

The Chairman of the Department of Sociology and Social Work Dr. Robinson Ocharo was the Guest Speaker during the 2nd Anniversary celebrations of the Miral Welfare Foundation. Miral Welfare Foundation (MWF) is a Non-profit international humanitarian and development organization that has been dedicated to serving the isolated and the needy by helping them to live better lives since its establishment in Korea in 1993. The Foundation started working in Kenya two years ago and has projects in Machakos and Kajiado. It is in the process of finalizing a Memorandum of Understanding with the Department of Sociology and Social Work aimed at connecting theory with practice in the area of welfare. Already some UoN students are undertaking their Social Work attachment at the foundation.

The occasion was held at the Nairobi Korean Church in Kasarani, and was attended by NUSWSA officials, Koreans living in Kenya and Kenyan beneficiaries of the foundation.
