

## **ONUSSS holds Elections for first and third year representatives**

*Student puts a filled ballot paper in a ballot box during the ONUSS 1st year and 3rd year representative elections*

[Organization of Nairobi University Science Students](#) (ONUSSS) has held elections for a first year and third year representative for 2015/2016. The students vying for the positions were majorly from [School of Physical Sciences](#) and [School of Mathematics](#). Out of eight contestants, two were female students.

The [University](#) has steered student leadership to mould wholesome students. Thus, the institution supports funding for student activities and also takes part in imparting leadership and management skills to student leaders during annual student leaders training. It also encourages free and fair elections of positions in the students' organizations by facilitating ballot equipment and security personnel during all elections.

After successful elections, the elected officials will be sworn in to office before embarking on official duties.

Organization of Nairobi University Science Students is the main student organization for science students in Chiromo campus. There are [16 additional student organizations](#) in the College.
