

KPMG Graduate Recruitment Career Talk

KPMG, one of the big four audit firms, held a successful career fair in Lower Kabete Campus in association with the Accounting Students Association (ASA) on 19th March 2014. The successful talk which attracted more than two hundred students was held at the Lecture Theater targeting students in their fourth year who wish to pursue careers in the audit firm.

Key among the day's speakers was Mercyline Chemutai, a former chairperson of the Accounting Students Association amongst other alumni from Lower Kabete Campus. In addition to a thorough insight into the KPMG graduate recruitment program, the speakers discussed key issues in interviews and conducted a mock interview to some of the students present.
