

The 15th Annual Surgical Society of Kenya Conference concluded

Members of the department of surgery attended the recently completed Surgical Society of Kenya, 15th Annual Scientific Conference. This meeting was very well attended and received many good quality presentations. The meeting took place at the Leisure Lodge Resort in Diani from to March 24th to 25th, 2015.

This is an annual event bringing together surgeons from the region and is highlight of surgical activity in the country. The meeting discussed many matters relating to surgery from all perspectives.

Preconference programme included leadership training course, the Kenya Surgery Training Programmes forum and a haemorrhoidopexy training at Msambweni County Hospital.
