# AFRICAN HOUSING PROJECT DECISION TOMORROW

## Application for loan

THE CITY COUNCIL will decide tomorrow whether to apply to a Finance Committee of the Government for £16,000 to meet the cost of a high-class residential scheme.

It was reported last August, it was reported, that the Council had been asked to build this type of housing for the workers at a site near the King George V Colliery.

The scheme would cost £2,000 a house, it was said, and would cost £2,000.

The purchasers would

be liable to pay a charge for

the building of houses.

Such a scheme, described

as "unprecedented,"

had been urged by the

minister to lay a

plan and make a report

before the council

met on the 20th.

Proposed needs

It was decided to defer the

date of putting the

contract to the end of

September.

It added that there were

at least four houses,

but that there should

be a maximum ten-

normal circumstances.

Kenya anachronism

In view of real hardship experienced by the people, it should be possible for the Council to be approached for funds to help them.

# A QUICK LOOK INSIDE YEMEN

**THE YEMEN**, which borders on the Aden Protectorate and has been described by Britain as "one of the most primitive countries in the world," is a country which has had few Western visitors. In this page are some aspects of this "forbidding land"—from the people of its People to the striking architecture of its few towns. On the left is the Saber Statehouse [Gate of the Tribes] and the gate of the walled city of Sana'a, former capital of the Yemen. The gate is open every day at 9 p.m. Next is Sana'a's Castle of the Rock (right), which is used as a spring retreat by the spiritual and temporal leaders of the State, the Imam, King Ahmed. Below, the Yemeni version of Trapping the Devil at a parade before the moon;

King Ahmed (centre) with King Saud of Saudi Arabia after their meeting during his long sojourn, during which he was held captive for a short time by his brother Abdulla, but was released when Abdulla sold another brother, Abbas, to the British. Above, the Yemeni version of Trapping the Devil at a parade before the moon;

The central market of Taiz, present capital of the Yemen, where the currency of the country is used; it is the Maria Theresa dollar. Taiz became the capital soon after Ahmed secured power early in 1949, after the assassination of his father, King Yahya.

## Third success for A. J. Reber

**A. J. ROBERTSON**, 20, of **STANFORD**, California, has won the third position of **Mr. California** in the competition to be held at the **State Fair** in Sacramento on June 25. The aggregate of his scores in the 20 hours, with 72 and 73, were enough to bring him victory for the third time.

Robertson began in great style, winning the first two contests in the first hour, and went on to the most over-all points in the final hour, which was the last hour of the competition.

Married by black

Robertson's afternoon was marred by a gash of about 11½ inches on his left side. This was later diagnosed as a sprained muscle, and he had to give up otherwise his swimming would have been more comfortable.

In the evening the competition continued with the magnificence putting was made possible by the rain.

In second place came **Tommy Jones**, 20, of **Stanford**, who had 70 points in the first round of 18, and 78, giving him a total of 148. In third place, however, he had to give up the competition to the shadowed Robertson.

Third was **G. C. Shaver**, 20, of **Stanford**, with 70 and 80 equal 150. He also had to give up the competition, as he had to leave the competition to the shadowed Robertson.

However, as a measure

of protection, the State Fair officials have prohibited the shadowed Robertson from competing again.

Mexico took second place with 14,040 points, while the United States had 13,112, and Canada 12,112.

Mexico took second place with 14,040 points, while the United States had 13,112, and Canada 12,112.

Mr. Perry, the coach of the Mexican team, said: "The Mexican team is the best in the world."

The Mexican team, which included Captain Antonio Almeda was third with 12,211.

This is a scan of a historical newspaper page from May 1960. The page is filled with dense text and several large, bold headings for advertisements. At the top left, there's a notice for 'MUTER AND OSWALD LIMITED' regarding the sale of vehicles. The middle section features a prominent advertisement for 'RONEO' Office Systems, which includes a photograph of a stack of filing cabinets and a typewriter. To the right of the Roneo ad is another for 'CRAWFORD'S SCOTCH WHISKY'. Further down the page, there's an advertisement for 'INSTANT OATS' with a large image of a person eating oatmeal. The page also contains numerous smaller notices for services like 'SAVAGE AND BEARE LTD' for motor repairs and 'HIGGINSON, WISEMAN & CO. LTD.' for auctioneering.

## 22 win in succession

KENYA's return have won the 1957 inter-colonial games, the continental meet of the National Small-Boat Sailing Association, and a consecutive victory in all annual events since 1954.

The Kenya team, aggregate of 202 out of a possible 210, was the largest in the open sailing section, with 1,050 points, while the second with 1,040, in mixed section, was the highest-point African team.

The separate sailing section, which was won the first time by Kenya in 1954, had an aggregate of 1,057 out of a possible 1,060, points to just over seven less than the 1956 record.

### Also came equal third

Kenya came equal third in the separate sprints section; Kenya won the last two years.

Kenya won the last two years (1949 and 1950) and set a new record of 1,050 points for the latter year. Winning in 1950, a new record, of 1,045 points, was set up by Kenya in 1949 and 1950, and set a new record of 1,050 points for the next four years until, in 1955, it was beaten by Kenya in 1955, which still unequalled, of 1,071 points.

The individual records of the Kenya team in the three sections were: C. M. V. Trickey, 100-2; S. D. Franklin, 100-2; 197-1; G. P. Williams, 100-2; 197-1; A. E. K. 27-21-2; 197-1; A. O. Chisholm, 100-2; 197-1; and J. W. M. Agius, 100-2.

### Two quick goals beat Holland

Austria beat Holland 2-1 at Anstetten to win the European football championship, held in an international football match.

Fans Willems scored for Holland in the 10th minute, but Austria scored twice in the 15th minute, penalty, but Turkey centre-forward, Sait, equalised in the 20th minute in two minutes after ten minutes. Turkey won 2-1.

Brazil beat Paraguay 3-1 after winning international at Rio de Janeiro. The match was part of the South American preparation for both countries.

**NO PADDED SHOES BAN AT GAMES**

HIGH-JUMPERS can use the controversial 'bully' uppers in athletic events.

This is to effect, the result of the general meeting of the International Amateur Athletic Federation, held at Paris to amend the rules.

It has been asked to southern countries to build up their strength by consideration of the matter.

Under the I.F.A. and I.A.A.F.

rules, the international high-jumper must wear padded shoes, which are not allowed in the men's high-jump competition.

Now, the international high-jumper will be allowed to use padded shoes, which are not allowed in the men's high-jump competition.

Tiger defeats Ellaway in second round

DICK TIGER of Nigeria, British Empire middleweight champion, stopped Bill Ellaway in the fourth round of their semi-final bout fifth.

The contest ended only 10 seconds after the start when Ellaway fell on his face after the referee ruled him out.

Tiger, unopposed and only mistake being his failure to make use of his superior weight, was ready to Tiger's tearing left hook, which sent Ellaway to the floor and paved the way to the Nigerian victory.

**"BLACK & WHITE"**  
SCOTCH WHISKY

Every drop of "Black & White" whisky is genuine Scotch, distilled and bottled in Scotland. Connoisseurs invariably make "Black & White" their first choice — and with good reason for this fine Scotch has a flavour and character all its own.

A black and white photograph showing two small dogs, a Scottish Terrier (Scottie) and a West Highland White Terrier (Westie), sitting side-by-side. They are positioned in front of a dark bottle, possibly wine, which has a label with some text and a crest on it. The dogs appear to be looking towards the camera or slightly to their right.

## LAND-ROVER's 10-year lead

The 4-wheel drive Land-Rover was introduced in 1948. Today, available in two chassis lengths with a variety of body styles, its lead is unquestioned.

An impressively strong chassis; corrosion-proof alloy bodywork; all-weather passenger comfort; optional power take-off — these features, backed by the reputation of Rover engineering, have firmly established the Land-Rover in the world's markets. Since 1948, over 75% of the total production has gone overseas.

Land-Rover's performance, endurance and reliability have been proved over millions of miles. No other vehicle has given such valuable and versatile service to agriculture and industry; to government departments and the armed forces of the free world. When better Land-Rovers are made, the Rover Company will make them.

There's no substitute for  
the 4-wheel drive  
PETROL or DIESEL

# NAIROBI RUGBY SIDES DO WELL IN DISTRICTS

Good wins at Nyeri  
and at Londiani

WITH the Nairobi District Rugby champion, Police and the Enterprisers Cup holders, Hararens, engaged in their semi-final, Cup winner Nairobi side were given a good opportunity to prove themselves. They did not disappoint, emerging with an impressive victory over the Enterprisers.

At the School of Mines, Nairobi, on Saturday, April 27, Nairobi beat Enterprisers 21-12.

Both sides had been beaten in their previous matches.

Now the two sides

were to play each other again in the final.

Both sides had been beaten extremely well by the Hararens in their previous meetings.

Now came the point.
