## CLOSER CHECK ON PENSIONS NEEDED

Criticism by Auditor-General

ARRANGEMENTS do not exist at all for the identification of persons to whom Government pensions are paid or to whom pension cheques are drawn. This is one of a number of "serious weaknesses" pointed out by the Auditor-General in his annual report.

Mr. C. W. Hodges, Auditor-General, said that the Government should make arrangements against loss and irregularity in the pensions referred to by the Auditor-General. He said that the Auditor-General's report was an essential part of the requirement that the Government should be held to account for its expenditure. He said that the Government should make arrangements to prevent such irregularities. He said that the Government should make arrangements to prevent such irregularities.

Through failure to exercise proper control, it was possible that some widows' and orphans' pensions had been paid in full from Kenya funds, although they should have been paid in part by the Tanganyika Government. The Auditor-General pointed out that to transfer on other suitable form of communication the details of pension payments to the Tanganyika Government. He said that it is desirable if the Pension Board had had the details of pension contributions owing to the Kenya Government, and received and brought to account.

The Governor of Kenya, Sir Evelyn Baring, has been asked by the Kenya Government to investigate the case of the late Mr. J. M. Smith, a director of the Kenya Power Co. Governor formerly opposed the case, but the Kenya Government has now asked him to investigate the case.

## Nairobi editor to resign

PLANNING SCHOOL

Mr. Harous Ahmed, editor of the English and Colonial weekly newspaper, the Colonial Times, and one of the founders of the Daily Chronicle and African Review, is to resign this month. Mr. Ahmed, who is 44, intends to start a multi-graded primary school at Kilijani. He was born in Nairobi and received his general education, having to quit and write after his work in a shop. He has been in journalism for 15 years.

## Mrs. Parker strangled

decree nisi. Mrs. Elton Parker, wife of Lt. Comdr. Michael Parker, was found guilty of the murder of her husband, who was the Duke of Edinburgh, who was shot in the London Docks Court on the 22nd. She was found guilty of the murder of her husband, who was the Duke of Edinburgh, who was shot in the London Docks Court on the 22nd.

Edinburgh continued. It is reported that the Government will consider the case of the late Mr. J. M. Smith, a director of the Kenya Power Co. Governor formerly opposed the case, but the Kenya Government has now asked him to investigate the case.

## U.S. REJECTS SOVIET PLAN

### U.S. REJECTS SOVIET PLAN

### DULLES FEARS HOAX

REJECTION of Russia's proposal for a summit conference in June, provided by a meeting of Foreign Ministers at Geneva in April to decide on an agenda, was announced yesterday by spokesmen of Nato, the United States and France.

Earlier, a State Department spokesman said he understood the Russian Note handed to the United States Embassy in Moscow on Friday, and still unpublished, had suggested Washington as the venue for the Foreign Ministers' Talks. It was believed that the American capital had also been mentioned for the summit conference.

### Fixing a date

The U.S. Secretary of State, Mr. Dulles, told his Press Secretary that the Russians had been in the Soviet Note to France last Saturday were not acceptable to the United States.

A letter from the Soviet Foreign Minister, Mr. Gromyko, to the French Foreign Minister, Mr. Pinxten, proposed that Foreign Ministers' conferences be held in Paris but only if preceded by agreement on a date in June for summit talks, and if the Foreign Ministers confirmed their work to deciding a summit agenda and the composition of the summit conference.

Mr. Dulles said those conditions would preclude the kind of meeting which the United States wanted—one which would advance the effort to allow tensions and resolve some significant issues existing between the United States and the Soviet Union.

### Mr. Lloyd at West Europe Council talks

The Foreign Secretary, Mr. Selwyn Lloyd, arrived in Rome yesterday for the opening of the Western European Union Council meeting.

He will fly on to Manila for the East Asian Council there.

Foreign Secretary Selwyn Lloyd is expected to visit Ankara tomorrow for further talks with the Turkish Government.

### CHANCES ARE EVEN

In Paris, a Nato spokesman said after the meeting of the Nato Permanent Council yesterday that there was a 50-50 chance of a summit conference unless the traditional diplomatic method was used and more dependable than meetings of Heads of Government.

### Pilotless bombers for W. Germany

The West German Defence Minister, Herr Strauss, has announced that he will accept a United States offer to supply pilotless bombers to West Germany.

The Minister's monthly meeting, which was held on Sunday, was attended by about 500 members as well as conventional members.

### Princess's suitor

Mr. Robin Douglas-Scott, British ambassador to Moscow, has announced that he has accepted a proposal from a Russian suitor for the hand of Princess Margherita of Savoia.

The Princess's monthly meeting, which was held on Sunday, was attended by about 500 members as well as conventional members.

### The loud tie speaks for itself...

Countess, made it quite clear that she was not interested in the proposal to strengthen his position by moving to Geneva.

It is compulsory for male members of the House of Commons to wear a necktie in the House.

When his friend visited Countess, she was wearing a necktie.

Countess, made it quite clear that she was not interested in the proposal to strengthen his position by moving to Geneva.

# LAST YEAR'S DOLLAR LOSS RECOUPED

## Reserve figures help markets

**B** RITAIN'S gold and dollar reserves rose by \$135,000,000 in February and stood at \$2,520,000,000 at the end of the month. In addition, there was a surplus of gold in the Reserve Bank's Treasury, and as a result Britain's dollar receipt from the E.P.U. this month will be \$13,000,000, bigger than last month.

The true gain in respect of February was £28,000,000, the highest on record since for the gain of £28,000,000 in October, 1958.

The Bank of England's gold and dollar reserves rose by £28,000,000 compared with gains of £28,000,000 for January, £28,000,000 for February, £28,000,000 for March, and £28,000,000 for October, and times of appreciation in the gold market.

On the exchange, the value of the dollar fell August and September, but has now recovered, and at an accelerating rate since November.

The run on sterling in August and September was the most serious since the war.

THE UNUSUAL

Esquire originals by unknown artists. The delightful manner of exaggerated sculpture. I like the way Grant's is a good example of making models of what nature has made.

deep violet against pale blue. Food seasoned with rare spices. I like a little restaurant with a complete lack of decor that is almost arrogant. And the more civilized and well equipped food. I like the idea of them being nothing to distract from the perfection of the meal. And the fine old Scotch they serve there. This book, locally written, prepared and published by the Coffee Board of Kenya, is a remarkable example of local effort. It does full justice to the coffee planter and is put another chapter in Kenya's short history. Throughout the pages of this book, which is illustrated with some fine photographs of the processes of coffee from tree to cup, there leap to the eye the names of men who have given so much in the service of their fellow planters, scientist and business men.

**WEST REJECTS SUMMIT PLAN**  
**MEEETING Gromyko conditions**  
**'not acceptable'**

**DULLES FEARS HOAX**  
 REJECTION of Russia's proposal for a summit conference in June, preceded by a meeting of Foreign Ministers at Geneva in April to decide on a summit, was announced yesterday by spokesmen of the United States and France.

Earlier, a State Department spokesman said the undersecretary the Russian note handed to the United States Ambassador in Moscow on Friday, and still unpublished, had suggested Washington as the venue for the Foreign Ministers' talks. It was believed that the American capital had also been mentioned for a summit conference.

**Fixing a date**  
 The U.S. Secretary of State, Mr. Dulles, told his Press Conference in Paris last Saturday was not acceptable to the United States.

A letter from the Soviet Foreign Minister, Mr. Gromyko, to the French Foreign Minister, M. Pinoux, had proposed that a Foreign Ministers' conference in April, but only if preceded by agreement on a date in June for a summit talks, and if the Foreign Ministers' conference was to be held in Washington.

Mr. Dulles said those conditions would preclude the kind of meeting which the United States wanted—no summit advance the effort to ally tensions and resolve some significant issues existing between America and Russia. The United States did not suggest a date to a fraud or a hoax and put the onus on the Russians to fix a date.

## I HAVE A RIGHT TO SAY SO...

Personally, I have been working on the engine line at Renault for 20 years. I started working at the shop to learn from the old masters. Little by little, I proved my capacities... until such time as I was appointed "engine-assembly specialist". And here, as I had, a foreman as the engine line. I feel therefore I am entitled to say that I am thoroughly familiar with my job. Besides, I am not the only one here in quality as such, as approximately one out of four in our group has been with the company for more than 20 years. Just like myself, these people represent the sturdy foundation of our team with the traditional traditions.

I am sure you discover my reasons to be proud of our firm... We know that, at Renault, the engine line is controlled down to a tenth of a millimetre and under, everything is carefully checked and there is no "rough" high quality work.

And, finally, concerning the process of production, I am fully conversant to the process of production, I am fully conversant to the process of production, I am fully conversant to the process of production.

Sales and customer service is a most important point by Renault and we maintain a strict discipline. Our Representatives abroad are equipped with the latest information. Moreover, how have we a factory-produced excellence available for your maintenance, drawing on a constant and complete knowledge throughout East Africa with expert on after-sales service. In fact, we are the Renault factory have a part on the engine line, including to put one of these obtained exclusively in the Renault plant, with a Specialized Maintenance Service, in all our East African plants. I am sure that you will be satisfied with the Renault motor-car.

THE I.C.A. STORY

I.C.A. does not stop engine deposits. Nothing can do that. But it neutralises them as they form in the combustion chambers and on the spark plugs of your engine. This prevents them glowing red-hot and firing the mixture with power loss and rough running. Thanks to I.C.A., your engine will always give you full performance and run more smoothly.

 The Story of Coffee in Kenya  
 by M. F. HILL

Large 110 x 9" x 7", pp. 411 and 452, with 48 full-page  
 photos and numerous other illustrations; cloth with  
 dust-wrapper in full color

Shs. 42/-

This book, locally written, produced and published  
 by the Coffee Board of Kenya, is a remarkable  
 example of local effort. It does full justice to  
 the coffee planters and is yet another chapter in Kenya's  
 short history. Throughout the pages of this book,  
 which is illustrated with some fine photographs of  
 the processes of coffee from tree to cup, there leap  
 to the eye the names of men who have given so  
 much to the success of our coffee plantations,  
 scientists and business men.

# WEST INDIES TO DRAW

## Quare Times not running in National

Quare Times, winner of the 1955 Grand National, will make his yearly Grand National on March 29 and the Clontarf Cup on March 31 because of the recurrence of an old leg injury.

Victor O'Brien, the Irish trainer, announcing this said: "After a careful knee operation to put off what has been a chronic inflammation, I will have another 'test' to see if it is a permanent injury. I am again this season but he will definitely have to be in the Grand National and the Clontarf Cup."

Quare Times was quoted as saying for the Grand National of the last Victoria Cup colt.

# TERRITORIES COME PLAN

## FOR NEW COLLEGES

**Constituent unit of E. Africa university EDUCATION SURVEY**

Further university college development in East Africa, within the scope of a study of the territories of which all colleges would be constituent units, should be considered, a White Paper recommends.

Issued jointly by the Governments of Kenya, Tanganyika, Uganda and Zanzibar, the White Paper indicates the general plan of development to meet increased demand for higher education during the next decade.

### Financial difficulties

It is based on the report of the working party on higher education in East Africa, and the official Government report on problems connected with the Royal Technical College.

The Governments point out that it would be some time before an East African university could be brought into being. In the meantime, they welcome proposals for the establishment of a University College in Nairobi and a University College of Tanganyika—the understanding that both institutions would be complementary to existing colleges, and not competitive with them.

### Pooling ideas on education in Africa

The Universities' Trust has agreed to finance a series of conferences for representatives from university colleges and other centres of higher education in Africa south of the Sahara and north of the Congo River. It was announced in London.

### U.S. satellite vanishes

#### POSSIBLE LANDING IN AFRICA SUGGESTED

MYSTERY yesterday surrounded the fate of America's second earth satellite, Explorer II, which disappeared after being launched from Cape Canaveral, Florida. Missile experts at the firing site thought it might have fallen into the Indian Ocean, Africa or into the South Atlantic. One expert said there was every indication the satellite did not function normally.

### MEMORIAL TO EMPIRE FALLEN

NEXT OF KIN of 3,500 members of the British Commonwealth Land Forces who died in the Second World War and have no known grave are being invited to attend the unveiling of a British memorial by their homes.

## LAST WHITE POLISH AIRPORT

**CLEANING** is the main purpose of the day at the new Nairobi Airport, which is being opened to traffic today. On the right, the Queen Mother will be seen in the honor of the 21st Anniversary of the Kenya Air Force. After inspecting a guard of honor, she will travel a car to the bottom of the terminal building. In the bottom left, the plane is being cleaned by Miss Jack. Below right, men are busy mopping and polishing the floor of the hall in the Terminal Building.

**LEFT**, a view of the new airport, which is a modern building. The Queen Mother is seen over the top of the airport to the right. At the moment the rain is falling, but a truck train will be sent to the bridge with a vehicle.

THE I.C.A. STORY

I.C.A. does not stop engine deposits. Nothing can do that. But it neutralises them as they form in the combustion chambers and on the spark plugs of your engine. This prevents them glowing red-hot and firing the mixture independently of the spark—the cause of power loss and rough running. Thanks to I.C.A., your engine will always give you full performance and run more smoothly.

# Disappointment at the cross- of Africa

The time was 4.30 p.m. on Saturday, March 20, 1954.

**AFTER** all the flurry and scurry of preparation, the Nairobi Airport was ready to receive into use on the cross-roads of the international air routes over Africa.

And, at 4.30, the Queen Mother was due to disembark at the airport officially open, in the sight of thousands of spectators of the airport.

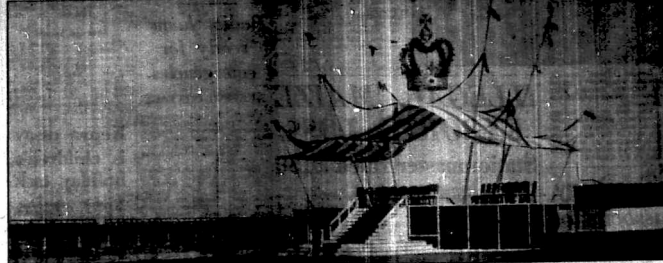

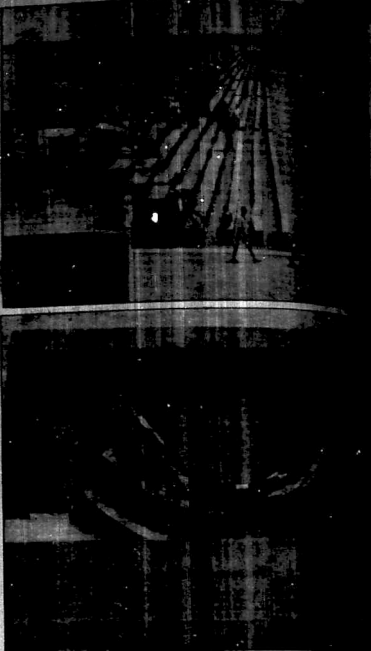

This is the story of their disappointment as follows: At the Terminal Building, the hinges of the clock seemed to have stopped. The sun shone on the deserted chairs.

Departed, too, were the men and boys of years in the ranks waiting for the school-buses and the crowd expected from all over Kenya. Only about 70 people lingered in the control of the airport waiting.

Up on the waiting lines, Mr. E. Pocher stood looking into the sky. He had been waiting long, and with so much more, he had to support the crowd. "What will be missing?"

"Our sympathies are with the Queen Mother," he said. "After such an occasion as this, she must be disappointed."

Down at the front of the line, the Royal Dads, accompanied by the huge crowd. They should have been the centre of the ceremony. General H. Vandenberg, the British High Commissioner, and the Governor of Kenya, Sir Robert Scott, were also present. The ceremony was postponed to the 21st March.

## NEWS OF DELAY ARRIVE

**NAIROBI** is the most disappointed city in the Commonwealth. Thousands of people listening to a broadcast on Saturday afternoon, were disappointed for Queen Mother on her way to open the new Elizabeth II airport at Embairiri.

Several days later they would realize that their money would have been a wasted effort. And so the day for the opening of the Queen Mother's visit to Kenya was put off.

Streets which should have been packed with cheering people, many of them waving the Queen Mother flag, were deserted. Only a few people were to be seen, and the possibility of a spectacular opening being postponed until February.

**First indications**  
The first indication that the Queen Mother would be delayed was received in Nairobi during the morning. This was confirmed before noon when it became known that the Queen Mother had not left Mauritius at the scheduled time—11 a.m. It was for some time delayed by a few minutes and then, possibly in return for the public which had been waiting for her, she finally took off at 12:30 p.m. All arrangements in Nairobi were requested in haste.

**Road patrols**  
The 12:30 p.m. broadcast came in time to stop most people from starting the journey to Embairiri and those who had already been on their way were told to stop. Police patrol stopped the few cars leaving the city to the airport road and instructed occupants that the ceremony would not take place until after 10:30 p.m. and that any vehicles which had been to the airport should make and return to the city immediately.

**DANGER OF CYCLONE**

TROPICAL storms in the Mauritius sea here further delayed the departure of Queen Elizabeth, the Queen Mother on her return journey to Britain from her tour of Australasia and New Zealand.

A Qantas Airways aircraft carrying a new cowling for the Queen Mother's Super Constellation, grounded at Mauritius with engine trouble, was forced to turn back to the Cocos Islands after running into storms.

**Bad weather may last**

The Queen Mother has been staying at Government House, Mauritius, since Saturday, when she was due to have opened Nairobi Airport. It had been hoped that by cutting out the proposed visit to Nairobi she would reach London today only 24 hours behind her original schedule.

"It is not yet known how long the Queen Mother will stay here," said a Qantas Airways spokesman. "She is expected to remain throughout today."

Tropical depression to the north-west and south-east of Mauritius have not yet reached cyclone form. The depression to the north-west, which is moving towards Mauritius, could develop into a cyclone and, if it comes to its present path, would reach the island, possibly in the next 24 hours.

The storm brought heavy rain and high winds, and threatened winds of gale force.

**PAINT STRIPPED FROM PIRATE**

It was stated that the coast Constabulary arrested a pirate ship off the coast of the Cocos Islands because of its lack of visibility and not because of any suspicion of piracy.

The vessel was a 10-ton motor launch on delivery one of the R.A.F. patrol boats on commission. One of the crew members was injured in a fight with the pirates. The vessel was damaged and the crew was taken to the island.

# FIRST PASSENGERS ARRIVE AT AIROB AIRPORT

## End of dust nuisance

First of the scheduled flights to arrive at the Nairobi Airport yesterday afternoon it became fully operational, was a B.O.A.C. Argonaut, carrying passengers from London.

The plane touched down shortly before midday on the 10,000-foot runway which the Argonaut pilot, Capt. V. G. Bamber, described as "wonderful" in its operation. Among the first passengers to alight from the plane was a Tanganyika P.W.D. employee, Mr. W. Rigby, who was returning to the territory after four months' leave in Britain.

It was said that the passengers who have alighted from the plane that they would be working at the new airport, the tower was given to them by the Government.

It was also said that the plane had been given to them by the Government.

**Advantage in rains**

The advantage of the new airport would become more marked when the rains came, for breaking their plumes on the wet tarmac would mean that the dust nuisance would be greatly reduced.

It was also said that the plane had been given to them by the Government.

**Early sightseers**

By 2.30 a.m. the first sightseers were already arriving at the airport, the first being a party of 10 from the United States.

It was also said that the plane had been given to them by the Government.

**2,000 vehicles**

Of the 2,000 operators it is estimated that 1,500 are in the country and the other 500 are in the city.

It was also said that the plane had been given to them by the Government.

**WELCOME ASSURED FOR QUEEN MOTHER**

Governor's hope of early visit

Messina, the Queen Mother has been sent to the Governor of Kenya, Sir Evelyn Baring, at Nairobi, who will be presenting her to the Governor of Nairobi Airport on Sunday.

**LOCUSTS ARE STAYING OUT OF KENYA**

Kenya's freedom from locusts is being assured by the Government, who have been successful in their operations to keep the locusts out of the country.

**NO DECISION ON AIRPORT CASKET**

The decision has been reached on the issue of the casket for the Queen Mother by the Government, who have decided to use a casket of their own design.

**ARRESTS AFTER PARVOLI THEFT**

Arrests have been made in connection with the theft of a Parvoli, a type of musical instrument, from a shop in Nairobi.

# Kenya political stalemate worries Church

## UNOFFICIAL VIEW

CHRISTIAN churches in Kenya are "profoundly concerned" with the political stalemate in the country, according to a statement published by the Christian Church in Kenya.

The statement, which is the first of a series of similar statements, calls for a first quarter of the year for the development of a national democratic constitution, which would be a step towards a more united and independent Kenya.

**PROPOSAL STRONGLY CRITICISED**

Association 'a glaring waste'

The proposal for the formation of a new political party, the Kenya People's Union, has been strongly criticised by the Christian Church in Kenya.

The church leaders believe that the proposal is a "glaring waste" of time and resources, and that it would only serve to prolong the political stalemate in the country.

**LOST WAY ON MOUNT KENYA**

Man's all-night ordeal

A TRAINER at Mathari Mission, Nyeri, Father James, was rescued by a police search party yesterday after spending the night lost on the slopes of Mount Kenya.

He was taken to hospital suffering from exhaustion and dehydration, and was found by a search party at about 3 p.m. It was discovered that Father James had become lost while on a training exercise on the mountain.

**DOCKERS GO TO THE POLLS**

UNION ELECTIONS

"Standard" Correspondent.

Members of the dockers' union in Kenya went to the polls yesterday to elect their representatives to the union's executive committee.

The election was held in a secret ballot, and the results were announced this morning. The union leaders expressed satisfaction with the results, which they believed would lead to a more effective and democratic union.

**Police stoned while helping injured men**

STOLEN CAR IN CRASH

"Standard" Correspondent.

Police officers who were helping injured men in a car crash were stoned by a mob of about 50 people in Nairobi.

The car, which was a stolen vehicle, had crashed into a wall, and the driver and passengers were injured. The police officers were helping the injured men to the hospital, but they were attacked by the mob.

**Brothers given two years for receiving**

"Standard" Correspondent.

Two brothers were given two years' imprisonment for receiving stolen goods in Nairobi.

The brothers were charged with receiving a stolen car, which had been found in their possession. The court found them guilty and sentenced them to two years' imprisonment.

**Desperate shortages**

"Standard" Correspondent.

There are desperate shortages of many essential goods in Nairobi, including food, clothing, and medicine.

The shortages are due to a combination of factors, including a lack of supply and a high demand for goods. The situation is expected to worsen if the current trends continue.

**Provost to be installed at Mombasa**

"Standard" Correspondent.

A provost is to be installed at Mombasa, a position that will be responsible for the administration of the city's police force.

The provost will be appointed by the Government and will report to the Commissioner of Police. The installation is expected to take place in the near future.

# LONG DELAYS IN RETURNING TO DISPLAY

TWO hours after it began to leave Nairobi Airport after an opening and fly display on Sunday evening there were still two lines of vehicles, mostly taxis, waiting to return to the airport.

The delay was caused by a breakdown in the traffic system, which prevented the vehicles from moving along the road. The airport authorities are investigating the cause of the delay.

**Five terrorists in custody last month**

Two terrorists were arrested and five others were in custody last month in connection with a series of attacks in Nairobi.

The arrests were made by the police and the Kenya Defence Forces. The terrorists are being held in custody and are being investigated for their involvement in the attacks.

**THEFT OF BEER AND CIGARETTES**

Three men were arrested in connection with the theft of beer and cigarettes from a shop in Nairobi.

The men were caught with a large quantity of stolen goods, including beer and cigarettes. They are being held in custody and are being investigated for their involvement in the theft.

**Mr. B. J. FLINT**

Mr. B. J. Flint, a member of the Kenya Legislative Council, has been appointed as the new member of the Council for the Nairobi constituency.

Mr. Flint is a well-known politician and has served in the Council for several years. He is expected to take office in the near future.

**New president Under the Standard Clock**

The Standard Clock, a well-known timepiece, has been used to mark the beginning of a new era in Kenya's history.

The clock is a symbol of the country's progress and development, and it is expected to continue to serve the people of Kenya for many years to come.

**Police suspended**

Several police officers have been suspended from duty in connection with a series of incidents in Nairobi.

The incidents involved the use of force and the mistreatment of citizens. The police officers are being investigated for their actions, and their suspension is a temporary measure.
