

## **Academic Field Trip for BVM 5 to Kapiti Ranch on Beef & Small Ruminant Production 30.10.2015**

*Bachelor of Veterinary Medicine Fifth year students being taken through dry-land sheep management at Kapiti Ranch during a field visit held on 30<sup>th</sup> October 2015.*

An academic field trip to Kapiti Ranch was carried out for Bachelor of Veterinary Medicine Fifth year students. During the trip, the students were given practical exposure to beef and small ruminant health and management. The students were exposed to breeding, disease control and feeding management among other practices.
