

UoN to strengthen links with ArcelorMittal

The University of Nairobi (UoN) is in talks with ArcelorMittal, a mining company based in Liberia, on strengthening the existing relationship.

During the meeting, it was discussed and agreed that the University will continue building human capacity for ArcelorMittal. Currently, ArcelorMittal has six students in various degree programmes at the University.

According to Mr. Eric Swen, ArcelorMittal representative, the company will send more students to specialize in the areas of geology, information technology, engineering, medicine, procurement and logistics and natural sciences.

Prof. Henry Mutoro, the Deputy Vice-Chancellor, [Academic Affairs](#), said that the University has the capacity to train for the company. Prof. Mutoro noted that the University has provided the nation with a large pool of highly educated and trained professional and technical experts in a wide variety of disciplines and domains of human endeavor. Prof. Mutoro was speaking on behalf of the [Vice-Chancellor](#).
