Abstract:

This paper investigates the role of collaboration and partnership in teacher education and development in Africa. Teacher education is important as it empowers the teachers with the necessary skills that are needed for bringing about development .We begin this paper by discussing types of teacher education in Africa. The paper goes on to discuss collaboration and partnership in teacher education and development and the parties that are involved in collaboration and partnership. We will also look at the consequences of collaboration and partnership in teacher education. The challenges experienced in teacher education. We will suggest solutions to these challenges. Key words: Teacher, Teacher education, Collaboration, Partnership, Development
