**INDEPENDENT REPUBLIC WITHIN A FEW MONTHS**  
PRIME MINISTER of India, Pandit Nehru, said yesterday that the Indian Government proposed to adhere strictly to Congress Party's resolution that in a few months India would become an independent Republic.  
He was referring to India's future relationship with the Commonwealth when opening a Parliamentary debate on the subject.  
The Premier recalled the Congress resolution passed at the annual session at Madras in 1947.  
"India, in the course of a few months, will become an independent Republic."  
"In so far as our external, internal, political or economic policy, do we propose to accept anything which involves complete dependence on any other country."  
"We are in no way prepared to associate ourselves with any other country in any way."  
The Government was trying to achieve this in a peaceful manner.  
The Congress resolution of December stated that while the settlement of an Indian Republic would mean a change in the relationship with the Commonwealth, Congress would maintain free association with independent nations, and the promotion of world peace and the promotion of world progress.

# GOOD RECOVERY IN THE FIFTH TEST

## F.G. Mann plays grand Captain's innings

AFTER surviving some early disasters yesterday, the M.C.C. finished the third day of their fifth and final Test match against South Africa, at Port Elizabeth, with 330 runs and one wicket standing.

Eight wickets fell during the day for the African total, and the tourists are now 49 behind the South African total.

Chaired with South Africa's 100th over, the M.C.C. were looking on Monday after lunch to have set a good example.

Hutton and Watkinson gave the best of the contrasting services, with the latter working the south with 75 runs and 3 wickets to his credit.

Albert Brown, was getting better, but South Africa was the only bowler to trouble the M.C.C. It was a clever delivery which resulted in Watkinson's fall. The ball hit a leg trap, caught Dawson.

Jack Croft passed out of the remaining minutes and had some serious problems. Hutton was as successful as ever.

When the evening began, we saw that Watkinson's performance was not confined to yesterday's first day. In the second day he was at his best again, with 47 runs and 3 wickets to his credit.

Fourteen runs later, Hutton, who was on the "crazy" side, was caught by Dawson on the leg side, after a fine combination of his opening partner, Watkinson.

Nineteen for three wickets was a poor reply, but it was one of the best replies to Hutton's batting, as pointed out by Watkins, that impressed the South African bowler getting completely on top.

Compton, not out for 40 of his team, was in a valuable stand of 53 for the fourth wicket. Both he and Watkinson showed a fine appreciation of the situation and held well until Watkinson, under the watchful eye of McCarthy, 14/1-4, caught D. Norman Mann's bowling, 4/1-4.

# SPORT IN BRIEF

REUTER reports that Lindsay Brasher, the 1946 English tour and leader of the 1946 English tour, has been invited to captain the Australian team to tour South Africa in 1949.

The vice-captain will be announced later. Keith Miller's omission from the side caused a number of sections of the public, stated in Sydney that Australia could not be expected to be capable of beating South Africa. "South African cricket," he said, "is a complete mastery of the M.C.C. side of the regulars, the M.C.C. side is weaker than the one which met Australia in 1948. But it still carries too many guns for the South Africans."

CHAMPION HURDLER NOT IN FIRST 3

Hat-trick eludes National Spirit

RACEGOERS had a big shock on Tuesday at the opening of the National Spirit festival at Cheltenham when National Spirit, the champion hurdler for the past two seasons, failed to clear the first three of the 2½ miles Champion Hurdle Challenge.

The race was won by the Irish challenger, Mrs. M. H. Scully's Tattler's Grace, a 1007 chance, who finished fifth last year.

National Spirit was not a favourite but he was a hot favourite for the National Spirit.

# BRITAIN, U.S. WATCH KABA SITUATION

## Transjordan accuses Israel Jews disclaim designs on PORT NOW GARRISONED BY THE BRITISH

PARIS (AP)—British and American officials are reporting that Israeli troops were advancing toward Akaba, the port town on the Gulf of Akaba, where British troops were stationed in the region, the Transjordan Government has said. It was reported that Israeli might try to take the port.

In fact, no official reports have been received by the acting British High Commissioner in Amman, who has been conducting diplomatic talks between the British and Transjordan about troop movements in the region, and the Israeli Government. Both British and the United States are closely watching the situation and the Washington Embassy has been advised to have maintained a full exchange of information on the subject, pointing out that an Israeli incursion across the Jordan Valley in the past has had serious consequences, one of which was the recovering of the Dead Sea.

Dr. Bunche has asked his observer to check on the situation and report to him.

**AKBA FORCE WILL BE STRONGER**  
**New truce pact has been signed**

**B**ritish forces in Akaba, the Transjordan port, are being reinforced, the War Office announced today. The reinforcements will be sent from the territorial zone of Egypt.

Latest reports from the port show a small force of British troops is being sent to Akaba. It is expected that a force of 1,000 British soldiers and a half from the Akaba garrison will be sent to Akaba in a few days.

'It would be folly...'

He added: "While it would be a mistake to underestimate the potentialities of biological warfare, there is an actual basis for extrajudicial action against the biological warfare saboteurs."

The public has been given a "classified impression" by the fact that a single plane with a small biological warfare agent, capable of wiping out the population of an entire city, could be used. Such a statement is not in accord with the facts. It is not possible to spread an epidemic of biological warfare agents in a single day.

## Old Cambrians revise the constitution

**Colony on Parade**  
This year the United Kingdom  
is to give what will probably  
be the last opportunity to learn  
something about the history and  
the present of the United Kingdom  
The Old Cambrians Association  
of the Colony is organizing an  
exhibition in the Victoria Hall  
London, but in order to bring  
attention to millions of our British  
subjects who are ignorant of  
what they mean, there has been  
an extensive propaganda campaign  
to be held.

So say the least of it the Coloni-  
ans are to be given a chance to  
know the United Kingdom they can  
live and thrive with in complete  
peace and harmony, and to be  
able to suffer from the effects  
of international affairs which  
affect the political and social  
life of the Colony.

**Ignorance about the United Kingdom**  
is a great evil. It is a great evil  
because it is a great evil. It is a  
great evil because it is a great  
evil. It is a great evil because it  
is a great evil.

**Understanding, with its attendant**

great evil because it is a great  
evil. It is a great evil because it  
is a great evil.

# CORRESPONDENCE...

**TO THE EDITOR, "E.A. STANDARD"**  
 I have been reading with interest your article on the proposed extension of the 1945 Income Tax Act to the 1946-47 financial year. It is interesting to note that you mention that the Government has decided to raise the rate of income tax from 30 to 35 per cent. I am sure that this is a necessary measure to meet the Government's increased expenditure on the war effort. I am sure that the Government will continue to do its utmost to ensure that the country is able to meet its obligations to the Allies.

 Having read, with considerable interest, the three letters published in your issue of March 6, I am compelled to put forward some further suggestions.

1. While I agree wholeheartedly with the majority of Mr. Williams' views, especially that of widening and improving corners, I think it is a reasonable suggestion that the Corporation should be asked to consider the possibility of widening and improving corners.

# BOWLING LOGGED AT CAPE TOWN

Tourists tire on easy, slow paced wicket

**A**FTER their own first experience hitting at Newlands on Saturday afternoon, combined South African universities, the M.C.C. and other bowlers... had to do some leather-hugging themselves yesterday afternoon.

After losing a quick wicket... they were able to recover, mainly through an all-rounder, who was 17/3 on an easy wicket.

The M.C.C. added only 19 net for 47, in their match against Combined Universities at Newlands, Cape.

Names called for the heavy side... but it was thought that it would be a mistake to take such a heavy side. The combined side was analysed up to three wickets for 174 runs.

Combined Universities led with eight runs on the board... until the lunch interval, when the combined side was out.

### Wright costly

When Wright was introduced into the M.C.C. side to prove expensive and conceded twelve runs of his first over.

After lunch, it was the University of Pretoria, who were the first to bat, scoring only 27 runs. The M.C.C. bowled the wicket to the top order, with only eight runs on the board.

Wright was the only bowler to get a wicket, taking the first wicket in the first over.

# RETIREMENT OF LOVELY COTTAGE

at Windsor on Saturday

**T**WO things affecting the Grand National at the weekend were the convincing win of the favourite, Crowwell, at Windsor on Saturday, and the fact that he would not run on the Parklands ground.

It was the presence of lovely Cottage, who won the Grand National at Windsor, 1914, and who was to be retired on Saturday, which was the feature of the event.

**A** very big crowd saw a fast-paced match on Saturday, which was the feature of the event.

## GROUNDNUTS TO BE REUSED

### Opposition criticism defeated

### FARMING WILL BE INTENSIVE INSTEAD OF EXTENSIVE

BY 211 yeas to 113 the House of Commons defeated an Opposition motion criticizing the Government's handling of the East African groundnuts scheme as one of "massive mismanagement, misdirection and waste".

# ENGLISH LEAGUE SIDES AT A CRITICAL STAGE

## Fierce fight to escape relegation

In contrast to Scotland, where both 'A' and 'B' division leagues are separated by the minimum points margin, interest in the English league is centred principally on the fight to escape relegation from Division I to Division II.

Last week only two points separated the last five clubs in Division I. This week the gap has widened to four points with a number of champions to their credit.

This week the gap has widened to four points with a number of champions to their credit.

Under present regulations, unless a club has secured a certain number of points, it will be relegated to Division II. This means that the relegation battle is a fierce one.
