoyed by the long delays in the delivery of parcels.

## COUNCIL DISCUSSES REPORT ON EDUCATION COSTS

There was a very encouraging Council discussion on the education of Indian children today. Council members, who are all members of the Education Committee, discussed the report of the Education Committee on Indian children.

The Committee has submitted a report which shows that the education of Indian children is now being treated on a par with that of the European community. The Committee has also recommended that the Government should provide for the education of Indian children on the same basis as for the European community.

### Taxation

In a brief reference to taxation, he stated that it was almost fair to say that the Government was doing very well in the matter of taxation. He pointed out that the Government had succeeded in reducing the income tax on the European community from 10 per cent to 8 per cent, while the tax on the Indian community had remained at 10 per cent.

### Closing the doors

The Asian community was not against paying what it could to meet the high costs of education. He stated that the Government had succeeded in reducing the income tax on the European community from 10 per cent to 8 per cent, while the tax on the Indian community had remained at 10 per cent.

### Three classes

He divided Kenya's population into three classes: the European community, the Indian community, and the African community. He stated that the Government had succeeded in reducing the income tax on the European community from 10 per cent to 8 per cent, while the tax on the Indian community had remained at 10 per cent.

### Under the Sanam Rock

The new stained glass window in the Nairobi Cathedral, which was unveiled yesterday, depicts the scene of the Sanam Rock. It is a fine work of art and a valuable addition to the Cathedral's collection of stained glass windows.

# THE PLAN TO STOP GERMAN AGGRESSION

## Three-man Security Board's mandate

The Western Powers, which place the Ruhr under strict international control, have now set up a three-man Military Security Board, which is to act as a central authority for the German Government and to be responsible for the proposed Tripartite Commission consisting of the three Western Military Governments.

The Board will deal with the Ruhr, which is under international control, and with the German Government until a peace treaty is signed.

## When occupation ends

When, then, end of the occupation, becomes imminent, the Western Allies will consider what kind of enforcement is needed to bring back the Military Security Board to its normal position of the three Western Military Governments.

The Board, in addition to making inspections and reports, will advise on policy concerning what industry and agriculture are to be controlled, and will also police the level of industry.

## Lesson from Africa

The wisdom of Africa down the ages is to keep something in the hands of the natives. The natives of East Africa, British housewives are informed, have for centuries organized the leaves of this fruit round their meat.

# COMMUNISTS ROWDY

Communists and sympathizers disrupted proceedings by singing and whistling when Max Beaman, vice-chairman of the Executive Committee, was presenting the report of the other members of the Party, who were charged with having threatened Government politicians with trials for 'conspiring' to impede the Western Powers in their mission to prepare the Ruhr for the economy and security of Europe.

## British the model

The French Premier, M. Henri Queuille, has advised the five to emulate the British in their struggle for recovery. The only way in which France could balance her budget, he said, was by following the British example—reducing imports and greatly increasing exports.

# NAIROBI TRADERS OPPOSE STAMP DUTIES REVISION

Opposition to Kenya Government's proposal to revise the Stamp Duties was voiced at the Nairobi Chamber of Commerce at the annual meeting. After registering its disapproval, the Chamber requested the Government to discuss the matter in the Standing Committee of Legislative Council, the question should be referred to the Board of Commerce and Industry.

# New old-storeage plant may be ready in month

Next month it is hoped that the new cold storage plant at Kilimani, which cost up to £240,000, will have been put into operation.

It will hold storage space of 100,000 bushels of produce and will be able to freeze 10 tons of butter and a ton of fish.

# Insightful

Mr. F. W. O. Boman, though the proposed increase in import duties on fruits and vegetables and equitable mortgages would result in a direct increase in the general cost of living, will, he says, "insightfully" describe the proposals.

It is thought that a damper on the price of food would have a dampening effect on the price of clothing.

# Decentral?

In answer to a member's query about the power-boost position—the African Board, which is to be decentralized, has been unable to reach inter-agency agreement on the matter.

The Board will be set up to advise the Government on the whole of the commercial community.

# Sound finances

Expenditure had been less than last year by 27½ per cent. Mr. J. A. Mallett, who had been in charge of the account, said that the Government had been able to reduce its expenditure by 27½ per cent. in 1947, compared with 1946.

# Arms for Europe

President Truman is reported to have approved a draft Bill providing for the export of arms to the United States in western Europe.

The Bill would allow the President to issue licenses to permit the export of arms to any country in western Europe, provided that the country is not a Communist country.

# EDUCATION POLICY DEBATED

Opposed to the notion of the report on education, the Government has decided to discuss the matter in the Standing Committee of Legislative Council, the question should be referred to the Board of Commerce and Industry.

The report, which was prepared by the Education Commission, is expected to be published in the next few days.

It is thought that the report will be a landmark in the history of education in Kenya.

# Waste of time

The Director of Education, Mr. J. G. H. Hopkins, has said that the Government's policy of providing education for all is a waste of time.

He said that the Government should concentrate on providing education for the better-off, who are the ones who will be able to contribute to the development of the country.

# A CUP TIE 'REHEARSAL' AT GOODSON PARK

LEAGUE football will be in full swing in England this afternoon prior to next week's renewal of F.A. Cup battles which will start on the 22nd.

There will be an interesting 'rehearsal' at Goodson Park this afternoon when Chelsea meet Everton, whom they defeated on Saturday night in the Cup at Stamford Bridge.

The 'rehearsal' will be engaged in the first round of the Scottish F.A. Cup.

# CHINA APPOINTS FIVE MEN TO NEGOTIATE PEACE

## The Communist eight-point basis

# PEEPING COMES TO ITS OWN TERMS WITH BESIEGERS

After a year of Communist forces, surrendered under a separate peace, to the Communist forces who have besieged the last four weeks, the acting Chinese Premier, Li Tsung-shan, announced that the Chinese Government was willing to negotiate with the Communists on the basis of the eight-point basis forwarded a week ago by the Communist leader, Mao Tse Tung.

The eight-point basis was Mao Tse Tung in reply to Nationalist Government's peace proposals were—

- One: Abrogation of "treacherous treaties" with foreign powers.
- Two: Cancellation of the constitution.
- Three: The trial of all "war criminals."
- Four: The elimination of "reactionaries" from the Government and Army.
- Five: The codification of "bureaucratic capital."
- Six: Land reform.
- Seven: The formation of a State Council to include all elements except reactionaries.
- Eight: The alteration of the calendar to the Western calendar, to be instead of dating from the foundation of the Republic.

# THE WAY TO RECOVERY

## Cripps has hopes of independence

Speaking of Britain's tremendous strides towards recovery in the past year or two, the Chancellor of the Exchequer, Sir Stafford Cripps, has said that if the country went on like this we should have every chance of reaching complete independence in the next three or four years.

Mr. Cripps had a questioner that Britain would like to see Britain and the rest of the world completely disarmed. It would make her more secure than ever the present Government in Britain would not refuse another such question.

Asked why Britain was trading with Russia, Mr. Cripps said that for making good use of the needed raw materials.

# 70 ACCUSED OF SPYING FOR U.S.A.

While the people of Czechoslovakia were awaiting official news of the reported arrest of about 400 military officers in connection with an alleged Christmas spy plot, the authorities at the weekend announced that 70 people had been arrested for running an espionage network in American interests.

It is fairly widely known that the Czech Government had arrested 400 officers of the Czechoslovakian army forces, including 100 officers in connection with an alleged Christmas spy plot, the authorities at the weekend announced that 70 people had been arrested for running an espionage network in American interests.

# RISKS COVERED

# ARREST OF HUNGARIAN CARDINAL

## Dr. Evtav anxious to prevent injustice

More was heard at the weekend of the arrest of Cardinal Mindszenty of the Roman Catholic Primate of Hungary, which was described by Dr. Herbert Evtav, the Hungarian Foreign Minister, as of great importance because the Allies 1946 peace treaties provided for freedom of speech and freedom from arbitrary arrest in the case of any country, including Hungary.

# LEGISLATURES TO CONTROL BUDGETS

## Colonial Office hands over powers

Members of Kenya Legislative Council were told by the Member for Finance, Mr. J. F. G. Troughton on Saturday evening that in future they will exercise a greater measure of control over the Colony's budgeting both for revenue and expenditure.

This information was given in a statement in which Mr. Troughton said: "Certain suggestions took place in London last year for the extent to which the Colonial Secretary should exercise control over finance. As a result, it is a great pleasure for me to announce that a fairly considerable measure of devolve to colonial legislatures has been agreed."

# LOSSES AND LOANS

Another decision was that they would be able to write-off losses of the State and to grant or require without the Secretary of State's consent and approval of the Standing Finance Committee.

# REVENUE POLICY

After Council had resolved itself into Committee of Ways and Means, Mr. Troughton said that the Government had decided to raise the rate of tax in the public interest, as in the present circumstances.

# SPURS AND FULHAM'S KEEN PROMOTION RACE

A CROWD of over 62,000 at White Hart Lane on Saturday was a proof that one of the day's most attractive meetings was Tottenham Hotspur-West Bromwich Albion match.

Other good games were the United-City meeting in Manchester and the match between Charlton Athletic and the League League, Portsmouth, at the Valley. Both drew big crowds and the day's aggregate attendance exceeded one million.

The Spurs' victory gave them the leading position in the championship and, with Southampton, Charlton and Fulham, they are the four clubs in the top five of the Division I.

Southampton were further ahead in Division I by a narrow win over Birmingham, while West Bromwich only drew and Derby County won on Wander.

In Division III (Southern) Swans and Torquay increased their lead over their nearest rivals, Brighton and Hove, who were surprisingly beaten at home by Millwall, who spoiled the secondary target on a broken run in this section.

In the Southern section of Division III the stern tussle between Bournemouth and Hull City continues both sides wanting their away matches.

All but one of the twenty South Coast Cup first round matches resulted in a division and, as there is no extra time, this will be replaced next Saturday.

## Fast away wins

Away victories were scarce on Saturday, while the two Division I draws gave yielded only two goals between them. Portsmouth, who play in Division I, were the only club to get a goal, a goal by outflanking Charlton, a goal by Charlie, controlled by the referee, made the match. It was the second defeat sustained by Charlton at the Valley and 61,900 saw the second defeat sustained by Charlton.

## Saturday's results

Results of Saturday's league and Cup games were:

League Division I	Goals
Cardiff City 3, Arsenal 2	2
Brighton 1, Liverpool 1	0
Hull City 1, Sunderland 1	0
Derby County 1, Portsmouth 1	1
Manchester City 2, Manchester City 2	0
Charlton Athletic 1, Birmingham City 1	0
Blackpool 1, Newcastle-U. 1	0
Derby County 1, Derby County 1	0
Sheff. Wednesday 1, Blackpool 1	0

League Division II	Goals
Cardiff City 2, G. Rangers 1	1
Cardiff City 1, Coventry City 1	0
Cardiff City 1, Plymouth A.F.C. 1	0

MARSHALL PLAN PROBLEMS Airmar For Professor Prefers Help From Peasant Producers

THE long-drawn civil war in China between the Nationalists and the Communists is nearing its end. The things that have been a struggle against a people weary of strife. Peace will be achieved in the near future and on the basis of a complete and fair political settlement...

AS THINGS are going at present, Europe will probably never be able to pay in dollars for an adequate quantity of goods from America to maintain its standard of living...

THE drawing up of the individual plans proved difficult, many factors, such as future price levels and the extent to which other countries would be able to supply the goods...

When it came to fitting these plans together, however, it was found that the American plan was divided sharply into two groups: one for the 'free world' and another for the 'Communist bloc'...

AS A RESULT of this deadlock, the American plan was revised to draw up a master plan. It is intended to be a plan for the Marshall Plan...

Belcher 'knew purpose of gifts'  
 GIBSON 'HOPED FOR ADVANTAGE' OFFICIALS, MINISTERS CLEARED

Government White Paper. Britain has been found guilty of the Lyskyet tribunal, which for 25 months and December, held a million words in evidence of a corruption in British Government circles. The tribunal yesterday the White Paper reveals the fact find- ing of the tribunal on principal personalities involved as follows:

Mr. W. BELCHER, who resigned his post as Parlia- mentary Secretary of Trade before the tribunal, was found guilty of having accepted gifts and hospitality from the Soviet Union. Mr. Sydney Stanley was found guilty of having accepted favourable treatment from the Board of Trade, but neither he nor Mr. George Gibson, a Government-appointed member of the Bank of England, who also resigned his post, were found guilty of any offence.

Mr. R. KEY, Minister of Works, did not receive any official action to be influenced.

Mr. RICH DALTON, Secretary of the Economic Council, Mr. FRANK SOSKICE, Solicitor-General, Mr. DENTH LALOR, Parliamentary Secretary to the Ministry of Civil Service, no foundation for allegations against them.

Mr. SYDNEY STANLEY, whose part in the inquiry was the most talked-of man in Britain "a man who made any statement, whether true or untrue, if he was not careful, would be taken as a confession."

White Paper reveals that a case concerning officials, led by a Public Prosecution Department, is being submitted to the High Court. Three cases are being taken to the police to take action.

Mr. Stanley for the purpose of serving expedition and favourable trade of other Ministers of any of the Board of Trade, Mr. Stanley was found guilty of having accepted gifts and hospitality from the Soviet Union. # HILL AREA PLOTS WILL BE DIVIDED

**A**P<sup>TER</sup> stating that it had been agreed that further building could be started between existing houses on the larger Government residential plots in Nairobi, the Deputy Chief Secretary, Mr. C. H. Thornley, told members of Kenya Legislative Council yesterday that in one block on the Hill the plots for closer subdivision had already been prepared and houses on the plots are being erected.

It is stated, "before a comprehensive scheme for additional construction of housing on the Hill and elsewhere can be initiated, and in order to ensure the most profitable distribution to permanent structures, more detailed information regarding existing development is required, and this is being ascertained."

In the meantime, however, some of the more open areas were being selected and closer subdivision is now prepared in order to provide additional plots for the purpose of advance of a complete layout.

# BRITISH CAR MAKERS CO-OPERATE

**B**RITAIN with her motor vehicle production at one-third of the United States, is the world's second largest producer and the biggest exporter, displaced the third annual Review of the British Motor Industry published by the London Times last month.

"It is time to think, says the publication, that the British car is in a more precarious popularity."

**All new models**

Describing the progress made and the problems encountered in the post-war development of the British "Review" contains a comprehensive account on all the new models and models that are now appearing in different parts of the world and a few remarks review of world trends in motor cars.

The industry has set up special machinery to help with special problems of transport that have arisen by the expansion of the motor car market—the first instance, it is believed, on which such an attempt is made to solve transport problems by a comprehensive study by organized collective action.

**AFRICAN EDUCATION: SCHOLARSHIPS ABANDONED**

To the Editor, "E.A. Standard":

Since addressing a meeting of the British Education Association in London, the Director of Education in Kenya has not been heard of in any country in the world and no communication to secondary schools has been received through the medium of the British Education Association since that time. It is known that some of these people who have been offered these scholarships are now in the Government of the Colony and are in a position to be interviewed by me. I know that some of these people who have been offered these scholarships are now in the Government of the Colony and are in a position to be interviewed by me.

On the other hand, it may be argued that the review is a general one and that it is not intended to be a study of the British car industry, but I know that some of these scholarships are now in the Government of the Colony and are in a position to be interviewed by me.

To the Editor, "E.A. Standard":

In your issue of the 15th inst. you published an article on the "British Subject" in India. It is a pity that the British Government has not taken any steps to ensure that the British subject in India is treated as a British subject. # Asian accommodation

Question by Mr. D. Q. Egan: The Government has been asked before Government allocated the Hill area in Nairobi to the Railway officers the possibility of allocating the Hill area to the Government points should be examined.

Answering Mr. C. B. Madan (Central Area), the Chief Secretary, Mr. J. P. Rankine stated that the number of Asian civil servants who were not at present provided with Government quarters was 218.

Government recognized that it had a strong moral obligation to ensure that as far as practicable, the necessary Government quarters in Nairobi were available, but did not accept liability to provide Government quarters for all officers, especially in the larger towns.

During the period 1946-1948 112 Asian quarters had been constructed throughout the Colony, and 45 additional quarters were at present under construction. It was hoped that a further 250 quarters would be begun in Nairobi.

# Indian schools

The Director of Education, Mr. B. Patrick, in reply to another question by Mr. Madan, said the present number of Indian schools in the Colony was 42 and the number of pupils was 1,200.

# Getting together

It is interesting to note that the Government has been asked to consider the possibility of providing Government quarters for all officers, especially in the larger towns.

Another co-operative measure discussed in the review is the possibility of providing Government quarters for all officers, especially in the larger towns.

# KENYA KONGONI'S REVENGE AGAINST LONDONIANI

AS already reported, a strong Kenya Kongoni C.C. side under the captaincy of H. W. Smith, visited Kericho and Londiani at the weekend and scored two successive victories, beating Kericho by 173 runs on Saturday and Londiani by 83 runs on Sunday.

Highlights of some bright batting performances were the successive centuries of D. W. Dawson, who scored 100 in the first innings at Kericho, and the century of A. S. Smith, who scored 100 in the first innings at Londiani.

At this stage, after being beaten twice, Kericho were again beaten by Londiani by 114 runs in the third week, which was a very well played day.

Dawson continued to bat aggressively after having been eventually dismissed by Londiani, but eventually came back to score 100 in the second innings, and was again dismissed by Londiani by 114 runs in the third week, which was a very well played day.

**Smith in form**  
Kericho found Smith bowling at the top of his form when they came in to bat and five quick wickets fell in the first innings.

At Kericho, only aggressive resistance came from J. Coombs, who scored the century, and Wilson, who scored 50. A very good and patient batsman before falling in the second innings.

Kericho won with little to commend in their batting, but they were able to score 100 in the first innings.

**Londonian match**  
Leading the list on the beautiful Londiani ground, Kericho were again beaten by Londiani by 114 runs in the third week, which was a very well played day.
