# PLANS CHECK ON OVERTHROW OF PREMIERS

## Critics must provide an alternative programme

WITH the challenge to his Government's authority still growing in the West, Mr. Pimlin has announced that he is planning to rush through the French National Assembly constitutional reforms to strengthen the power of the Executive.

The Prime Minister's draft Bill, which has already been agreed on by the Cabinet, will be taken through both Houses next week, providing the Assembly takes the final step, the adoption of a resolution to modify the Constitution.

### Veto of Assembly

M. Pimlin's main proposals are—  
1-Delegation of powers to the Government to legislate by decree, with the aid of powers on any legislation proposed by the Assembly; Parliamentary powers would be reduced.  
2-A Government could only be overthrown on a censure motion setting out an alternative programme, and saying who would carry it.  
The Bill forms only the first phase of M. Pimlin's planned constitutional reforms. Later he hopes to bring about a modification of the structure of the French Government by the creation of a "Franc-Africa" community.

Mr. Pimlin, the Conservative leader, will be speaking on Thursday if he can be in the French before Paris and London. He has been in the French since he left the country several weeks ago. He has been in the French since he left the country several weeks ago.

There's more for your money than meets the eye in the Vauxhall

Yes, more than many a car around the price. Look at her. Nice lines. Soft, Laminex inside—and pretty roomy, too. But you want to dig deeper than that. Take her out and really try her. This isn't just fluffing the obvious features that turn the Victor into value. See how she loves top gear. That's the square engine saving you trouble and petrol. The car-bretter, too, is an economy build and really works at the job.

Look around. You can see all round—even the tips of all four wings (mainly for parking). Park her. Peel steering effort decrease as you increase lift; but how firmly the answers at speed? That's retracting ball-bearing another bonus. And there's the hydraulically-extended clutch; and accessories in all forward gear. The Victor is value. Go after me today.

# FRANCE CALLS DE GAULLE TO POWER

## Last-minute move to prevent civil war

GEN. DE GAULLE WAS CALLED TO POWER IN FRANCE YESTERDAY IN A DESPERATE ATTEMPT BY PRESIDENT COYT TO AVERT THE IMMINENT THREAT OF CIVIL WAR.

AS COMMUNIST STRIKERS DEMONSTRATED IN PARIS AND REPORTS CAME OF FIGHTING IN ALGERIAN LINES, THE GENERAL ISSUED A STATEMENT EXPRESSING HIS CONFIDENCE IN THE LEADERS OF THE ARMED FORCES.

### DOUBTS ON SOCIALISTS

President Coyt had invited Gen. de Gaulle to form a Government last night. It began when the general left his country home at 12 o'clock and drove at high speed to the capital. He was taken to a secret rendezvous for talks with Government emissaries and then drove off again, arriving at his home before dawn.

### Nakiet case, revival by Tunisia

President Coyt had decided to start in protest to the United Nations Security Council and the French brought the village of Salliet, south of the Algerian border, under military occupation. It was announced in Tunis, where demonstrators had gathered to protest the presence of French troops in Tunisia, that the French government had decided to withdraw its troops from Tunisia.

### DISAPPROVAL OF CORSEA

In these conditions, a man from whatever side who becomes public order will have grave consequences. It is a matter of life and death. The French government has decided to withdraw its troops from Tunisia.

**NEW BLOCK OF FLATS FOR CITY**  
**£125,000 project**

WORK is expected to start soon on Maitland's most ambitious flat project—a 10-story block providing accommodation for both single persons and families on an elevated site of Kirk Road.

The total cost of the project will be about £125,000. There will be 11 houses built and 20 family flats. In addition, seven maillots will be available nearby. The maillots are already under construction and are expected to be ready within a few weeks.

**Ference on foot**  
The man behind the scheme, Dr. V. R. Patel, said the African Standard: "There will be forty flats in every area of the sector. The aim is to provide more of the 'low income' residential in East Africa at present."

The launch of the building will be a first of its kind in the East African area. It will have a wide range of facilities and services, with a view to making it a powerful attraction for the public.

**Mr. Amalemba asks Europeans to make sacrifices**

**NEEDED FOR HARMONY**

A FRIANS were fighting for order in the Government because they believed this would mean that all the property now owned by the Europeans would automatically fall into the hands of the African's Minister for Housing, Mr. Amalemba, said at a public meeting at Njoro, on Monday.

"That is what they are fighting for—do you know the Government?", he added.

Mr. Amalemba said the belief in the Government had spread of people coming to the Government to ask for a new order of things.

"I would like to see the Europeans in the Government," he said. "I believe that the Government will have to give up many of the things most dear to them."

**Fear of insularity**  
To understand the actions of the African Ministers in the Legislative Council, he said, people must understand the background in which they are working. It is not that they do not believe in the truth, he said.

"They are African Ministers who are afraid of being used as a tool by the Europeans. They are afraid of being used as a tool by the Europeans. They are afraid of being used as a tool by the Europeans. They are afraid of being used as a tool by the Europeans."

# A DOUBLE-CRICKET RATION FOR LEAGUE

## Two share the lead on 34-point mark

THESE is a keen struggle in progress for the leadership of the Commercial Cricket League. With the programme well conducted, F.A. Dubois and J. M. C. Pratt led the table. There was a full league programme on Wednesday but the weather was too good for the players and only two teams to play, namely, the "Pond" and "The Boat" who both shared the lead.

The "Pond" had the best game, winning both on the main and secondary sides, while the "Boat" were beaten by one run on the main side and by three runs on the secondary side.

On Sunday, J. M. C. Pratt was captain for the "Pond" and F.A. Dubois for the "Boat". The "Pond" won both sides by one run each, while the "Boat" were beaten by one run on the main side and by three runs on the secondary side.

On Monday, J. M. C. Pratt was captain for the "Pond" and F.A. Dubois for the "Boat". The "Pond" won both sides by one run each, while the "Boat" were beaten by one run on the main side and by three runs on the secondary side.

## Difficulties in marketing of Robusta crop

Difficulties in marketing last year's robust crop of Mombasa coffee in Uganda were caused by an unprecedented high incidence of moths which caused marketing difficulties and caused a fall in the price of the crop. The Uganda Coffee Institute's annual report states that the crop was valued at £1,100,000 in the first six months of the year compared with £1,200,000 in the corresponding period last year.

Why users call it

# THE BEST BATTERY IN THE WORLD!

**EXTRA POWER** From its special high-discharge Exide plates, made of CB-15—the metal alloy processed by Exide to give better starting performance.

**EXTRA LIFE** From its microscopic plastic Poron separators—usually existing in battery service. Separators that can't wear down, even under deep-discharge.

**EXTRA STRENGTH** From its granular, super-quality Hard Rubber case—strong, vibration-proof, shock-resistant—and proof of heat, cold or the weather.

**ASTHMA**

Harding's Scotch Whisky is the only Scotch Whisky that is guaranteed to be free from any harmful substances.

**I like THE ORIGINAL**

Enjoys original by reputation. The delightful essence of rugged Scotland.

Like the winning in a chessmatch. Making moods of calm, calm. I like deep sleep against pale blue. Food wrapped with fire, spirit. I like a restorative with a complete lack of drowsiness and a complete lack of drowsiness.

The most excellent and well controlled food. I like the idea of there being nothing to add to the perfection of the meal. And the fine old Scotch Whisky from the "Glen"—poured with silent appreciation from the tall, straight bottle.

## COMPANY TAXATION WILL ARREST DEVELOPMENT

### Letters to the Editor

The position in the United States as to the taxation of corporations is a complex one. It is one that has long troubled the public mind and has led to the passage of many laws which have not only increased the burden of taxation but also have retarded the development of the country.

It is a well-known fact that the taxation of corporations in this country is one of the most onerous in the world. The rate of taxation is high and the system is complicated. This has led to the migration of many large corporations to other countries where the tax burden is lighter and the system is simpler.

The result of this has been a loss of jobs and a loss of revenue to the United States. It is a situation that must be corrected if the United States is to remain a world power.

A dispute between Nairobi City Council and a contractor has not yet been resolved. The contractor is claiming that the Council owes him a large sum of money for work done on the city's roads.

# SOMERSET CAUGHT ON A STUNNY N.Z. Zealander tourists' sixth victory

## Veronese out of Derby

LORD DERBY'S chance to win a 100-year anniversary was cut short by a rain-soaked run in the Derby at Epsom last Wednesday.

J. J. Walsh, the New Zealand captain, was the only one to be out of the Derby.

It was noted that the rain was not so much as it had been in the Derby.

"I wish we were in the Derby," said Mr. Walsh, "but I hope to see you in the rain."

# RAIN HITS COUNTY MATCHES

**WIDESPREAD** rain severely affected the county cricket programme, and the record for the week was poor.

Only a few matches were possible in the rain-soaked conditions.

Derby was the only match played, and it was a one-sided affair.

The rain was so heavy that the match was abandoned after 10 minutes.
