

Sweetpotato marketing, processing and utilization

On May 20-21, 2015, International Potato Centre held a workshop on Sweetpotato Marketing, Processing and Utilization at Qaribu Hotel, Waiyaki Way, Nairobi, Kenya. This workshop brought together researchers and processors in the sweet potato value chain with emphasis showcasing the practice and utilization of orange fleshed sweet potato in Africa. Discussions based on past achievements, current focus in research and trade as well as future research opportunities were elaborated. Dr. Abong' who is a researcher in root and tuber crops was among participants.
