

## **Chair surgery attends mentorship session at Lenana School**

Chairman department of surgery was invited on 28<sup>th</sup> May 2015 to give a talk to form three students on Medicine and surgery. This talk formed part of the mentorship programme in the school.

The [Labion Society](#) (formally called Old Yorkist Society) recently started this mentorship programme and this was the second session in the series. The response to the mentorship programme has been good from the old boys community.

The aim of the sessions is to assist the young students in among other thing open their eyes to career opportunities available once they leave school. Other objectives include;

- Widen the students world view through sharing knowledge and experiences from alumni
- Support soft skills development to ensure students maximise their potential in life
- Stimulate & develop a growth mentality culture
- Create a platform for feedback from students to alumni

These sessions it is hoped will shape them towards a future that expects "Nothing But The Best" from them.

The programme is coordinated by old boy, Eng. Okova Wangaki Derek.

Other invited speakers were;

[Amb \(Dr.\) Martin Kimani](#) who spoke on Serendipity and the Limits of Rigid Planning in Gaining Career Success and Mr. Wilson Malaba who spoke on Entrepreneurship
