

Varsity welcomes new students

First year students during registration

Over 4,500 first year students have been admitted to the University of Nairobi for the Academic Calendar 2012/2013 which was set to commence in September.

The students were admitted in different schools to pursue various programmes. Before settling down for studies, the students went through a one-week orientation programme to acquaint them with the learning environment and the obligations of being a University of Nairobi student.

The highlight of the orientation week is the address by University officials and the Vice-Chancellor's address to new students which is normally set on Thursday of the opening week.

The University welcomes all new students who have been selected for various degree programmes and wish them success in their academic endeavors.
